**In the Matter of  
Marex Capital Markets Inc.  
(the Filer)**

**Decision**

### Background

¶ 1 The principal regulator in the Jurisdiction has received an application from the Filer for a decision under the securities legislation of the Jurisdiction (the **Legislation**), in particular, under section 48 of the *Securities Act* (British Columbia) (the **Act**), granting relief from the requirement in section 34(a) of the Act for the Filer to be registered as a dealer in connection with trades in contracts or instruments, including futures contracts and options, that have their performance guaranteed by a clearing agency and that are traded on an exchange pursuant to standardized terms and conditions set out in that exchange's bylaws, rules or regulatory instruments, at a price agreed on when the futures contract or option is entered into on the exchange (**Exchange Contracts**) that trade on certain exchanges located outside Canada (**Foreign Exchange Contracts**) with the Jurisdiction's residents that fall within the definition of "Qualified Party" in section 1.1 of BC Blanket Order 91-501 *Over-The-Counter Derivatives* (**BC 91-501**) or for clients resident in Saskatchewan, within the definition of "Qualified Party" as set forth in General Order 91-908 *Over-The-Counter Derivatives* (**SK 91-908**) (referred to herein as **Qualified Party**) (the **Exemption Sought**).

Under the *Process for Exemptive Relief Applications in Multiple Jurisdictions* (for a passport application):

1. the British Columbia Securities Commission is the principal regulator for this decision; and
2. the Filer has provided notice that section 4.7(1) of Multilateral Instrument 11-102 *Passport System* (MI 11-102) is intended to be relied upon in Alberta and Saskatchewan (the **Non-Principal Jurisdictions** and, together with the Jurisdiction, the **Jurisdictions**).

### Interpretation

- ¶ 2 Terms defined in National Instrument 14-101 *Definitions* and MI 11-102 have the same meanings if used in this decision, unless otherwise defined.

### Representations

- ¶ 3 This decision is based on the following facts represented by the Filer:

1. The Filer has chosen the British Columbia Securities Commission as the principal regulator because British Columbia is the jurisdiction in which the Filer expects to have the most significant client relationships for the activities described in this decision.
2. The Filer is incorporated under the laws of the state of New York in the U.S., with a head office located at 140 East 45th Street, 10th Floor, New York, NY 10017, U.S.
3. The Filer is not a reporting issuer in any jurisdiction of Canada.
4. The Filer is a privately held entity owned indirectly by Marex Group PLC (formerly Marex Spectron Group Limited) (**Marex**). Marex is a leading global broker whose primary business is providing clients with access to execution and clearing services in both over-the-counter and exchanged-traded markets for commodity and financial products.
5. The Filer provides futures commission merchant (**FCM**) services including commodity clearing and execution services to a network of introducing broker offices as well as commercial hedgers and financial, industrial, and agricultural entities. The Filer also provides security brokerage services.
6. The Filer is a broker-dealer registered with the U.S. Securities and Exchange Commission (**SEC**), a member of the Financial Industry Regulatory Authority (**U.S. FINRA**), a registered FCM with the U.S. Commodity Futures Trading Commission (**U.S. CFTC**), and is a member of the U.S. National Futures Association (**U.S. NFA**).
7. The Filer is a member of major commodity futures exchanges and clearing houses, including but not limited to the Chicago Board of Trade, Chicago Mercantile Exchange and the New York Mercantile Exchange.

