### **Background**

3. As a result of the COVID-19 pandemic, some issuers may have difficulties or may be unable to comply with certain obligations under securities legislation, including requirements to make certain filings or to send or deliver certain documents.
4. The Commission expects that each securities regulatory authority will issue orders providing similar exemptions to those provided in this Instrument.
5. The Commission expects that jurisdictions that have adopted continuous disclosure obligations in relation to the offering memorandum prospectus exemption will provide exemptions from those requirements. The Commission has not adopted those continuous disclosure obligations so an exemption is not required in British Columbia.
6. Section 61 of the Act requires a person to file a prospectus and to receive a receipt for that prospectus prior to distributing a security.
7. Section 85 of the Act requires a reporting issuer to provide periodic disclosure about its business and affairs and to provide other prescribed disclosure.
8. The Commission has adopted National Instruments that impose periodic disclosure requirements on issuers.
9. The Commission is satisfied, having considered the interests of issuers that are impacted by COVID-19 and the needs of investors to have timely disclosure about an issuer’s financial and business affairs that, subject to the conditions set out in this Instrument, it is appropriate to provide exemptions from the requirements of sections 61 and 85 of the Act and variations of certain Commission rules to extend the time required to comply with the Group A requirements, the Group B requirements, and the lapse date requirements for certain prospectuses.
10. This Instrument does not provide a further extension of any deadline previously extended under BC Instrument 51-515 *Temporary Exemption from Certain Corporate Finance Requirements*, dated March 23, 2020.

### **Exemption from Group A requirements**

11. The Commission, considering that to do so would not be prejudicial to the public interest, orders under section 91 of the Act that a person is exempt from the applicable Group A requirements if the person complies with the following conditions:

- (1) The person issues, and files on SEDAR as soon as reasonably practicable, a news release in advance of the deadline that would otherwise apply to the applicable requirement that:
  - (a) discloses each applicable requirement for which the person is relying on this exemption,
  - (b) states that the person's management and other insiders are subject to a trading black-out policy that reflects the principles in section 9 of National Policy 11-207 *Failure-to-File Cease Trade Orders and Revocations in Multiple Jurisdictions*,
  - (c) discloses the estimated date by which the person expects to file, send or deliver the document referred to in the applicable Group A requirements, and
  - (d) provides the following information about the person:
    - (i) an update of any material business developments since the date of the last annual financial statements or interim financial reports that the person filed, or
    - (ii) confirmation that there have been no material business developments since that date.
- (2) The person issues, and files on SEDAR as soon as reasonably practicable:
  - (a) a news release no later than 30 days after the first day of the extension period, and
  - (b) a subsequent news release no later than 30 days following the date of the news release referred to in (2)(a) if the person has not yet filed, sent or delivered, as applicable, each document for which it is relying on this exemption.
- (3) A news release referred to in (2) must provide the following information about the person:
  - (a) an update of any material business developments since the date of the last news release required by this section, or
  - (b) confirmation that there have been no material business developments since that date.
- (4) The person does not file a preliminary prospectus or a final prospectus for an offering of securities until it has filed all documents for which it is relying on an exemption from the Group A requirements.
- (5) The person files, sends or delivers all documents for which it is relying on an exemption from the Group A requirements by the date that is 45 days after the date the person was otherwise required to file, send or deliver the document.

### **Exemption from Group B requirements**

12. The Commission, considering that to do so would not be prejudicial to the public interest, orders under section 91 of the Act that a person is exempt from the applicable Group B requirements if the person complies with the following conditions:

- (1) The person issues, and files on SEDAR as soon as reasonably practicable, a news release in advance of the deadline that would otherwise apply to the applicable requirement that discloses each applicable requirement for which the person is relying on this exemption.
- (2) The person files, sends or delivers all documents for which it is relying on an exemption from the Group B requirements by the date that is 45 days after the date the person was otherwise required to file, send or deliver the document.

### **Variation of base shelf prospectus lapse date requirements**

13. The Commission, considering the public interest, orders under section 187 that if the 25 month expiration of a base shelf prospectus under sections 2.2(3)(a), 2.3(3)(a), 2.4(3)(a), 2.5(3)(a) or 2.6(3)(a) of National Instrument 44-102 *Shelf Distributions* (the lapse date) occurs during the period from June 2, 2020 to August 31, 2020, the lapse date is varied so that it is extended by 45 days if the person complies with the following conditions:

- (1) The person issues, and files on SEDAR as soon as reasonably practicable, a news release in advance of the lapse date that discloses the specific requirements for which the person is relying on this variation.
- (2) The person is not relying on the exemption in section 11 of this Instrument.
