- (3) Subsection (1) does not apply if
 - (a) the information required under that subsection has been disclosed in the financial statements to which the MD&A or MD&A supplement relates; or
 - (b) the issuer files separate financial statements of the equity investee for the periods referred to in subsection (2).

5.8 Disclosure Relating to Previously Disclosed Material Forward-Looking Information

- (1) **Application** – This section applies to material forward-looking information that is disclosed by a reporting issuer other than
 - (a) forward-looking information contained in an oral statement; or
 - (b) disclosure that is
 - (i) subject to the requirements in National Instrument 51-101 *Standards of Disclosure for Oil and Gas Activities* or National Instrument 43-101 *Standards of Disclosure for Mineral Projects*; or

- (2) **Update** – A reporting issuer must discuss in its MD&A, or MD&A supplement if one is required under section 5.2,
 - (a) events and circumstances that occurred during the period to which the MD&A relates that are reasonably likely to cause actual results to differ materially from material forward-looking information for a period that is not yet complete that the reporting issuer previously disclosed to the public; and
 - (b) the expected differences referred to in paragraph (a).
- (3) **Exemption** – Subsection (2) does not apply if the reporting issuer
 - (a) includes the information required by subsection (2) in a news release issued and filed by the reporting issuer before the filing of the MD&A or MD&A supplement referred to in subsection (2); and
 - (b) includes disclosure in the MD&A or MD&A supplement referred to in subsection (2) that

- (5) **Withdrawal** – If during the period to which its MD&A relates, a reporting issuer decides to withdraw previously disclosed material forward-looking information,

6.2 Filing Deadline for an AIF

An AIF required to be filed under section 6.1 must be filed,

- (a) subject to paragraph (b), on or before the 90th day after the end of the reporting issuer's most recently completed financial year; or
- (b) in the case of a reporting issuer that is an SEC issuer filing its AIF in Form 10-K, Form 10-KSB or Form 20-F, on or before the earlier of

6.3 [Repealed]

PART 7 MATERIAL CHANGE REPORTS

7.1 Publication of Material Change

- (1) Subject to subsection (2), if a material change occurs in the affairs of a reporting issuer, the reporting issuer must
 - (a) immediately issue and file a news release authorized by an executive officer disclosing the nature and substance of the change; and
 - (b) as soon as practicable, and in any event within 10 days of the date on which the change occurs, file a Form 51-102F3 Material Change Report with respect to the material change.
- (2) Subsection (1) does not apply if,
 - (a) in the opinion of the reporting issuer, and if that opinion is arrived at in a reasonable manner, the disclosure required by subsection (1) would be unduly detrimental to the interests of the reporting issuer; or

- (b) the material change consists of a decision to implement a change made by senior management of the reporting issuer who believe that confirmation of the decision by the board of directors is probable, and senior management of the reporting issuer has no reason to believe that persons with knowledge of the material change have made use of that knowledge in purchasing or selling securities of the reporting issuer,

and the reporting issuer immediately files the report required under paragraph (1)(b) marked so as to indicate that it is confidential, together with written reasons for non-disclosure.

(3) [Repealed]

(4) [Repealed]

(5) If a report has been filed under subsection (2), the reporting issuer must advise the regulator or securities regulatory authority in writing if it believes the report should continue to remain confidential, within 10 days of the date of filing of the initial report and every 10 days thereafter until the material change is generally disclosed in the manner referred to in paragraph (1)(a), or, if the material change consists of a decision of the type referred to in paragraph (2)(b), until that decision has been rejected by the board of directors of the reporting issuer.

(6) Despite subsection (5), in Ontario, the reporting issuer must advise the securities regulatory authority.

(7) If a report has been filed under subsection (2), the reporting issuer must promptly generally disclose the material change in the manner referred to in subsection (1) upon the reporting issuer becoming aware, or having reasonable grounds to believe, that persons or companies are purchasing or selling securities of the reporting issuer with knowledge of the material change that has not been generally disclosed.

PART 8 BUSINESS ACQUISITION REPORT

8.1 Interpretation and Application

(1) In this Part,

“acquisition” includes an acquisition of an interest in a business that is consolidated for accounting purposes or accounted for by another method, such as the equity method;

“acquisition of related businesses” means the acquisition of two or more businesses if

- (a) the businesses were under common control or management before the acquisitions were completed;

- (b) each acquisition was conditional upon the completion of each other acquisition; or
- (c) the acquisitions were contingent upon a single common event; and

“business” includes an interest in an oil and gas property to which reserves, as defined in National Instrument 51-101 *Standards of Disclosure for Oil and Gas Activities*, have been specifically attributed.