8. The Filer is not in default of securities legislation in any jurisdiction of Canada or with securities regulatory requirements applicable in a foreign jurisdiction in which the Filer carries on business.
9. The Filer is not registered pursuant to securities or commodity futures legislation in any jurisdiction of Canada.
10. The Filer proposes to offer certain of its clients in the Jurisdictions that are Qualified Parties the ability to trade in Foreign Exchange Contracts through the Filer.
11. The Filer will solicit business in the Jurisdictions only from persons who qualify as Qualified Parties.
12. Clients of the Filer that are Qualified Parties will only be offered the ability to trade Foreign Exchange Contracts trading on exchanges located outside Canada and that are listed in Appendix A (**Listed Exchanges**).
13. The Foreign Exchange Contracts to be traded by Qualified Parties will include, but will not be limited to, Exchange Contracts for equity index, interest rate, energy, agricultural and other commodity products.
14. Qualified Parties will be able to execute trades in Foreign Exchange Contracts through the Filer by contacting the Filer's exchange floor staff or global execution desk. Qualified Parties may also be able to self-execute trades electronically in Foreign Exchange Contracts on Listed Exchanges via the Filer's proprietary trading platform and/or other electronic trading routing.
15. The Filer may execute a client's order or engage another broker to assist in the execution of orders on the relevant Listed Exchange in accordance with the rules and customary practices of the exchange. The Filer will remain responsible for the execution of each such trade; the Filer may perform both execution and clearing functions for trades of Foreign Exchange Contracts or may direct that a trade executed by it, be cleared through a carrying broker if the Filer is not a clearing member of the Listed Exchange on which the trade is executed. Alternatively, the client will be able to direct that trades executed by the Filer be cleared through clearing brokers not affiliated with the Filer in any way (each a **Non-Marex Clearing Broker**).
16. If the Filer performs only the execution of a client's Foreign Exchange Contract order and "gives-up" the transaction for clearance to a Non-Marex Clearing Broker, such clearing broker will also be required to comply with the rules of the relevant Listed Exchange of which it is a member and any relevant regulatory requirements, including requirements under the Act as applicable. Each such Non-Marex Clearing Broker will represent to the Filer in a give-up agreement that it will perform its obligations in accordance with applicable laws, governmental, regulatory, self-regulatory, exchange and clearing house rules and the customs and usages of the Listed Exchange or clearing house on which the relevant client's Foreign Exchange Contract orders will be executed and cleared. The Filer will not enter into a give-up agreement with any Non-Marex Clearing Broker located in the United States unless such clearing broker is registered with the U.S. CFTC and/or the SEC, as applicable. As is customary for all trading in Exchange Contracts, a clearing corporation appointed by the exchange or clearing division of the exchange is substituted as a universal

counterparty on all trades in Exchange Contracts and client orders are submitted to the exchange in the name of the Non-Marex Clearing Broker or the Filer or, on exchanges where the Filer is not a member, in the name of another carrying broker. The client is responsible to the Filer for payment of daily mark-to-market variation margin and/or proper margin to carry open positions and the Filer, the carrying broker or the Non-Marex Clearing Broker is in turn responsible to the clearing corporation/division for payment.

17. Clients that direct the Filer to give up transactions in Foreign Exchange Contracts for clearance and settlement by Non-Marex Clearing Brokers will execute the give-up agreements described above; clients will pay commissions for trades to the Filer or the Non-Marex Clearing Broker or such commissions may be shared with the Non-Marex Clearing Broker.
18. As a futures commission merchant subject to regulatory oversight by the U.S. CFTC, the Filer is authorized to handle customer orders and receive and hold customer margin deposits and is required to ensure that customer positions and monies, including customer margin deposits, be separately accounted for and segregated from the positions and monies of the Filer. The U.S. CFTC regulations are designed to protect customers in the event of insolvency or financial instability of a futures commission merchant through which they clear their futures and futures options business. The Filer receives acknowledgements from those of its banks and brokers holding the Filer's client funds that such funds are to be separately held on behalf of the Filer's clients, with no right of set-off against the Filer's obligations or debts. All positions and monies of clients in the Jurisdictions will be subject to equivalent protection as positions and monies of customers resident in the US.
19. All representatives of the Filer who trade Exchange Contracts in the United States have passed the futures and options proficiency examination (i.e., the National Commodity Futures Examination (Series 3)) administered by U.S. FINRA.

- (f) the Filer will, for each client in the Jurisdictions that would not qualify as an eligible contract participant as defined in the U.S. *Commodity Exchange Act*,

obtain the information and provide the disclosure required to be provided to customers of U.S. NFA members that are not eligible contract participants, including the disclosure required under U.S. NFA Rule 2-30;

- (g) this decision will expire the sooner of five years after the date of this decision or upon the implementation in the applicable Jurisdiction(s) of a rule, regulation, other instrument, or material amendments under the securities legislation that governs persons dealing in Foreign Exchange Contracts.
