Guidance for completing and filing Form 45-106F6:

- 1. This is the form of report required under section 6.1 of National Instrument 45-106 Prospectus and Registration Exemptions for distributions of securities made in British Columbia. In British Columbia, “distribution” includes distributions made from another Canadian or foreign jurisdiction to purchasers resident in British Columbia as well as distributions made from British Columbia to purchasers resident in other Canadian or foreign jurisdictions if the issuer has a significant connection to British Columbia. British Columbia Interpretation Note 72-702 Distribution of Securities to Persons Outside British Columbia provides guidance on whether an issuer has a significant connection to British Columbia.*
- 2. If the distribution is made in more than one jurisdiction, the issuer/underwriter may also be required under section 6.3 of National Instrument 45-106 Prospectus and Registration Exemptions to file Form 45-106F1 Report of exempt distribution in each other jurisdiction of Canada where the distribution occurred. A distribution may occur in more than one jurisdiction if the issuer is located in one jurisdiction and the purchaser is in another jurisdiction. In those cases, the issuer must comply with the reporting requirements of this Form and of Form 45-106F1, as well as all other relevant securities legislation in those other jurisdictions of Canada. For example, an issuer located in British Columbia distributing shares to a purchaser resident in Alberta is required to comply with the securities law requirements of both British Columbia and Alberta. An issuer located outside of British Columbia distributing securities to residents of British Columbia must comply with British Columbia securities legislation, including the requirements in this Form and sections 6.1 and 6.3 of National Instrument 45-106 Prospectus and Registration Exemptions.*
- 3. If the distribution was made in more than one jurisdiction, instruction 2 of Form 45-106F1 requires an issuer/underwriter to complete a single report identifying all purchasers and to file that report in all jurisdictions where the distribution was made. This instruction does not apply in British Columbia. If the distribution was made in British Columbia and in another jurisdiction of Canada, the issuer/underwriter must complete both Form 45-106F6 and Form 45-106F1 in connection with the distribution. The issuer/underwriter must file the completed Form 45-106F6 with the British Columbia Securities Commission in accordance with paragraph 6 below and file the completed Form 45-106F1 in accordance with the instructions in that Form in the other applicable jurisdictions.*
- 4. References to a purchaser in this report are to the beneficial owner of the securities.*
- 5. The terms “insider” and “promoter” are defined in the Securities Act (British Columbia).*
- 6. File this report and the applicable fee using BCSC e-services in accordance with British Columbia Instrument 13-502 Electronic filing of reports of exempt distribution. If the issuer is not required to comply with that Instrument (for example, the issuer is an investment fund filing an annual report of exempt distribution as permitted under section*

6.2(2) of National Instrument 45-106 Prospectus and Registration Exemptions) file the report at the following address:
