Form 41-101F3
Information Required in a Scholarship Plan Prospectus

General Instructions

- (1) This Form describes the disclosure required in a scholarship plan prospectus. Each Item of this Form outlines disclosure requirements. Instructions as to how to complete this Form are printed in italic type.*
- (2) The objective of the scholarship plan prospectus is to provide information about the scholarship plan that an investor needs in order to make an informed investment decision. This Form sets out specific disclosure requirements that are in addition to the general requirement under securities legislation to provide full, true and plain disclosure of all material facts relating to the securities to be distributed.*
- (3) Terms defined in National Instrument 14-101 Definitions, National Instrument 41-101 General Prospectus Requirements, National Instrument 81-105 Mutual Fund Sales Practices, National Instrument 81-106 Investment Fund Continuous Disclosure or National Instrument 81-107 Independent Review Committee for Investment Funds and used in this Form have the same meanings that they have in those national instruments except that references in those instruments to “mutual fund” must be read as references to “investment fund” or “scholarship plan” as the context requires.*
- (4) A scholarship plan prospectus must contain only the information that is mandated or permitted under this Form.*
- (5) A scholarship plan prospectus must present the information in each Part of this Form briefly and concisely, in the order provided for by this Form, and use only the headings and sub-headings stipulated in this Form except that sub-headings not required by this Form may be used where permitted under an Item in this Form.*
- (6) Specific instructions are sometimes provided in this Form for a single prospectus and a multiple prospectus. Portions of Part B and Part D of this Form generally refer to disclosure required for “a scholarship plan” in a “prospectus”. This disclosure must be modified as appropriate to reflect multiple scholarship plans covered by a multiple prospectus.*
- (7) National Instrument 41-101 requires that a prospectus be prepared using plain language and in a format that assists in readability and comprehension. For additional guidance, see the plain language principles listed in section 4.1 of Companion Policy 41-101 CP General Prospectus Requirements. If the use of technical terms is required, clear and concise explanations of those terms must be included.*
- (8) Respond as simply and directly to the requirements of this Form as is reasonably possible.*

(9) No reference need be made to inapplicable items and, unless otherwise required in this Form, negative answers to items may be omitted.

(10) Certain Items in this Form require that a prospectus include wording that is the same or substantially the same as set out in those Items. A scholarship plan may modify the prescribed wording to more accurately reflect its features if the wording does not apply to the plan.

(11) Unless otherwise stated, this Form does not mandate the use of a specific font size or style but the font used must be legible. If the prospectus is made available online, information must be presented in a way that is both readable online and can be printed in a readable format.

(12) A prospectus may contain photographs and artwork only if they are relevant to the business of the scholarship plan or members of the organization of the scholarship plan and are not misleading.

(13) A prospectus must not contain design elements (e.g., graphics, photos, artwork) that would, to a reasonable person, detract from the information disclosed in the document.

(14) If disclosure is required as of a specific date and there has been a material change or a change that is otherwise significant to a reasonable investor to the required information subsequent to that date, present the information as of the date of the change or a date subsequent to the change.

Contents of a Scholarship Plan Prospectus

(15) This Form permits two formats: a prospectus for a single scholarship plan and a multiple prospectus for multiple scholarship plans.

(16) A scholarship plan prospectus must consist of four parts as set out below. Part A is the Plan Summary. Parts B, C and D are collectively the Detailed Plan Disclosure. The Plan Summary and the Detailed Plan Disclosure together form the scholarship plan prospectus. The four parts may be further described as follows:

(a) Part A contains the responses to the Items in Part A of this Form. The information in this Part contains a summary of key information about investing in a scholarship plan.

(b) Part B contains the responses to the Items in Part B of this Form and contains introductory information about the scholarship plan and general information about the scholarship plan family.

(c) Part C contains the responses to the Items in Part C of the Form and contains plan-specific information about the scholarship plan(s) offered in the prospectus.

(d) Part D contains the responses to the Items in Part D of this Form and contains information about the scholarship plan organization, the persons and entities involved in running the scholarship plan, and the prospectus certificates.

Consolidation of Scholarship Plan Prospectuses into a Multiple Prospectus

(17) Section 3A.2 of National Instrument 41-101 requires that a scholarship plan prospectus must not be consolidated with one or more scholarship plan prospectuses to form a multiple prospectus unless the disclosure in each of the Part B and Part D sections of this Form is substantially similar for each scholarship plan. This provision permits a scholarship plan organization to create a document that contains the disclosure for a number of scholarship plans in the same family.

(18) Similar to a single prospectus, a multiple prospectus must consist of four segments:

(a) The first segment consists of a number of Part A sections of this Form. Each Part A section must contain the information required under Part A of this Form about a single scholarship plan. The information required by the Part A section must be disclosed separately for each scholarship plan in the multiple prospectus. Each Part A section in a multiple prospectus must start on a new page.

(b) The second segment contains the information required under Part B of this Form for the scholarship plans described in the document. There must not be more than one Part B section for all of the scholarship plans in the prospectus.

(c) The third segment consists of a number of Part C sections of this Form. Each Part C section must contain the information required under Part C of this Form about a single scholarship plan. The information required by the Part C section must be disclosed separately for each scholarship plan in the multiple prospectus. Each Part C section in a multiple prospectus must start on a new page.

(d) The fourth segment contains the information required under Part D of the Form for the scholarship plans described in the document. There must not be more than one Part D section for all of the scholarship plans in the prospectus.

Part A — Plan Summary for a Scholarship Plan

Item 1 — Information about the Plan

Include at the top of a new page a heading consisting of

- (a) the title “Plan Summary”,
- (b) the name of the scholarship plan to which the Plan Summary pertains and, if the scholarship plan has more than one class or series of securities, the name of the class or series of securities covered in the Plan Summary,
- (c) the type of scholarship plan,
- (d) the name of the investment fund manager of the scholarship plan, and
- (e) the date of the Plan Summary.

INSTRUCTIONS

(1) The title “Plan Summary” and the name of the scholarship plan must be in bold type using a substantially larger font size than the other headings and text in the Plan Summary.

(2) The “type of scholarship plan” refers to whether the scholarship plan is a group scholarship plan, individual or family scholarship plan.

(3) The date for a Plan Summary that is filed as part of a preliminary scholarship plan prospectus or scholarship plan prospectus must be the date of the certificate of the scholarship plan required under Part D of this Form.

Item 2 – Withdrawal and Cancellation Rights

Immediately following the disclosure in Item 1, state the following using the same or substantially similar wording, with the last two sentences in bold type:

This summary tells you some key things about investing in the plan. You should read this Plan Summary and the Detailed Plan Disclosure carefully before you decide to invest.

If you change your mind

You have up to 60 days after signing your contract to withdraw from your plan and get back all of your money.

If you (or we) cancel your plan after 60 days, you’ll get back your contributions, less sales charges and fees. You will lose the earnings on your money. Your

government grants will be returned to the government. **Keep in mind that you pay sales charges up front. If you cancel your plan in the first few years, you could end up with much less than you put in.**

INSTRUCTION

The prescribed wording in this Item must be presented using a substantially larger font size relative to the rest of the text of the Plan Summary.

Item 3 – Description of the Scholarship Plan

(1) Under the heading “What is the [*insert type of scholarship plan*] scholarship plan?”, state the following using the same or substantially similar wording:

The [*insert name of plan*] is a [*insert type of plan*] scholarship plan designed to help you save for a child’s post-secondary education. When you open your [*insert name of plan*], we will apply to the Canada Revenue Agency to register the plan as a Registered Education Savings Plan (RESP). This allows your savings to grow tax-free until the child named as the beneficiary of the plan enrolls in their studies. The Government of Canada and some provincial governments offer government grants to help you save even more. To register your plan as an RESP, we need social insurance numbers for yourself and the child you name in the plan as the beneficiary.

In a [*insert type of plan*] scholarship plan, you are part of a group of investors. Everyone’s contributions are invested together. When the plan matures, each child in the group shares in the earnings on that money. Your share of those earnings plus your government grant money is paid to your child as educational assistance payments (EAPs).

There are two main exceptions. Your child will not receive EAPs, and you could lose your earnings, government grants and grant contribution room, if:

- your child does not enrol in a school or program that qualifies under this plan,
- or
- you leave the plan before it matures.

(2) For a group scholarship plan, state the following using the same or substantially similar wording, in bold type:

If you leave the plan, your earnings go to the remaining members of the group. However, if you stay in the plan until it matures, you might share in the earnings of those who left early.

INSTRUCTION

If the scholarship plan allows a subscriber to name more than one beneficiary at a time, amend the wording in section (1) to refer to multiple children or beneficiaries.