- (2) This Part does not apply to a transaction that is a reverse takeover.

8.2 Obligation to File a Business Acquisition Report and Filing Deadline

- (1) If a reporting issuer completes a significant acquisition, as determined under section 8.3, it must file a business acquisition report within 75 days after the date of acquisition.
- (2) Despite subsection (1), if the most recently completed financial year of the acquired business ended 45 days or less before the date of acquisition, a reporting issuer must file a business acquisition report
 - (a) within 90 days after the date of acquisition, in the case of an issuer other than a venture issuer, or
 - (b) within 120 days after the date of acquisition, in the case of a venture issuer.

8.3 Determination of Significance

- (1) **Significant Acquisitions** - Subject to subsection (3) and subsections 8.10(1) and 8.10(2), an acquisition of a business or related businesses is a significant acquisition,
 - (a) for a reporting issuer that is not a venture issuer, if the acquisition satisfies any of the three significance tests set out in subsection (2); and
 - (b) for a venture issuer, if the acquisition satisfies either of the significance tests set out in paragraphs (2)(a) or (b) if “20 percent” is read as “40 percent”.
- (2) **Required Significance Tests** - For the purposes of subsection (1), the significance tests are:
 - (a) **The Asset Test.** The reporting issuer’s proportionate share of the consolidated assets of the business or related businesses exceeds 20 percent of the consolidated assets of the reporting issuer calculated using the audited financial statements of each of the reporting issuer and the business or the related businesses for the most recently completed financial year of each that ended before the date of the acquisition.

- (b) **The Investment Test.** The reporting issuer's consolidated investments in and advances to the business or related businesses as at the date of the acquisition exceeds 20 percent of the consolidated assets of the reporting issuer as at the last day of the most recently completed financial year of the reporting issuer ended before the date of the acquisition, excluding any investments in or advances to the business or related businesses as at that date.
 - (c) **The Income Test.** The reporting issuer's proportionate share of the consolidated income from continuing operations of the business or related businesses exceeds 20 percent of the consolidated income from continuing operations of the reporting issuer calculated using the audited financial statements of each of the reporting issuer and the business or related businesses for the most recently completed financial year of each ended before the date of acquisition.
- (3) **Optional Significance Tests** - Despite subsection (1) and subject to subsections 8.10(1) and 8.10(2), if an acquisition of a business or related businesses is significant based on the significance tests in subsection (2),
- (a) a reporting issuer that is not a venture issuer may re-calculate the significance using the optional significance tests in subsection (4); and
 - (b) a venture issuer may re-calculate the significance using the optional significance tests in paragraphs (4)(a) or (b) if "20 percent" is read as "40 percent".
- (4) For the purposes of subsection (3), the optional significance tests are:
- (a) **The Asset Test.** The reporting issuer's proportionate share of the consolidated assets of the business or related businesses exceeds 20 percent of the consolidated assets of the reporting issuer, calculated using the financial statements of each of the reporting issuer and the business or the related businesses for the most recently completed interim period or financial year of each, without giving effect to the acquisition.
 - (b) **The Investment Test.** The reporting issuer's consolidated investments in and advances to the business or related businesses as at the date of the acquisition exceeds 20 percent of the consolidated assets of the reporting issuer as at the last day of the most recently completed interim period or financial year of the reporting issuer, excluding any investments in or advances to the business or related businesses as at that date.
 - (c) **The Income Test.** The income from continuing operations calculated under the following subparagraph (i). exceeds 20 percent of the income from continuing operations calculated under the following subparagraph (ii):
 - (i) the reporting issuer's proportionate share of the consolidated income from continuing operations of the business or related businesses for the later of

