MRRS Decision Document

Background

The local securities regulatory authority or regulator (the Decision Maker) in each of the Jurisdictions has received an application from the Filer for a decision under the securities legislation of the Jurisdictions (the Legislation) that trades of unsecured short term promissory notes (Notes) of the Filer be exempt from the dealer registration and prospectus requirements of the Legislation (the Requested Relief).

2006 BCSECCOM 312

Under the Mutual Reliance Review System for Exemptive Relief Applications (MRRS):

- (a) the Ontario Securities Commission is the principal regulator for this application; and
- (b) this MRRS decision document evidences the decision of each Decision Maker.

Interpretation

Defined terms contained in National Instrument 14-101 *Definitions* have the same meaning in this decision unless they are otherwise defined in this decision.

Representations

This decision is based on the following facts represented by the Filer:

1. The Filer is a corporation under the *Canada Business Corporation Act* with a head office and principal office in Mississauga, Ontario. The Filer is not a reporting issuer in any of the Jurisdictions.
2. Subsection 2.35(1)(b) of National Instrument 45-106 *Prospectus Exempt Distributions* (NI 45-106) provides that exemptions from the dealer registration and prospectus requirements of the Legislation for short-term debt (the Short Term Debt Exemption) is available only where such short-term debt “has an approved credit rating from an approved credit rating organization.” NI 45-106 incorporates by reference the definitions for “approved credit rating” and “approved credit rating organization” that are used in National Instrument 81-102 *Mutual Funds* (NI 81-102).
3. The definition of an “approved credit rating” in NI 81-102, requires, among other things, that (a) the rating assigned to such debt must be “at or above” certain prescribed short-term ratings, and (b) such debt must not have been assigned a rating by any “approved credit rating organization” that is not an “approved credit rating.”
4. The Filer’s Notes have received an “R-1(low)” rating from Dominion Bond Rating Service Limited (DBRS) which meets the prescribed threshold in NI 81-102.
5. The Filer’s Notes do not, however, meet the “approved credit rating” in NI 81-102 because it has a rating of “F2” from Fitch Ratings Ltd. (Fitch) which is a

lower rating than required by the Short Term Debt Exemption. Accordingly, section 2.35 of NI 45-106 is not available to the Filer.

Decision

Each of the Decision Makers is satisfied that the test contained in the Legislation that provides the Decision Maker with the jurisdiction to make the decision has been met.

The decision of the Decision Makers under the Legislation is that the Requested Relief is granted provided that the Notes:

- (a) mature not more than one year from the date of issue;
- (b) is not convertible or exchangeable into or accompanied by a right to purchase another security other than Notes; and
- (c) has a rating issued by one of the following rating organizations, or any of their successors, at or above one of the following rating categories or a rating category that replaces a category listed below:

Rating Organization	Rating
Dominion Bond Rating Service Limited	R-1 (low)
Fitch Ratings Ltd.	F2
Moody's Investors Service	P-2
Standard & Poor's	A-2

For each Jurisdiction, this decision will terminate on the earlier of:

- (a) 90 days after the coming into force of any rule, other regulation or blanket order or ruling under the Legislation of the Jurisdiction that amends section 2.35 of NI 45-106 or provides an alternate exemption; and
- (b) three years from the date of this decision.