Item 4 – Suitability

(1) For a group scholarship plan, under the heading “Who is this plan for?”, state the following using the same or substantially similar wording:

A group scholarship plan can be a long-term commitment. It is for investors planning to save for a child’s post-secondary education and who are fairly sure that:

- they can make all their contributions on time
- they will stay in the plan until it matures
- their child will attend a qualifying school and program under the plan

[Insert, for plan providers that also offer an individual or family scholarship plan - If this doesn’t describe you, you should consider another type of plan. For example, an individual or family plan has fewer restrictions. See the Plan Summar[y/ies] for our [insert as applicable – individual plan/family plan/ individual and family plans] or pages [insert applicable page references] in the Detailed Plan Disclosure for more information.]

(2) For an individual or family scholarship plan, under the heading “Who is this plan for?”, state the following using the same or substantially similar wording:

[Insert, as applicable – An individual/ A family] scholarship plan is for investors planning to save for a child’s post-secondary education and who are fairly sure that:

- *[Insert, for family plans only - they want to save for more than one child at a time]*
- they want more flexibility over when and how much to contribute to their plan
- *[Insert, for individual plans only - their child will attend a qualifying school and program under the plan]*
- *[Insert, for family plans only - one or more of their children will attend a qualifying school or program under the plan]*

[Insert, for plan providers that also offer a group scholarship plan - The [insert name of plan] generally has fewer restrictions and is more flexible than our group scholarship plan.]

Item 5 – The Plan’s Investments

Under the heading “What does the plan invest in?”, state the following using the same or substantially similar wording:

The plan invests mainly in [*specify the plan's primary investments*]. The plan's investments have some risk. Returns will vary from year to year.

INSTRUCTION

The disclosure must state the type or types of securities, such as mortgages, bonds, government treasury bills, or equity securities, as applicable, in which the plan will be primarily invested under normal market conditions.

Item 6 – Contributions

(1) For a group scholarship plan, under the heading “How do I make contributions?”, state the following using the same or substantially similar wording:

With your contributions, you buy one or more “units” of the plan. These units represent your share of the plan. You may pay for them all at once, or you may make [*state the most common contribution frequency options*] contributions.

You may change the amount of your contribution as long as you make the minimum contribution permitted under the plan. You may also change your contribution schedule after you've opened your plan. [*Insert if applicable – A fee applies.*]All of the different contribution options for the plan are described in the Detailed Plan Disclosure, or you can ask your sales representative for more information.

(2) For an individual or family scholarship plan, under the heading “How do I make contributions?”, briefly describe how a subscriber can make contributions to their scholarship plan.

(3) State (i) the minimum total investment and (ii) the minimum amount per contribution, permitted under the scholarship plan's rules.

INSTRUCTIONS

(1) The disclosure regarding contribution frequency options in the first paragraph of subsection (1) of Item 6 must make reference only to the most commonly selected contribution options, and not to each contribution option that is available to a subscriber.

(2) If the individual or family scholarship plan uses the concept of “units” or has prescribed schedules for making contributions, this fact must be described in the required disclosure for subsection (2) of Item 6, using wording that is similar to the wording in subsection (1) of Item 6.

(3) For the purposes of the disclosure required under subsection (3) of Item 6, the “minimum total investment permitted under the scholarship plan's rules” must be stated as (i) a dollar amount or (ii) a quantity of units or securities of the scholarship plan (if

applicable) and the “minimum amount per contribution under the plan’s rules” must be stated as a dollar amount.

Item 7 – Payments

(1) Under the heading “What can I expect to receive from the plan?”, state the following using the same or substantially similar wording:

In your child’s first year of college or university, you’ll get back your contributions, less fees. You can have this money paid to you or directly to your child.

(2) For a group scholarship plan, state the following using the same or substantially similar wording:

Your child will be eligible to receive EAPs in their [*state, as applicable* - first, second, third and fourth] year[s] of post-secondary education. [*See instruction (1)*] For each year, your child must show proof they are enrolled in a school and program that qualifies under this plan to get an EAP.

(3) For an individual or family scholarship plan, briefly describe when EAPs can be paid to a beneficiary, and whether EAPs can be paid in one year or must be paid in instalments for each year of eligible studies.

(4) State the following, in a separate paragraph:

EAPs are taxed in the child’s hands.

INSTRUCTIONS

(1) If the group scholarship plan has multiple options for paying EAPs, disclose the other options in the disclosure in subsection (2) of Item 7, using a similar format.

(2) For the disclosure in subsection (3) of Item 7, the format set out for the disclosure in section (2) must be used.

Item 8 – Risks

(1) Under the heading “What are the risks?”, state the following using the same or substantially similar wording:

If you do not meet the terms of the plan, you could lose some or all of your investment. Your child may not receive their EAPs.

(2) For a group scholarship plan, state the following using the same or substantially similar wording:

You should be aware of five things that could result in a loss:

1. You leave the plan before the maturity date. People leave the plan for many reasons. For example, if their financial situation changes and they can't afford their contributions. If your plan is cancelled more than 60 days from signing your contract, you'll lose part of your contributions to sales charges and fees. You'll also lose the earnings on your investment and your government grants will be returned to the government.

2. You miss contributions. If you want to stay in the plan, you'll have to make up the contributions you missed. You'll also have to make up what the contributions would have earned if you had made them on time. This could be costly.

If you have difficulty making contributions, you have options. You can reduce or suspend your contributions, transfer to another of our plans or to an RESP offered by a different provider, or cancel your plan. Restrictions and fees apply. Some options will result in a loss of earnings and government grants. *[Insert if applicable - If you miss a contribution and don't take any action within [insert the number of months] months, we may cancel your plan].*

3. You miss or your child misses a deadline. This can limit your options later on. You could also lose the earnings on your investment. Two of the key deadlines for this plan are:

- **Maturity date – the deadline for making changes to your plan**
You have until the maturity date to make changes to your plan. This includes switching the plan to a different child, changing the maturity date if your child wants to start their program sooner or later than expected, and transferring to another RESP. Restrictions and fees apply.
- **[Insert date] - the EAP application deadline**
If your child qualifies for an EAP, he or she must apply by *[insert date]* before each year of eligible studies to receive a payment for that year. Otherwise, your child may lose this money.

4. Your child doesn't go to a qualifying school or program. For example, *[State the types of programs or institutions that generally do not qualify for EAPs under the plan]* don't qualify for EAPs under this plan. *[Insert, if applicable – Under this plan, fewer programs will qualify for an EAP than would otherwise qualify under the government's rules for RESPs. See the Detailed Plan Disclosure for more information.]* If your child will not be going to a qualifying school or program under this plan, you have the option to name another child as beneficiary, transfer to another of our plans or to an RESP offered by a different provider, or cancel your plan. Restrictions and fees apply. Some options can result in a loss of earnings and government grants.

5. Your child doesn't complete their program. Your child may lose some or all of their EAPs if he or she takes time off from their studies, does not complete all required courses in a year or changes programs. [*Insert if applicable - In some cases, your child may be able to defer an EAP for up to [insert number of years] year[s]. [Insert, if applicable - Deferrals are at our discretion.]*]

(3) For an individual or family scholarship plan, list no more than 5 situations that could result in a loss of earnings in the scholarship plan for subscribers or EAPs for the beneficiary. Briefly describe the losses that could result in these outcomes as well as some options to mitigate this loss.

(4) State the following, in bold type:

If any of these situations arise with your plan, contact us or speak with your sales representative to better understand your options to reduce your risk of loss.

INSTRUCTIONS

(1) For an individual or family scholarship plan, the disclosure required in subsection (3) of Item 8 must include the following situations: a subscriber leaving a scholarship plan before it matures, a beneficiary failing to enrol in a qualifying school or program, and the subscriber or beneficiary failing to meet the scholarship plan's key deadlines.

(2) If the individual or family scholarship plan uses the concept of units paid for under a fixed contribution schedule, or otherwise requires subscribers to follow a prescribed schedule for making contributions to the scholarship plan, the disclosure required in subsection (3) of Item 8 must also include a situation in which a subscriber misses one or more contributions.

(3) The disclosure in subsection (3) of Item 8 must use a similar format and structure as the disclosure required for group scholarship plans in section (2).

Item 9 – Cancellation Rate

For a group scholarship plan, using the margin of the page, add a sidebar under the heading “What are the risks?”, and state the following using the same or substantially similar wording with the title of the sidebar in bold type:

Cancellation Rate

Of the last five beneficiary groups of the [*insert name of group scholarship plan*] plan to reach maturity, an average of [*see the Instructions*]% of the plans in each group were cancelled before their maturity date.

INSTRUCTIONS

(1) To calculate the average percentage as required under Item 9, do the following:

- (a) for each of the last five beneficiary groups in the group scholarship plan to reach maturity, calculate the percentage of scholarship plans in the beneficiary group that were cancelled before their maturity date, and*
- (b) calculate the simple average of the five percentages calculated pursuant to Instruction 1(a).*
- (2) For a beneficiary group referred to in Instruction (1)(a), calculate the percentage of the scholarship plans in each beneficiary group that were cancelled before their maturity date by dividing x by y , where*
- x = the number of scholarship plans with the same maturity date that were cancelled before maturity, and*
- y = the total number of scholarship plans with the same maturity date, including plans with the same maturity date that were cancelled before maturity.*
- (3) For the purposes of the disclosure required under Item 9, a “plan that was cancelled before maturity” is a scholarship plan that is not eligible to receive a share of the EAP account as at the maturity date because the total contributions required by the subscriber’s contract have not been made by the maturity date. The number of scholarship plans with the same maturity date that did not reach maturity will be the difference between the total number of scholarship plans with the same maturity date and the number of scholarship plans that matured.*
- (4) Subject to Instruction (6), the number of scholarship plans with the same maturity date consists of every scholarship plan sold to subscribers who selected the same maturity date, including scholarship plans that were cancelled or transferred before maturity.*
- (5) For the purposes of calculating the percentage of scholarship plans in a beneficiary group that were cancelled before maturity, a scholarship plan whose subscriber changed the maturity date to an earlier date is considered to have the earlier maturity date and must be included in the calculations for the beneficiary group with the earlier maturity date. Similarly, a scholarship plan whose subscriber changed the maturity date to a later date is considered to have the later maturity date and must be included in the calculations for the beneficiary group with the later maturity date.*
- (6) Do not include a plan in the calculation of x or y under Instruction (2) if the subscriber withdrew from their scholarship plan within 60 days of the signing the contract to open the scholarship plan and received back all of their contributions and fees paid.*

Item 10 – Costs

(1) Under the heading “How much does it cost?”, provide information, in the form of the following tables, about the fees and expenses of the scholarship plan. Introduce the tables using the following wording or wording that is the same or substantially similar:

There are costs for joining and participating in the plan. The following tables show the fees and expenses of the plan. *[Insert, if applicable - The fees and expenses of this plan are different than the other plans we offer.]*

Fees you pay

These fees are deducted from the money you put in the plan. They reduce the amount that gets invested in your plan, which will reduce the amount available for EAPs.

Fee	What you pay	What the fee is for	Who the fee is paid to
Sales charge	<i>[Specify amount]</i>	This is the commission for selling your plan	<i>[Insert name of entity]</i>
Account maintenance fee	<i>[Specify amount]</i>	<i>[Specify the purpose of the fee]</i>	<i>[Insert name of entity]</i>
<i>[Insert if applicable - Insurance Premium]</i>	<i>[Specify amount]</i>	This is for insurance that makes sure your contributions continue if you die or become totally disabled.	<i>[Insert name of entity]</i>

Fees the plan pays

You don't pay these fees directly. They're paid from the plan's earnings. These fees affect you because they reduce the plan's returns, which reduces the amount available for EAPs.

Fee	What the plan pays	What the fee is for	Who the fee is paid to
Administrative fee	<i>[Specify amount]</i>	This is for operating your plan.	<i>[insert name of entity]</i>

(2) If the sales charge listed in the “Fees you pay” table required by subsection (1) is deducted from contributions at a higher rate in the early period of participating in the scholarship plan, add a sidebar under the heading “How much does it cost”, using the margin of the page adjacent to the table titled “Fees you pay” , and state the following using the same or substantially similar wording with the title of the sidebar in bold type:

Paying off the sales charge

If, for example, you buy one unit of the plan on behalf of your newborn child, and you commit to paying for that unit by making monthly contributions until your plan's maturity date, then, based on how the sales charge is deducted from your contributions, it will take [insert number of months] months to pay off the sales charge. During this time, [insert percentage]% of your contributions will be invested in the plan.

(3) Using the margin of the page adjacent to the table titled “Fees the plan pays” , add a sidebar under the heading “How much does it cost?”, and state the following using the same or substantially similar wording with the title of the sidebar in bold:

Other fees

Other fees apply if you make changes to your plan. See page [specify page number] in the Detailed Plan Disclosure for details.

INSTRUCTIONS

(1) The tables must only summarize the most common fees that (i) all subscribers to the scholarship plan are required to pay or (ii) the scholarship plan is required to pay, as applicable. Do not include the entire list of fees required to be disclosed under Items 14.2 and 14.3 of Part C of the Form, or any of the fees required to be disclosed under Item 14.4 and 14.5 of Part C of the Form. Each fee must be listed in a separate row of the applicable table.

(2) If there are certain types of fees listed in the tables required under Item 10 above that are not payable, either by subscribers or the scholarship plan, in respect of the

scholarship plan described in the Plan Summary, amend the tables as is necessary to reflect that fact.

(3) If certain fees listed in the tables required under Item 10 above are normally combined into a single fee payable by either the subscriber or the scholarship plan as applicable, the tables may be amended as is necessary to accurately reflect that fact.

(4) State the amount of each fee listed in the tables. In the table titled “Fees you pay” state the amount(s) in the column titled “What you pay”. In the table titled “Fees the plan pays” state the amount(s) in the column titled “What the plan pays”. The amount of each fee must be disclosed based on how the fee is calculated. For example, if a particular fee is calculated as a fixed dollar amount per unit, or a fixed amount per year, it must be stated as such. Similarly, if a fee is calculated as a percentage of the scholarship plan’s assets, that percentage must be stated. A statement or note that a fee is subject to applicable taxes, such as goods and services taxes or harmonized sales taxes, is permitted, if applicable.

(5) For a group scholarship plan or other type of scholarship plan that normally calculates the sales charge payable as a fixed dollar amount linked to the amount of contribution by a subscriber (i.e. x.x x\$ per unit), in addition to stating the fixed amount of sales charge per unit as required under Instruction (3), the disclosure of the amount of the sales charge in the table titled “Fees you pay” in the column titled “What you pay” must also be expressed as a percentage of the cost of a unit of the scholarship plan. If the total cost of a unit of the scholarship plan varies depending on the contribution option or frequency selected, the percentage sales charge must be expressed as a range, between the lowest and the highest percentage of the unit cost the sales charge can represent, based on the different contribution options available to subscribers under the scholarship plan. This must be calculated as follows: (i) divide the sales charge per unit by the contribution option that has the highest total cost per unit, and (ii) divide the sales charge per unit by the contribution option that has the lowest total cost per unit. For example, if a scholarship plan calculates its sales charge as \$200/unit, and the total cost per unit for a subscriber can range from \$1000 to \$5000 (based on the different options available to subscribers), the percentage range of the sales charge disclosed in the table would be 4% (200/5000) to 20% (200/1000). The disclosure in the table must also state that the exact percentage of the sales charge per unit for a subscriber will depend on the contribution option selected for contributing to the scholarship plan and how old their beneficiary is at the time they open the scholarship plan.

(6) For the table titled “Fees you pay”, in the column titled “What you pay” describe how the fee is deducted from contributions if the amount deducted from each contribution is not the same. For example, if deductions for sales charges are not made from each contribution at a constant rate for the duration of a subscriber’s investment in the scholarship plan or the duration for which contributions are required to be made if it is less than the scholarship plan’s duration, describe the amounts from contributions that are deducted for sales charges.

(7) In both tables, in the column titled “What the fee is for” provide a concise explanation of what the fee is used for, using the same or substantially similar wording provided above in the tables.

(8) In both tables, in the column titled “Who the fee is paid to”, state the name of the entity to which the fee is paid, e.g. the investment fund manager, the portfolio manager, the principal distributor or dealer, the foundation, etc.

(9) For the table titled “Fees the plan pays”, the independent review committee fee must be disclosed as the total dollar amount paid in connection with the independent review committee for the most recently completed financial year of the scholarship plan.

(10) Disclosure of insurance premiums in the “Fees you pay” table is permitted only if the scholarship plan requires a subscriber to purchase insurance coverage in a jurisdiction in which the scholarship plan’s securities are being distributed. If the scholarship plan’s rules only require insurance coverage to be purchased by subscribers in some, but not all jurisdictions in which the scholarship plan’s securities are distributed, then include disclosure stating the jurisdictions in which the scholarship plan requires subscribers to purchase insurance, under the heading titled “What the fee is for” in that table.

(11) The disclosure required under subsection (2) of Item 10 must be based on the following assumptions: (i) the beneficiary is a newborn, (ii) the subscriber is purchasing one unit of the scholarship plan, (iii) the subscriber has agreed to a monthly contribution schedule with contributions payable until the scholarship plan’s maturity date, and (iv) all of the mandatory fees that are normally deducted from a subscriber’s contributions are deducted during the relevant period.

(12) For the disclosure required in subsection (2) of Item 10, if the scholarship plan does not offer units but uses a similar method for deducting sales charges as is described under subsection (2) of Item 10, the wording may be amended as is necessary to properly reflect the scholarship plan’s features.

(13) The “Other fees” sidebar required under subsection (3) of Item 10 refers to fees for specific transactions, such as changing a beneficiary, that are described in the table titled “Transaction Fees” in Item 14.4 of Part C of the Form.

Item 11 – Guarantees

Under the heading “Are there any guarantees?”, state the following using the same or substantially similar wording:

We cannot tell you in advance if your child will qualify to receive any payments from the plan or how much your child will receive. We do not guarantee the amount of any payments or that the payments will cover the full cost of your child’s post-secondary education.