- (A) the most recently completed financial year of the business or related businesses; or
 - (B) the 12 months ended on the last day of the most recently completed interim period of the business or related businesses;
- (ii) the reporting issuer's consolidated income from continuing operations for the later of
 - (A) the most recently completed financial year, without giving effect to the acquisition; or
 - (B) the 12 months ended on the last day of the most recently completed interim period of the reporting issuer, without giving effect to the acquisition.
- (5) If an acquisition does not meet any of the significance tests under subsection (4), the acquisition is not a significant acquisition.
- (6) Despite subsection (3), the significance of an acquisition of a business or related businesses may be re-calculated using financial statements for periods that ended after the date of acquisition only if, after the date of acquisition, the business or related businesses remained substantially intact and were not significantly reorganized, and no significant assets or liabilities were transferred to other entities.
- (7) **Application of the Income Test if a Loss Occurred** - For the purposes of paragraphs (2)(c) and (4)(c), if any of the reporting issuer, the business or the related businesses has incurred a loss, the significance test must be applied using the absolute value of the loss.
- (8) **Application of the Income Test if Lower Than Average Income for the Most Recent Year** - For the purposes of paragraph (2)(c) and clause (4)(c)(ii)(A), if the reporting issuer's consolidated income from continuing operations for the most recently completed financial year was lower by 20 percent or more than its average consolidated income from continuing operations for the three most recently completed financial years, the issuer may, subject to subsection (10), substitute the average consolidated income from continuing operations for the three most recently completed financial years in determining whether the significance test set out in paragraph (2)(c) or (4)(c) is satisfied.
- (9) **Application of the Optional Income Test if Lower Than Average Income for the Most Recent Year** - For the purpose of clause (4)(c)(ii)(B) if the reporting issuer's consolidated income from continuing operations for the most recently completed 12-month period was lower by 20 percent or more than its average consolidated income from continuing operations for the three most recently completed 12-month periods, the issuer may, subject to subsection (10), substitute the average consolidated income for the three

most recently completed 12-month periods in determining whether the significance test set out in paragraph (4)(c) is satisfied.

- (10) **Lower than Average Income of the Issuer if a Loss Occurred** - If the reporting issuer's consolidated income from continuing operations for either of the two earlier financial periods referred to in subsections (8) and (9) is a loss, the reporting issuer's income from continuing operations for that period is considered to be zero for the purposes of calculating the average consolidated income for the three financial periods.
- (11) **Application of Significance Tests – Step-By-Step Acquisitions** - If a reporting issuer has made a "step-by-step" purchase as described in the Handbook, then for the purposes of applying subsections (2) and (4),
- (a) if the initial investment and one or more incremental investments were made during the same financial year, the investments must be aggregated and tested on a combined basis;
 - (b) if one or more incremental investments were made in a financial year subsequent to the financial year in which an initial or incremental investment was made and the initial or previous incremental investments are reflected in audited annual financial statements of the reporting issuer previously filed, the reporting issuer must apply the significance tests set out in subsections (2) and (4) on a combined basis to the incremental investments not reflected in audited financial statements of the reporting issuer previously filed; and
 - (c) if one or more incremental investments were made in a financial year subsequent to the financial year in which the initial investment was made and the initial investment is not reflected in audited annual financial statements of the reporting issuer previously filed, the reporting issuer must apply the significance tests set out in subsections (2) and (4) to the initial and incremental investments on a combined basis.
- (11.1) **Application of the Optional Income Test based on Pro Forma Financial Information.** For the purposes of calculating the optional income test under clause (4)(c)(ii)(A), a reporting issuer may use pro forma consolidated income from continuing operations for its most recently completed financial year that was included in a previously filed document if
- (a) the reporting issuer has made a significant acquisition of a business after its most recently completed financial year; and
 - (b) the previously filed document included
 - (i) audited annual financial statements of that acquired business for the periods required by this Part; and

- (ii) the pro forma financial information required by subsection 8.4(5) or (6).
- (12) **Application of Significance Tests – Related Businesses** - In determining whether an acquisition of related businesses is a significant acquisition, related businesses acquired after the ending date of the most recently filed annual audited financial statements of the reporting issuer must be considered on a combined basis.
- (13) **Application of Significance Tests – Accounting Principles and Currency** - For the purposes of the significance tests in subsections (2) and (4), financial statements of the business or related businesses must be reconciled to the accounting principles used to prepare the reporting issuer's financial statements and translated into the same reporting currency as that used in the reporting issuer's financial statements.
- (14) **Application of Significance Tests – Use of Unaudited Financial Statements** - Despite subsections (2) and (4), the significance of an acquisition of a business or related businesses may be calculated using unaudited financial statements of the business or related businesses that comply with subsection 6.1(1) of National Instrument 52-107 *Acceptable Accounting Principles, Auditing Standards and Reporting Currency* if the financial statements of the business or related businesses for the most recently completed financial year have not been audited.
- (15) **Application of Significance Tests – Use of Previous Audited Financial Statements** – Despite subsections (2) and (4), the significance of an acquisition of a business or related businesses may be calculated using the audited financial statements for the financial year immediately preceding the reporting issuer's most recently completed financial year if the reporting issuer has not been required to file, and has not filed, audited financial statements for its most recently completed financial year.

