(Order under section 187 of the Securities Act)

Definitions

1. Terms defined in the *Securities Act* (British Columbia) (the **Act**), in National Instrument 14-101 *Definitions* or in Multilateral Instrument 96-101 *Trade Repositories and Derivatives Data Reporting* (MI 96-101) have the same meaning in this Blanket Order.
2. In this Blanket Order, the following terms have the meanings defined below:
 - (a) "Appendix A" means Appendix A to MI 96-101;
 - (b) "Blocking Law" means any statute, law, enactment, rule, order, decision, judgment or decree by a government or a regulatory authority that would restrict the Reporting by a reporting counterparty of information relating to a Subject Derivative or the Non-Reporting Counterparty that could identify the Non-Reporting Counterparty;
 - (c) "Consent Requirement" means any statute, law, enactment, rule, order, decision, judgment or decree by a government or a regulatory authority that would restrict the Reporting by a reporting counterparty of information relating to a Subject Derivative or the Non-Reporting Counterparty that could identify the Non-Reporting Counterparty without the consent of the Non-Reporting Counterparty;
 - (d) "Compliance Report" means a compliance report in the form set out in the Annex to this Blanket Order;
 - (e) "Corresponding Order" means an order or a decision of a regulator or securities regulatory authority in a jurisdiction of Canada that provides relief on terms substantially similar to those set out in this Blanket Order;
 - (f) "Data Field" means a data field set out in Appendix A;
 - (g) "Jurisdiction" means the province of British Columbia;
 - (h) "LEI" means a legal entity identifier assigned in accordance with the standards set by the Global LEI System;
 - (i) "Non-Reporting Counterparty" means the counterparty to a derivative that is not the reporting counterparty;

- (n) "Trade-Specific Requirement" means a Consent Requirement that applies on a transaction-by-transaction basis.

Background

3. Part 3 of MI 96-101 requires a reporting counterparty to Report derivatives data relating to a Subject Derivative by providing a response to each applicable Data Field, including
 - (a) the "Identifier of non-reporting counterparty" Data Field, in which the reporting counterparty is required to Report the LEI of the Non-Reporting Counterparty or, if the Non-Reporting Counterparty is an individual, an alternate identifier as contemplated in Part 3 of MI 96-101, and
 - (b) the "Broker/ Clearing intermediary" Data Field, in which the reporting counterparty is required to Report the LEI of its broker or clearing intermediary for the Subject Derivative.
4. Absent receiving the Required Counterparty Feedback, the reporting counterparty is unable to fulfil its reporting obligations under MI 96-101 in respect of a Subject Derivative.
5. An applicable Blocking Law or Consent Requirement would restrict a reporting counterparty from Reporting derivatives data prescribed in the "Identifier of non-reporting counterparty" Data Field.
6. Absent obtaining the LEI of an applicable broker or clearing intermediary, the reporting counterparty is unable to Report the derivatives data prescribed in the "Broker/ Clearing intermediary" Data Field.
7. Part 3 of MI 96-101 requires a reporting counterparty that is a reporting clearing agency or a derivatives dealer to report valuation data relating to a Subject Derivative daily, based on relevant closing market data from the previous business day.

8. Relevant market data from the previous business day may not be available for a Subject Derivative based on an underlying asset for which the relevant market is in another jurisdiction if the previous business day was not a business day in that other jurisdiction.

Order

Considering that it would be in the public interest, the Commission makes the following orders.