Unlike bank accounts or GICs, investments in scholarship plans are not covered by the Canada Deposit Insurance Corporation or any other government insurer.

Item 12 – For More Information

(2) State the name, address and toll-free telephone number of the investment fund manager of the plan and, if applicable, state the e-mail address and website of the investment fund manager of the plan.

[Insert as applicable - PRELIMINARY/ PRO FORMA] PROSPECTUS

Item 2 — Inside Cover Page

2.1 — Introduction

Starting on a new page on the inside cover page under the heading “Important information to know before you invest”, include an introduction to the information provided in response to sections 2.2, 2.3, and 2.4 of this Part using the following wording:

The following is important information you should know if you are considering an investment in a scholarship plan.

2.2 — No Social Insurance Number

Under the sub-heading “No social insurance number = No government grants, no tax benefits”, state the following using the same or substantially similar wording with the last paragraph in bold type:

We need social insurance numbers for you and each child named as a beneficiary under the plan before we can register your plan as a Registered Education Savings Plan (RESP). The *Income Tax Act* (Canada) won’t allow us to register your plan as an RESP without these social insurance numbers. Your plan must be registered before it can:

- qualify for the tax benefits of an RESP, and
- receive any government grants.

You can provide the beneficiary’s social insurance number after the plan is open. If you don’t provide the beneficiary’s social insurance number when you sign your

contract with us, we'll put your contributions into an unregistered education savings account. During the time your contributions are held in this account, we will deduct sales charges and fees from your contributions as described under "Costs of investing in this plan" in the prospectus. You will be taxed on any income earned in this account.

If we receive the beneficiary's social insurance number within [*insert the number of months - see Instruction (1)*] months of your application date, we'll transfer your contributions and the income they earned to your registered plan.

If we do not receive the social insurance numbers within [*insert number of months - see Instruction (1)*] months of your application date, we'll cancel your plan. You'll get back your contributions and the income earned, less sales charges and fees. Since you pay sales charges up front, you could end up with much less than you put in.

If you don't expect to get the social insurance number for your beneficiary within [*insert number of months - see Instruction (1)*] months of your application date, you should not enrol or make contributions to the plan.

INSTRUCTIONS

(1) State the maximum number of months after the application date of a subscriber's plan the following which the investment fund manager will cancel the scholarship plan for failure to provide the social insurance numbers required for registering the scholarship plan as an RESP.

(2) If the scholarship plan's rules do not permit a subscriber to open the plan or accept contributions without the beneficiary's social insurance number, amend the disclosure in this section to reflect that fact.

2.3 — Payments Not Guaranteed

(1) Following the disclosure required under section 2.2, state the following, on the inside cover page under the sub-heading "Payments not guaranteed", using the same or substantially similar wording:

We cannot tell you in advance if your beneficiary will qualify to receive any educational assistance payments (EAPs) [*insert, if applicable – or any discretionary payments*] from the plan or how much your beneficiary will receive. We do not guarantee the amount of any payments or that they will cover the full cost of your beneficiary's post-secondary education.

(2) For a group scholarship plan, under the sub-heading "Payments from group plans depend on several factors", state the following using the same or substantially similar wording:

The amount of the EAPs from a group plan will depend on how much the plan earns and the number of beneficiaries in the group who do not qualify for payments.

(3) If the scholarship plan provides for any discretionary payments, immediately following the disclosure required under subsection 2.3(1) or 2.3(2), as applicable, list the discretionary payments that may be provided and state the following using the same or substantially similar wording with the first sentence in bold type:

Discretionary payments are not guaranteed. You must not count on receiving a discretionary payment. The [*insert the name of the entity funding the discretionary payment*] decides if it will make a payment in any year and how much the payment will be. If the [*insert the name of the entity funding the discretionary payment*] makes a payment, you may get less than what has been paid in the past.

(4) Under the sub-heading “Understand the risks”, state the following using the same or substantially similar wording in bold type:

If you withdraw your contributions early or do not meet the terms of the plan, you could lose some or all of your money. Make sure you understand the risks before you invest. Carefully read the information found under “Risks of investing in a scholarship plan” and “Risks of investing in this plan” in this Detailed Plan Disclosure.

2.4 — Withdrawal and Cancellation Rights

Under the sub-heading “If you change your mind”, state the following using the same or substantially similar wording with the last two sentences in bold type:

You have up to 60 days after signing your contract to withdraw from your plan and get back all of your money.

If you (or we) cancel your plan after 60 days, you’ll get back your contributions, less sales charges and fees. You will lose the earnings on your money. Your government grants will be returned to the government. **Keep in mind that you pay sales charges up front. If you cancel your plan in the first few years, you could end up with much less than you put in.**

(2) Use the terms set out in section 4.2 in the prospectus to facilitate comparability between scholarship plans.

Item 5 — Overview of Scholarship Plans

Provide, at the top of a new page, the heading “Overview of our scholarship plan[s]”.

5.2 — Description of Scholarship Plans

Under the heading “What is a scholarship plan?”, state the following using the same or substantially similar wording:

A scholarship plan is a type of investment fund that is designed to help you save for a beneficiary's post-secondary education. Your plan must be registered as a Registered Education Savings Plan (RESP) in order to qualify for government grants and tax benefits. To do this, we need social insurance numbers for you and the person you name in the plan as your beneficiary.

You sign a contract when you open a plan with us. You make contributions under the plan. We invest your contributions for you, after deducting applicable fees. You will get back your contributions, less fees, whether or not your beneficiary goes on to post-secondary education. Your beneficiary will receive educational assistance payments (EAPs) from us if they enrol in eligible studies and all the terms of the contract are met.

Please read your contract carefully and make sure you understand it before you sign. If you or your beneficiary does not meet the terms of your contract, it could result in a loss and your beneficiary could lose some or all of their EAPs.

5.3 — List of Scholarship Plans Offered

(1) If the investment fund manager offers more than one type of scholarship plan, under the heading “Types of plans we offer”, list the scholarship plans offered.

(2) State, as applicable, that there are differences in the enrolment criteria, contribution requirements, fees, eligible studies, payments to beneficiaries, options for receiving EAPs and options if the beneficiary does not pursue eligible studies among the scholarship plans offered. For a multiple prospectus, include a cross-reference to the plan-specific disclosure for each scholarship plan provided under Part C of this Form.

Make sure your contact information is up to date

It is important that you keep your address and contact information up to date. We will need to communicate important information to you throughout the life of your plan. We will also need to find you and the beneficiary when the plan matures so we can return your contributions and make payments to the beneficiary.

(2) If the scholarship plan provider offers an unregistered education savings account, describe

(a) the features of the unregistered education savings account, including what happens to contributions made to the account,

(b) whether the account is eligible to receive government grants, and

(c) the tax treatment of the account.

(3) State the deadline for providing the beneficiary’s social insurance number after which the investment fund manager will close the account.

6.4 — Government Grants

(1) Under the sub-heading “Contribution limits”, disclose whether the scholarship plan imposes a cumulative limit for contributions and indicate whether this is exclusive of any government grants.

(2) Disclose whether a subscriber can make contributions annually beyond the amount(s) that would result in the receipt of the maximum annual amount in government grants.

(3) If a subscriber is permitted to make additional contributions as described in subsection (2), disclose that the additional contributions are not eligible to attract further government grants and disclose how the additional contributions are invested.

(4) Disclose the maximum amount that may be contributed to an RESP under the *Income Tax Act* (Canada), and provide a cross-reference to the tax consequences of contributions beyond the limit set by the *Income Tax Act* (Canada) as disclosed under section 11.3 of this Part of this Form.

6.6 — Additional Services

If applicable, under the sub-heading “Additional services”, describe additional services relating to an investment in the scholarship plan that are available to subscribers from the investment fund manager or the principal distributor.

INSTRUCTION

If insurance for contributions is offered for purchase by the principal distributor, provide a brief description of the insurance coverage, including the name of the insurer and whether the insurance is mandatory or optional for the subscriber. Include a cross-reference to the disclosure provided under section 14.5 of Part C of this Form.

6.7 — Fees and Expenses

(1) Under the sub-heading “Fees and expenses”, state the following using the same or substantially similar wording:

There are costs for joining and participating in our plan[s]. You pay some of these fees and expenses directly from your contributions. The plan[s] pay[s] some of the fees and expenses, which are deducted from the [plan’s/plans’] earnings. See “Costs of investing in this plan” in this Detailed Plan Disclosure for a description of the

fees and expenses of [each of] our plan[s]. Fees and expenses reduce the plan's returns which reduces the amount available for EAPs.

(2) If the investment fund manager offers more than one type of scholarship plan, state, if applicable, that each scholarship plan offered requires the subscriber to pay different fees and expenses and, if applicable, that the choice of scholarship plan affects the amount of compensation paid to the dealer by a member of the organization of the scholarship plan or a subscriber.