8.4 Financial Statement Disclosure for Significant Acquisitions

- (1) **Comparative Annual Financial Statements** - If a reporting issuer is required to file a business acquisition report under section 8.2, subject to sections 8.6 through 8.11, the business acquisition report must include the following for each business or related businesses:
 - (a) an income statement, a statement of retained earnings and a cash flow statement for the following periods:
 - (i) if the business has completed one financial year,
 - (A) the most recently completed financial year ended on or before the date of acquisition; and
 - (B) the financial year immediately preceding the most recently completed financial year, if any; or

- (ii) if the business has not completed one financial year, the financial period commencing on the date of formation and ending on a date not more than 45 days before the date of acquisition;
 - (b) a balance sheet as at the end of each of the periods specified in paragraph (a); and
 - (c) notes to the financial statements.
- (2) **Audit** – The most recently completed financial period referred to in subsection (1) must be audited.
- (3) **Interim Financial Statements** - Subject to subsection (4) and sections 8.6 through 8.11, if a reporting issuer is required to include financial statements in a business acquisition report under subsection (1), the business acquisition report must include financial statements for
- (a) the most recently completed interim period or other period that started the day after the date of the balance sheet specified in paragraph (1)(b) and ended,
 - (i) in the case of an interim period, before the date of acquisition; or
 - (ii) in the case of a period other than an interim period, after the interim period referred to in subparagraph (i) and on or before the date of acquisition; and
 - (b) a comparable period in the preceding financial year of the business.
- (4) **Earlier Interim Financial Statements Permitted** – Despite subsection (3), the business acquisition report may include financial statements for a period ending not more than one interim period before the period referred to in subparagraph (3)(a)(i) if
- (a) the business does not, or related businesses do not, constitute a material departure from the business or operations of the reporting issuer immediately before the acquisition;
 - (b) the reporting issuer will not account for the acquisition as a continuity of interests; and
 - (c) either
 - (i) the date of acquisition is, and the reporting issuer files the business acquisition report, within the following time after the business’s or related businesses’ most recently completed interim period:
 - (A) 45 days, if the reporting issuer is not a venture issuer; or
 - (B) 60 days, if the reporting issuer is a venture issuer; or

- (ii) the reporting issuer filed a document before the date of acquisition that included financial statements for the business or related businesses that would have been required if the document were a prospectus, and those financial statements are for a period ending not more than one interim period before the interim period referred to in subparagraph (3)(a)(i).
- (5) **Pro Forma Financial Statements Required in a Business Acquisition Report** - If a reporting issuer is required to include financial statements in a business acquisition report under subsection (1) or (3), the business acquisition report must include
 - (a) a pro forma balance sheet of the reporting issuer,
 - (i) as at the date of the reporting issuer's most recent balance sheet filed, that gives effect, as if they had taken place as at the date of the pro forma balance sheet, to significant acquisitions that have been completed, but are not reflected in the reporting issuer's most recent balance sheet for an annual or interim period; or
 - (ii) if the reporting issuer has not filed a balance sheet for any annual or interim period, as at the date of the acquired business's most recent balance sheet, that gives effect, as if they had taken place as at the date of the pro forma balance sheet, to significant acquisitions that have been completed;
 - (b) a pro forma income statement of the reporting issuer that gives effect to significant acquisitions completed since the beginning of the financial year referred to in clause (i)(A) or (ii)(A), as applicable, as if they had taken place at the beginning of that financial year, for each of the following financial periods:
 - (i) the reporting issuer's
 - (A) most recently completed financial year for which it has filed financial statements; and
 - (B) interim period for which it has filed financial statements that started after the period in clause (A) and ended immediately before the date of acquisition or, in the reporting issuer's discretion, after the date of acquisition; or
 - (ii) if the reporting issuer has not filed an income statement for any annual or interim period, for the business's or related businesses'
 - (A) most recently completed financial year that ended before the date of acquisition; and

