- 1 This decision chart provides general guidance and should be read in conjunction with National Instrument 51-102 and Companion Policy 51-102CP.
- 2 If an acquisition of related businesses constitutes a significant acquisition when the results of the related businesses are combined, the required financial statements shall be provided for each of the related businesses, except for the periods during which the businesses have been under common control or management, in which case the reporting issuer may present the financial statements of the businesses on a combined basis.
- 3 As an alternative to the most recent interim period, financial statements for the acquired business may be provided for the period that started the day after the business' most recent annual balance sheet and ended on a day that is more recent than the ending date of the most recent interim period otherwise required and is not later than the date of acquisition.