6.8 — Eligible Studies

Under the sub-heading “Eligible studies”, state the following using the same or substantially similar wording:

EAPs will be paid to your beneficiary only if he or she enrolls in eligible studies. For a summary of the educational programs that qualify for EAPs under our plan[s], see “Summary of eligible studies” in this Detailed Plan Disclosure. [Insert if applicable –The plans offered under the prospectus each have their own criteria for what post-secondary programs qualify as eligible studies for receiving EAPs. We recommend that you carefully read the “Specific information about the plan” sections for each plan in this Detailed Plan Disclosure to better understand the differences among the plans.]

6.9 — Payments from the Scholarship Plan

(1) Under the sub-heading “Payments from the plan” with the sub-sub-heading “Return of contributions”, state the following using the same or substantially similar wording:

We always return your contributions less fees to you or to your beneficiary. Earnings from the plan will generally go to your beneficiary. If your beneficiary does not qualify to receive the earnings from your plan, you may be eligible to get back some of those earnings as an “accumulated income payment (AIP)”. See the “Accumulated income payments” section(s) in this Detailed Plan Disclosure for more information about AIPs.

(2) Under the sub-sub-heading “Educational assistance payments”, state the following using the same or substantially similar wording:

We will pay EAPs to your beneficiary if you meet the terms of your plan, and your beneficiary qualifies for the payments under the plan. The amount of each EAP depends on the type of plan you have, how much you contributed to it, the government grants in your plan and the performance of the plan's investments.

You should be aware that the *Income Tax Act* (Canada) has restrictions on the amount of EAP that can be paid out of an RESP at a time. [See *Instruction*].

INSTRUCTION

For the disclosure under subsection (2), briefly describe the restrictions under the Income Tax Act (Canada) on the amount of EAPs that can be paid at a time.

6.10 — Unclaimed Accounts

(3) *The contribution schedule must be presented in the order based on the age of the beneficiaries, from the youngest to oldest.*

(4) *For each contribution option, set out the amount of each contribution, the total number of contributions, and the total amount payable for one unit.*

(5) *If the scholarship plan permits a subscriber to date their plan as at a date that is earlier than the application date, disclose the conditions or requirements that must be met to backdate a plan, including the maximum number of months that a plan may be backdated and the basis of calculation of any amount(s) payable by the subscriber in addition to the contributions required under the contribution schedule. Include a cross-reference to the disclosure provided under paragraph 11.3(1)(h) of Part B of this Form.*

(6) *The contribution amounts in the contribution schedule must not include fees for insurance.*

12.2 — Missing Contributions

(1) Under the sub-heading “If you have difficulty making contributions”, state the following using the same or substantially similar wording:

If you miss one or more contributions, you may be in default of your plan. To stay in the plan, you’ll have to make up the contributions you missed. [*State if applicable* — You’ll also have to make up what the contributions would have earned if you had made them on time]. This can be costly.

For information about the steps you have to take to stay in the plan after missing contributions, see “Default, withdrawal or cancellation” on page [*insert page reference to the disclosure provided under Item 17 of Part C of this Form*].

(2) Under the sub-sub-heading “Your options”, describe the options available to subscribers having difficulty making contributions, including reducing the amount of contributions, suspending contributions, transferring to another RESP and cancelling their scholarship plan.

(3) Describe any restrictions on the availability of the options referred to in subsection (2).

(4) For each option set out under subsection (2), disclose the fee payable for the option and the losses that may be incurred by the subscriber as a result of the option.

(5) Describe what will happen if a subscriber has difficulty making contributions and does not select any of the options set out under subsection (2).

INSTRUCTIONS

(1) *A scholarship plan that does not require subscribers to make regular contributions to keep their plan in good standing must modify the disclosure under subsection 12.2(1) accordingly.*

(2) *If the cost of putting a plan in good standing after a voluntary suspension of the plan includes the payment of an amount equal to the interest that would have been earned on*

the missing contributions, disclose the current interest rate used as an annualized rate of interest and disclose how the interest is calculated.

(3) In disclosing any losses that may be incurred by a subscriber under subsection (4), state whether the subscriber may incur any loss of earnings, government grants, grant contribution room, amounts paid for sales charges and fees or loss of any other amount.

(4) If the disclosure for an option required by subsections (3) and (4) is provided elsewhere in Part C of the prospectus, a cross-reference to the disclosure for the option may be provided in response to subsections (3) and (4). For example, if transferring to another scholarship plan managed by the investment fund manager is an option available to the subscriber, a scholarship plan may refer investors to details of this type of transfer by providing a cross-reference to the disclosure provided under section 16.1 of Part C of this Form.

Item 13 — Withdrawing Contributions

13.1 — Withdrawing Contributions

(1) Under the heading “Withdrawing your contributions”, describe a subscriber’s entitlement to a return of contributions made, less fees, at any time before the maturity date of their scholarship plan.

(2) Describe the steps a subscriber must take to withdraw some or all of their contributions before the maturity date of their scholarship plan.

(3) Disclose the fee for a withdrawal from their scholarship plan and describe the losses that may be incurred by a subscriber upon a withdrawal.

(4) Disclose whether a subscriber’s plan will be cancelled if the subscriber withdraws all the contributions made to their plan. If so, provide a cross-reference to the disclosure provided under section 17.3 of Part C of this Form.

INSTRUCTION

In describing any losses that may be incurred by a subscriber under subsection (3), disclose whether the subscriber may incur any loss of earnings, government grants, grant contribution room, amounts paid for sales charges and fees or loss of any other amount.

Item 14 — Fees and Expenses

14.1 — Costs of Investing in the Scholarship Plan

Under the heading “Costs of investing in this plan”, state the following using the same or substantially similar wording:

There are costs for joining and participating in the *[insert name of scholarship plan]*. The following tables list the fees and expenses of this plan. You pay some of these fees and expenses directly from your contributions. The plan pays some of the fees and expenses, which are deducted from the plan’s earnings.

14.2 — Fees Payable by Subscriber from Contributions

(1) Under the sub-heading “Fees you pay”, provide a list of the fees and expenses that are deducted from contributions and that are not required to be provided in the table under section 14.4 of Part C of this Form in the form of the following table. Introduce the table using the following wording:

These fees are deducted from your contributions. They reduce the amount that gets invested in your plan, which will reduce the amount available for EAPs.

Fee	What you pay	What the fee is for	Who the fee is paid to
Sales charge	<i>[Specify amount]</i>	<i>[Specify the purpose]</i>	<i>[Insert name of entity]</i>
Account Maintenance Fee	<i>[Specify amount]</i>	<i>[Specify the purpose]</i>	<i>[Insert name of entity]</i>
<i>[Specify other fees and expenses]</i>	<i>[Specify amount]</i>	<i>[Specify the purpose]</i>	<i>[Insert name of entity]</i>

(2) If the sales charge listed in the table required by subsection (1) is deducted from contributions at a higher rate in the early period of participating in the scholarship plan, add a sidebar under the sub-heading “Fees you pay”, using the margin of the page and state the following using the same or substantially similar wording with the title of the sidebar in bold type:

Paying off the sales charges

For example, assume that you buy one unit of the *[Insert name of scholarship plan]* on behalf of newborn child, and you commit to making monthly contributions until the maturity date to pay for that unit. *[All/[specify lower percentage, if applicable]]* of your first *[insert number of contributions]* contributions go toward the sales charge until *[half/[specify other percentage if applicable]]* of the sales charge is paid off. *[State, as applicable – [Half/[specify other percentage if applicable]]* of your next *[insert number of contributions]* contributions go toward the sales charge until it’s fully paid off.] Altogether, it will take you *[insert number of months]* months to pay off the sales charge. During this time, *[insert percentage]* of your contributions will be used to pay the

sales charge and [insert percentage] of your contributions will be invested in your plan.

(3) State whether any of the fees listed in the table in subsection (1) may be increased without subscriber approval.

INSTRUCTIONS

(1) In the table required under subsection 14.2(1), list the fees payable by subscribers' contributions. Each fee must be listed on a separate row in the table.

(2) In the table required under subsection 14.2(1) in the column titled "What you pay" state the amount of each fee. The amount of each fee must be disclosed based on how the fee is calculated. For example, if a particular fee is calculated as a fixed dollar amount per unit, or a fixed amount per year, it must be stated as such. Similarly, if a fee is calculated as a percentage of plan assets, that percentage must be stated. A statement or note that a fee is subject to applicable taxes, such as goods and services taxes or harmonized sales taxes, is permitted, if applicable.