- (B) period for which financial statements are included in the business acquisition report under paragraph (3)(a); and
 - (c) pro forma earnings per share based on the pro forma financial statements referred to in paragraph (b).
- (6) **Pro Forma Financial Statements based on Earlier Interim Financial Statements Permitted** – Despite paragraph (5)(a) and clauses (5)(b)(i)(B) and (5)(b)(ii)(B), if the reporting issuer relies on subsection (4), the business acquisition report may include
 - (a) a pro forma balance sheet as at the date of the balance sheet filed immediately before the reporting issuer’s most recent balance sheet filed; and
 - (b) a pro forma income statement for the period ending not more than one interim period before the interim period referred to in clause (5)(b)(i)(B) or (5)(b)(ii)(B), as applicable.
- (7) **Preparation of Pro Forma Financial Statements** - If a reporting issuer is required to include pro forma financial statements in a business acquisition report under subsection (5),
 - (a) the reporting issuer must identify in the pro forma financial statements each significant acquisition, if the pro forma financial statements give effect to more than one significant acquisition;
 - (b) the reporting issuer must include in the pro forma financial statements a description of the underlying assumptions on which the pro forma financial statements are prepared, cross-referenced to each related pro forma adjustment;
 - (c) if the financial year-end of the business differs from the reporting issuer’s year-end by more than 93 days, for the purpose of preparing the pro forma income statement for the reporting issuer’s most recently completed financial year, the reporting issuer must construct an income statement of the business for a period of 12 consecutive months ending no more than 93 days before or after the reporting issuer’s year-end, by adding the results for a subsequent interim period to a completed financial year of the business and deducting the comparable interim results for the immediately preceding year;
 - (d) if a constructed income statement is required under paragraph (c), the pro forma financial statements must disclose the period covered by the constructed income statement on the face of the pro forma financial statements and must include a note stating that the financial statements of the business used to prepare the pro forma financial statements were prepared for the purpose of the pro forma financial statements and do not conform with the financial statements for the business included elsewhere in the business acquisition report;

- (e) if a reporting issuer is required to prepare a pro forma income statement for an interim period required by paragraph (5)(b), and the pro forma income statement for the most recently completed financial year includes results of the business which are also included in the pro forma income statement for the interim period, the reporting issuer must disclose in a note to the pro forma financial statements the revenue, expenses, gross profit and income from continuing operations included in each pro forma income statement for the overlapping period; and
 - (f) a constructed period referred to in paragraph (c) does not have to be audited.
- (8) **Financial Statements of Related Businesses** - If a reporting issuer is required under subsection (1) to include financial statements for more than one business because the significant acquisition involves an acquisition of related businesses, the financial statements required under subsection (1) must be presented separately for each business, except for the periods during which the businesses have been under common control or management, in which case the reporting issuer may present the financial statements of the businesses on a combined basis.

8.5 [Repealed]

8.6 Exemption for Significant Acquisitions Accounted for Using the Equity Method

A reporting issuer is exempt from the requirements in section 8.4 if

- (a) the acquisition is, or will be, of an equity investee;
- (b) the business acquisition report includes disclosure for the periods for which financial statements are otherwise required under subsection 8.4(1) that
 - (i) summarizes information as to the assets, liabilities and results of operations of the equity investee; and

8.9 Exemption from Comparatives if Financial Statements Not Previously Prepared

A reporting issuer is not required to provide comparative information for interim financial statements required under subsection 8.4(3) for a business acquired if

- (b) the prior-period information that is available is presented; and
- (c) the notes to the interim financial statements disclose the fact that the prior-period information has not been prepared on a basis consistent with the most recent interim financial information.

8.10 Acquisition of an Interest in an Oil and Gas Property

- (1) **Asset Test** - Despite subsections 8.3(2) and 8.3(4), the asset tests in paragraphs 8.3(2)(a) and 8.3(4)(a) do not apply to an acquisition
 - (a) of a business that is an interest in an oil and gas property or related businesses that are interests in oil and gas properties; and

- (2) **Income Test** - Despite subsections 8.3(2), 8.3(4), 8.3(8), 8.3(9), 8.3(10) and 8.3(11.1), a reporting issuer must substitute “operating income” for “consolidated income from continuing operations” for the purposes of the income test in paragraphs 8.3(2)(c) and 8.3(4)(c) if the acquisition is one described in subsection (1).
- (3) **Exemption from Financial Statement Disclosure** - A reporting issuer is exempt from the requirements in section 8.4 if

 - (A) gross revenue;
 - (B) royalty expenses;
 - (C) production costs; and

 - (b) the business acquisition report discloses this fact.

8.11 Exemption for Step-By-Step Acquisitions

Despite section 8.4, a reporting issuer is exempt from the requirements to file financial statements for an acquired business, other than the pro forma financial statements required by subsection 8.4(5), in a business acquisition report if the reporting issuer has made a “step-by-step” purchase as described in the Handbook and the acquired business has been consolidated in the reporting issuer's most recent annual financial statements that have been filed.