(3) For a group scholarship plan or other type of scholarship plan that normally calculates the sales charge payable as a fixed dollar amount linked to the amount of contribution by a subscriber (i.e. \$x.xx per unit), in addition to stating the fixed amount of sales charge per unit as required under Instruction (2), the disclosure of the amount of sales charge in the table required under subsection 14.2(1) in the column titled "What you pay" must also be expressed as a percentage of the cost of a unit of the scholarship plan. If the total cost of a unit of the scholarship plan varies depending on the contribution option or frequency selected, the percentage sales charge must be expressed as a range, between the lowest and the highest percentage of the unit cost the sales charge can represent, based on the different contribution options available to subscribers under the scholarship plan. This must be calculated as follows: (i) divide the sales charge per unit by the contribution option that has the highest total cost per unit, and (ii) divide the sales charge per unit by the contribution option that has the lowest total cost per unit. For example, if a scholarship plan calculates its sales charge as \$200/unit, and the total cost per unit for a subscriber can range from \$1000 to \$5000 (based on the different options available to subscribers), the percentage range of the sales charge disclosed in the table would be 4% (200/5000) to 20% (200/1000). The disclosure in the table must also state that the exact percentage of the sales charge per unit for a subscriber will depend on the contribution option selected for contributing to the scholarship plan and how old their beneficiary is at the time they open the scholarship plan.

(4) In the table required under subsection 14.2(1) in the column titled "What you pay" describe how the fee is deducted from contributions if the fee amount deducted from each contribution is not the same. For example, if deductions for sales charges are not made from each contribution at a constant rate for the duration of the plan or for the period for which contributions are required to be made under the scholarship plan if it is less than

the scholarship plan’s duration, describe the amounts from contributions that are deducted to pay sales charges.

(5) In the table required under subsection 14.2(1) in the column titled “What the fee is for” provide a concise explanation of what the fee is used for.

(6) In the table required under subsection 14.2(1) in the column titled “Who the fee is paid to”, state the name of the entity to which the fee is paid, such as the investment fund manager, the portfolio manager, the dealer, the foundation, etc.

(7) The disclosure required under subsection 14.2(2) must be based on the following assumptions: (i) the beneficiary is a newborn, (ii) the subscriber is purchasing one unit of the scholarship plan, (iii) the subscriber has agreed to a monthly contribution schedule with contributions payable until the scholarship plan’s maturity date, and (iv) all of the mandatory fees that are normally deducted from a subscriber’s contributions are deducted during the relevant period. The disclosure provided under subsection 14.2(2) must be consistent with the disclosure provided under subsection (2) of Item 10 of Part A of the form.

(8) The disclosure required in subsection 14.2(2) may alternatively be provided in a text box below the table required under subsection 14.2(1).

(9) For the disclosure required in subsection 14.2(2), if the scholarship plan does not offer units but uses a similar method for deducting sales charges as is described under subsection 14.2(2), the wording may be amended as is necessary to properly reflect the scholarship plan’s features.

14.3 — Fees Payable by the Scholarship Plan

(1) Under the sub-heading “Fees the plan pays”, provide a list of the fees and expenses that are payable by the scholarship plan in the form of the following table and introduced using the following wording:

The following fees are payable from the plan’s earnings. You don’t pay these fees directly. These fees affect you because they reduce the plan’s returns which reduces the amount available for EAPs.

Fee	What the plan pays	What the fee is for	Who the fee is paid to
Administrative fee	<i>[Specify amount]</i>	<i>[Specify purpose]</i>	<i>[Insert name of entity]</i>
Portfolio management fee	<i>[Specify amount]</i>	<i>[Specify purpose]</i>	<i>[Insert name of entity]</i>
Custodian fee	<i>[Specify amount]</i>	<i>[Specify purpose]</i>	<i>[Insert name of entity]</i>
Independent review committee fee	<i>[Specify amount]</i>	<i>[Specify purpose]</i>	<i>[Insert name of entity]</i>

<i>[Specify other fees and expenses]</i>	<i>[Specify amount]</i>	<i>[Specify purpose]</i>	<i>[Insert name of entity]</i>
--	-------------------------	--------------------------	--------------------------------

(2) State whether any of the fees or expenses listed in the table in subsection (1) may be increased without subscriber approval.

INSTRUCTIONS

(1) In the table, show all fees and expenses payable by the scholarship plan, even if it is expected that the investment fund manager or other member of the organization of the scholarship plan will waive or absorb some or all of those fees and expenses. Each fee must be listed in a separate row in the table.

(2) If one or more fees listed or required to be listed in the table are normally combined into an “all-inclusive fee” payable by the scholarship plan, the table may be amended as is necessary to reflect this fact.

(3) In the column titled “What the plan pays” state the amount of each fee listed in the table. The amount of fee stated must be disclosed based on how the fee is calculated. For example, if a fee is calculated based on a percentage of the scholarship plan’s assets, it must be stated as such. For the “independent review committee fee”, state the amount of any retainer payable to each member of the committee and any additional fees payable for meeting attendance and indicate if committee members expenses are reimbursed, and disclose the total dollar amount paid in connection with the independent review committee for the most recently completed financial year of the scholarship plan. A statement or note that a fee is subject to applicable taxes, such as goods and services taxes or harmonized sales taxes, is permitted, if applicable.

(4) In the column titled “What the fee is for” provide a concise explanation of what the fee is used for. If a fee is charged to the scholarship plan for on-going fund expenses, list the main components of those expenses covered by the fee.

(5) In the column titled “Who the fee is paid to”, state the name of the entity to which the fee is paid, such as the investment fund manager, the portfolio manager, the dealer, the foundation, etc.

14.4 — Transaction Fees

Under the sub-heading “Transaction fees”, provide a list of the transaction fees in the form of the following table introduced using the following wording:

We will charge the following fees for the transactions listed below.

Fee	Amount	How the fee is paid	Who the fee is paid to
<i>[Insert type of fee]</i>	<i>[\$Specify amount]</i>	<i>[Insert how the fee is charged]</i>	<i>[Insert name of entity]</i>

INSTRUCTIONS

(1) In the column titled “fee” describe the type of transaction for which the fee is charged; for example, replacing a cheque, changing the contribution schedule, changing the beneficiary, changing the maturity date, transferring a plan and a late application for EAPs. Each fee must be listed on a separate row in the table.

(2) In the column titled “Amount” specify the amount of each fee. The amount must be disclosed based on how the fee is calculated. For example if the fee is calculated as a fixed dollar amount or a percentage it must be disclosed as such.

(3) In the column titled “How the fee is paid” state how the fee for each transaction is charged, for example, if the fee is payable directly by the subscriber or beneficiary, or if it is deducted from the earnings of the scholarship plan.

(4) In the column titled “Who the fee is paid to” specify the entity to which the fee is paid, such as the scholarship plan dealer, the investment fund manager, the Foundation, etc.

14.5 — Fees for Additional Services

If applicable, under the sub-heading “Fees for additional services”, provide a list of the fees payable for the additional services disclosed under section 6.6 of Part B of this Form in the form of the following table and introduced using the following wording:

The following fees are payable for the additional services listed below:

Fee	What you pay	How the fee is paid	Who the fee is paid to
[Specify type of fee]	[\$Specify amount]	[Specify how the fee is charged]	[Insert name of entity]

INSTRUCTIONS

(1) In the column titled “Fee”, describe the type of service for which the fee is charged (for example, insurance services). Each fee must be listed in a separate row in the table.

(2) Under the column titled “What you pay” specify the amount of each fee. The fee must be disclosed based on how it is calculated. A statement or note that a fee is subject to applicable taxes, such as goods and services taxes or harmonized sales taxes, is permitted, if applicable.

(3) If insurance services are provided, under the column “What you pay”, disclose the fee for insurance and disclose the portion of the fee that is paid by the insurer to the principal distributor, the investment fund manager, or an affiliate.

(4) If the fee payable for an additional service varies so that specific disclosure of the amount of the fee cannot be provided in the prospectus, provide the range of fees payable under the column titled “What you pay”.

(5) In the column titled “How the fee is paid” state how the fee for each service is charged, for example, if the fee is an amount payable by the subscriber on a monthly basis in addition to contributions made under the contribution schedule.

(6) In the column titled “Who the fee is paid to” state the name of the entity to which the fee is paid, such as the scholarship plan dealer, the investment fund manager, the Foundation, etc. If insurance services are provided, the name of the insurer must be disclosed.

(4) State whether the investment fund manager or any other entity has put any mechanism in place to continue to make fee refunds if any of the circumstances referred to in subsection (3) occurs.

(5) If a fee refund is payable on a discretionary basis, state the following wording with the first sentence in bold type:

Discretionary refunds are not guaranteed. You should not count on receiving a discretionary refund. [*Specify entity*] decides if it will provide a fee refund in any year.

INSTRUCTIONS

(1) A return of an enrolment fee is considered to be a refund of sales charges for the purposes of disclosure under this section.

(2) The disclosure under subsection 19.2(1) must include a discussion of any requirements for a beneficiary to remain eligible for EAPs under the scholarship plan for each successive year of study.

(3) The “maximum total amount of EAPs” is the total amount of EAPs that can be received by a beneficiary who meets the requirements of the scholarship plan for receiving the maximum number and amount of EAPs.

(4) In providing the disclosure under subsection 19.2(3), describe generally the types of programs for which a beneficiary will receive the maximum total amount of EAPs (for example, four years of eligible studies that may consist of a 4-year program or two 2-year programs).

(5) The “full period” is the number of years of eligible studies that qualifies for the payment of the maximum total number and amount of EAPs.

(6) An “EAP payment option tailored to reduced programs” is an EAP payment option that pays approximately same total amount of EAPs for eligible studies with a shorter duration as the EAPs payable under the scholarship plan for eligible studies of longer duration. For example, an EAP payment option that makes two payments for a 2-year post-secondary program, where each payment is twice the amount of each of the four payments that would be made for a 4-year post-secondary program, is an EAP payment option tailored to reduced programs.

(7) A scholarship plan may use a table to illustrate the schedule of payments and the amount paid in each year of eligible studies for each EAP payment option offered.

19.3 — Amount of EAPs

(1) Under sub-sub-heading, “How we determine EAP amounts”, state the components of EAPs paid under the scholarship plan.

(2) Describe how the value of EAPs is determined for each year of eligible study. State whether or not any oversight of the calculation of EAPs is provided by an entity other than the investment fund manager.

(3) Describe any restrictions, under the *Income Tax Act* (Canada) or the scholarship plan’s rules, on the amount of EAP that can be paid for each year of eligible studies.

(4) Describe, as applicable to the type of scholarship plan,

(a) how unrealized capital gains or losses on investments in the scholarship plan are allocated;

(b) how earnings attributable to units or plans cancelled before the maturity date are allocated;

(c) how earnings attributable to units or plans cancelled after the maturity date are allocated;

(d) how the difference between the maximum total amount of EAPs and the lower amount collected by beneficiaries who enrol in eligible studies that do not qualify for the maximum total amount of EAPs is allocated;

(e) how the government grants accrued in the scholarship plan and the earnings from government grants are allocated.

INSTRUCTION

The amount for which disclosure is required under paragraph 19.3(4)(d) is the amount that is not collected by beneficiaries in a beneficiary group because they do not enrol in eligible studies of sufficient duration to qualify for the maximum total amount of EAPs.

19.4 — Payments from the EAP Account

(1) This section applies to a group scholarship plan.

(2) Under the sub-sub-heading “Payments from the EAP account”, provide information in the form of the following table about the funding of the EAP account. Introduce the table using the following wording or wording that is substantially similar with the title of the table “Past breakdown of income in the EAP account” in bold type:

A portion of each EAP consists of a beneficiary’s share of the EAP account. The rest of an EAP is made up of the beneficiary’s government grants and the earnings on those government grants.

The EAP account holds the income earned on contributions made by subscribers. This includes the income earned on contributions of subscribers who have cancelled their plan or whose plan was cancelled by us. There is a separate EAP account for each beneficiary group.

Past breakdown of income in the EAP account

The table below shows the breakdown of income in the EAP account at the maturity date for the five beneficiary groups that most recently reached their year of eligibility.

The breakdown of income can vary by beneficiary group. The amount of income earned on contributions depends on the performance of the plan’s investments. The amount of income from cancelled plans depends on how many plans were cancelled, as well as the investment performance of that money.

(3) Provide information in the form of the following table about the historical payment of amounts from the EAP account. Introduce the table using the following wording or wording that is substantially similar with the title of the table “Past payments from the EAP account” in bold type:

Past payments from the EAP account

The table below shows how much was paid from the EAP account per unit for the five beneficiary groups that most recently reached their year of eligibility. *[For a scholarship plan that offers EAP payment options tailored to reduced programs, state – This table shows only the amount paid per unit for beneficiaries who selected the*

[specify EAP payment option for the full period]. We also offer [a] payment option[s] that pay[s] EAPs tailored to shorter programs].

Keep in mind that scholarship plans are generally long-term investments. The payments shown largely reflect investments made years ago. It’s important to note that this doesn’t tell you how much a beneficiary will receive in the future.

Fourth year	See note 1	See note 1	See note 1	[\$Specify amount] per unit	[\$Specify amount] per unit

Note 1: The amount is not shown because the beneficiaries in this beneficiary group are not yet enrolled in that year of studies.

INSTRUCTION

The tables required in section 19.4 must list the five beneficiary groups that most recently reached their year of eligibility as at the date of the prospectus.

19.5 — If Beneficiary Does Not Complete or Advance in Eligible Studies

(1) For a group scholarship plan, immediately under the sub-heading “If your beneficiary does not complete or advance in eligible studies”, state the following using the same or substantially similar wording:

If your beneficiary does not complete or advance in their program, they may lose one or more EAPs. This can happen if your beneficiary does not complete all the courses required to advance to the next year of the program, decides to enrol in another program that is not considered an advancement from prior study, or drops out of school before completing their program.

[State, if applicable — Your beneficiary may be able to defer a payment if they go back to a qualifying program. Deferrals are at our discretion.]

(2) Under the sub-heading “If your beneficiary does not complete or advance in eligible studies”, disclose available options if the beneficiary does not complete or advance in their program.

(3) Disclose what happens to the earnings of the subscriber’s scholarship plan if the beneficiary does not complete or advance in their program. For a group scholarship plan, also provide a cross-reference to the disclosure provided under section 22.3 of Part C of this Form.

INSTRUCTIONS

(1) If the scholarship plan provides the option for a beneficiary to defer the payment of an EAP, state the period of time that an EAP may be deferred and the conditions and requirements that must be met to receive a deferred payment after the disclosure in the second paragraph of subsection 19.5(1).

(2) If the details of an option provided under subsection 19.5(2) have been disclosed elsewhere in the prospectus, provide a cross-reference to the disclosure contained in the prospectus. For example, if a subscriber may cancel their scholarship plan and receive an AIP, provide a cross-reference to the disclosure provided under Item 17 and Item 20 of Part C of this Form.

Item 20 — Accumulated Income Payments

20.1 — Accumulated Income Payments

(1) Under the sub-heading “Accumulated income payments”, disclose

- (a) the conditions or requirements necessary to receive an AIP,
- (b) the components of an AIP,
- (c) the option for a subscriber who has received an AIP to transfer the payment to a registered retirement savings plan, and
- (d) any costs or other losses that the subscriber or the beneficiary could incur in receiving an AIP.

(2) State whether there may be tax consequences as a result of receiving an AIP and provide a cross- reference to the disclosure provided under subsection 11.3(2) of Part B of this Form.

Item 21 — Discretionary Payments to Beneficiaries

21.1 — Discretionary Payments to Beneficiaries

- (1) Under the sub-heading “Discretionary payments”, if discretionary payments may be made to beneficiaries, state that beneficiaries may receive a discretionary payment in addition to their EAPs.
- (2) Disclose when discretionary payments are made.
- (3) State who decides whether a discretionary payment will be made and state the requirements or conditions that must be met in order to be eligible to receive a discretionary payment.
- (4) Disclose how the amount of discretionary payments is determined and the sources of funding for the discretionary payments.
- (5) Describe the circumstances that may affect the ability of the current sources of funding for the discretionary payments to continue to fund the discretionary payments.
- (6) State whether the investment fund manager or any other entity has put any mechanism in place to continue to make discretionary payments if any of the circumstances referred to in subsection (5) occur.
- (7) State whether the investment fund manager has established a funding and investment policy intended to ensure sufficient money is available to continue to fund discretionary payments at the historical levels reported in section 21.2 of Part C of this Form. Provide details of any funding policy and the current value of any fund. If no funding policy exists, state that fact and state the consequences of not having a policy.
- (8) State the following using the same or substantially similar wording with the first sentence in bold type:

Discretionary payments are not guaranteed. You must not count on receiving a discretionary payment. The [*insert name of the entity funding the discretionary payment*] decides if it will make a payment in any year and how much the payment will be. If the [*insert name of the entity funding the discretionary payment*] makes a payment, you may get less than what has been paid in the past. You may also get less than what is paid to beneficiaries in other beneficiary groups.

21.2 — Historical Amount of Discretionary Payments

Provide information in the form of the following table about the historical discretionary payments made. Introduce the table using the following wording or wording that is substantially similar with the title of the table “Past discretionary payments” in bold:

Past discretionary payments

The table below shows the amount of discretionary payments paid per unit for the five beneficiary groups that most recently reached their year of eligibility.

It’s important to note that this doesn’t tell you if a beneficiary will receive a payment or how much they will receive. We may decide not to make these payments in future years. If we do make payments, they could be less than what we’ve paid in the past.

Year of studies	Discretionary payments by beneficiary group				
	[Most recent year]	[Most recent year minus 2]	[Most recent year minus 3]	[Most recent year minus 4]	[Most recent year minus 5]
First year <i>[if applicable]</i>	<i>[/Specify amount] per unit</i>	<i>[/Specify amount] per unit</i>	<i>[/Specify amount] per unit</i>	<i>[/Specify amount] per unit</i>	<i>[/Specify amount] per unit</i>
Second year	See note 1	<i>[/Specify amount] per unit</i>	<i>[/Specify amount] per unit</i>	<i>[/Specify amount] per unit</i>	<i>[/Specify amount] per unit</i>
Third year	See note 1	See note 1	<i>[/Specify amount] per unit</i>	<i>[/Specify amount] per unit</i>	<i>[/Specify amount] per unit</i>
Fourth year	See note 1	See note 1	See note 1	<i>[/Specify amount] per unit</i>	<i>[/Specify amount] per unit</i>

Note 1: The amount is not shown because the beneficiaries in this beneficiary group are not yet enrolled in that year of studies.

INSTRUCTIONS

(1) If the scholarship plan offers an EAP payment option tailored to reduced programs and the amount of discretionary payment per unit is the same for each EAP payment option, state, if applicable, that beneficiaries who select the EAP payment option tailored to reduced programs may receive a lesser total amount of discretionary payments than beneficiaries who receive the largest number of EAPs.

(2) If the amount of discretionary payment per unit is not the same for each EAP payment option, provide information, substantially in the form of the table required in section 21.2, for the historical discretionary payments per unit for each EAP payment option tailored to reduced programs.

Item 22 — Attrition

This Item applies to a group scholarship plan.

22.1 — Attrition

(1) Under the heading “Attrition”, state the following using the same or substantially similar wording:

You and your beneficiary must meet the terms of the plan in order for your beneficiary to qualify for all of the EAPs under the plan. If beneficiaries fail to qualify for some or all of their EAPs, there will be fewer beneficiaries remaining in the beneficiary group to share the amount of money available for paying EAPs. This is known as “attrition”.

Your beneficiary may not qualify for some or all of their EAPs if:

- before the maturity date of the plan, you cancel your plan or transfer your plan to another RESP, or we cancel your plan because you failed to make contributions on schedule and did not take action to keep your plan in good standing. This is known as “pre-maturity attrition”; or
- after the maturity date of the plan, your beneficiary decides not to pursue a post-secondary education, does not attend a qualifying education program, or does not attend a qualifying education institution for the maximum period provided for in the plan. This is known as “post-maturity attrition”.

22.2 — Pre-Maturity Attrition

(1) Under the sub-heading “Pre-maturity attrition”, state the following using the same or substantially similar wording:

If you leave the plan before it matures, you will get back your contributions less fees. You will not get back any earnings. The earnings on your contributions up to the time your plan is cancelled will go to the EAP account and be paid to the remaining beneficiaries in your beneficiary group as part of their EAPs.

(2) If the group scholarship plan permits a subscriber to receive an AIP on the earnings from government grants, state the following using the same or substantially similar wording:

You may, however, be eligible to receive an AIP on the earnings from the government grants in your plan. See “Accumulated income payments” for information on how to determine if you are eligible for an AIP from the plan.

(3) Provide information in the form of the following table about the income from cancelled units for each beneficiary group as at the scholarship plan’s most recent financial year end. Introduce the table using the following wording or wording that is substantially similar with the title of the table “Income from cancelled units” in bold type:

Income from cancelled units

The table below shows the current value of the income from cancelled units by beneficiary group. The amount of income from cancelled plans available to beneficiaries after the maturity date will depend on how many subscribers cancel their plan, how many beneficiaries qualify for EAPs and the investment performance of the scholarship plan.

Beneficiary group	Percentage of units that have been cancelled	Total income from cancelled units available to remaining units	Income from cancelled units available to each remaining unit
<i>[Specify year of eligibility of oldest beneficiary group available for enrolment under the prospectus]</i>	<i>[Specify as percentage of total number of units purchased for beneficiary group]</i>	<i>[\$[Specify amount]]</i>	<i>[\$[Specify amount] per unit]</i>
<i>[Specify year of eligibility of next oldest beneficiary group available for enrolment under the prospectus]</i>	<i>[Specify as percentage of total number of units purchased for beneficiary group]</i>	<i>[\$[Specify amount]]</i>	<i>[\$[Specify amount] per unit]</i>

<i>[Specify year of eligibility of youngest beneficiary group available for enrolment under the prospectus]</i>	<i>[Specify as percentage of total number of units purchased for beneficiary group]</i>	<i>[\$[Specify amount]]</i>	<i>[\$[Specify amount] per unit]</i>

(4) Provide information in the form of the following table about the pre-maturity attrition rate for the scholarship plan. Introduce the table using the following wording or wording that is substantially similar with the title of the table “Plans that did not reach maturity” in bold type:

Plans that did not reach maturity:

The table below shows the percentage of plans that did not reach maturity for each of the five beneficiary groups shown below. The most common reasons why plans did not reach maturity were because the subscriber cancelled their plan, we

cancelled their plan due to a default, the subscriber transferred to another type of plan we offer, or the subscriber transferred to another RESP provider.

Of the last five beneficiary groups of the *[insert name of group scholarship plan]*, an average of *[see Instruction (1)]%* of the plans in each group were cancelled before their maturity dates.

Maturity date of beneficiary group	Percentage of plans that did not reach maturity
[Most recent maturity date by year]	<i>[See Instruction (2)]%</i>
[Most recent maturity date by year minus 1]	<i>[See Instruction (2)]%</i>

[Most recent maturity date by year minus 3]	<i>[See Instruction (2)]%</i>
[Most recent maturity date by year minus 4]	<i>[See Instruction (2)]%</i>
Average	<i>[See Instruction (1)]%</i>

INSTRUCTIONS

(1) *Disclose the average rate required under subsection 22.2(3) using the same calculation set out in the Instructions that apply to Item 9 of Part A of this Form.*

(2) *For each beneficiary group that had a maturity date in the five most recent years, calculate the percentage of plans that did not reach maturity by following Instructions (2) to (5) that apply to Item 9 of Part A of this Form.*

22.3 — Post-Maturity Attrition

(1) Under the sub-heading “Post-maturity attrition”, state the following using the same or substantially similar wording:

If your beneficiary does not pursue or complete eligible studies, you will get back your contributions, less fees. You will not get back any earnings. *[Insert if applicable – A beneficiary may lose one or more EAPs if they do not enrol in four years of eligible studies.]*

(2) Provide information in the form of the following table about the EAP payment rates of the scholarship plan after maturity. Introduce the table using the following wording or

wording that is substantially similar with the title of the table “Past payments of EAPs” in bold:

Past payments of EAPs [*state if the scholarship plan offers an EAP payment option tailored to reduced programs — four years of eligible studies*]

The table below shows the percentage of beneficiaries who received the maximum of [*insert maximum number of EAPs payable under the scholarship plan*] EAPs under the plan and those who received some or no EAPs, for each of the five beneficiary groups that would have most recently completed their eligible studies.

	Beneficiary group [<i>See Instruction (1)</i>]

(3) If the scholarship plan offers an EAP payment option tailored to reduced programs, provide information in the form of the following table about the EAP payment rates of the scholarship plan after maturity. Introduce the table using the following wording or wording that is substantially similar with the title of the table “Past payments of EAPs [*— [specify reduced number of years]-year program*]” in bold:

Past payments of EAPs [*— [specify reduced number of years]-year program*]

For EAP payment options tailored to eligible studies of [*specify reduced number of years*] years, the table[s] below show[s] the number of beneficiaries who

received all of their EAPs and the number who received some or none of their EAPs, for each of the five beneficiary groups that would have most recently completed their eligible studies.

Beneficiaries who received no EAPs	[Specify percentage]%	[Specify percentage]%	[Specify percentage]%	[Specify percentage]%	[Specify percentage]%
Total	100%	100%	100%	100%	100%

(4) Disclose in a footnote to the tables required under subsections (2) and (3) any change to the EAP payout option available to beneficiaries, if a change occurred in the past five years.

INSTRUCTIONS

(1) In the tables required under subsections 22.3(2) and (3), present the five most recent beneficiary groups by year of eligibility for which the maximum number of EAPs under the EAP payment option has been paid as at the most recent financial year end of the scholarship plan and beneficiaries in the beneficiary group have no further opportunity to collect EAPs. For example, do not include a beneficiary group that has been eligible to be paid only one EAP if the maximum number of EAPs payable is four.

(2) For a group scholarship plan that does not offer EAP payment options tailored to reduced programs, calculate each percentage as a percentage of the total number of beneficiaries in the beneficiary group at the maturity date.

For a group scholarship plan that offers EAP payment options tailored to reduced programs, calculate each percentage as a percentage of the total number of beneficiaries in the beneficiary group at the maturity date who selected the relevant payment option.

(3) Present the percentages as at the financial year end referred to in Instruction (1).

(4) For a group scholarship plan that offers EAP payment options tailored to reduced programs, in response to subsection 22.3(3), prepare a table for each payout option, modifying the number of rows in the table as applicable. For example, for a scholarship plan that provides the option to elect payment of two EAPs for a 3- year program, present a table containing rows to show the number of beneficiaries who received two out of two EAPs, the number of beneficiaries who received only one out of two EAPs and the number of beneficiaries who received no EAPs.
