These statements are only predictions and actual events or results may differ materially. Although the Trustee believes that the expectations reflected in the forward-looking statements are reasonable, it cannot guarantee future results, levels of activity, performance or achievement since such expectations are inherently subject to significant business, economic, competitive, political and social uncertainties and contingencies. Many factors could cause the Trust's actual results to differ materially from those expressed or implied in any forward-looking statements made by, or on behalf of, the Trust.

Forward-looking statements included in this Offering Memorandum include, but are not limited to, statements with respect to: use of proceeds of the Offering; use of the proceeds of the Loans to the Operating Avi Parties; the business to be conducted by the Trust and the Operating Avi Parties; the ability to make and the timing and payment of distributions of Cash Flow of the Trust made by the Trust; the business objectives of the Trust and the Operating Avi Parties; treatment under governmental regulatory regimes and tax laws; financial and business prospects and financial outlook; timing of dissolution of the Trust; possibility of extension of the dissolution date of the Trust; results of operations, the timing thereof and the methods of funding.

- possibility of substantial redemptions of Units;
- taxation of the Trust;
- the impact on the Trust of future changes in applicable legislation;
- application of legislation and regulations applicable to the Trust; and

The Trust's actual results, performance or achievement could differ materially from those expressed in, or implied by, these forward-looking statements and, accordingly, no assurance can be given that any of the events anticipated by the forward-looking statements will transpire or occur, or if any of them do so, what benefits the Trust will derive therefrom. These forward-looking statements are made as of the date of this Offering Memorandum and the Trust disclaims any intent or obligation to update any forward-looking statements, whether as a result of new information, future events or results or otherwise, other than as required by applicable securities laws.

2.2.3 The Avi Business

Overview

Established in 1978, HBA is privately owned and is one of the top five homebuilders in Alberta operating in the Calgary and Edmonton markets. HBA also has a growing housing operation in Austin, Texas. The many industry awards HBA has achieved, including the coveted National SAM Award – Builder of the Year in 2007, Alberta Builder of the Year in 2013 and Calgary Multi-Family Builder of the Year in 2014 – are testaments to the consistent quality of the homes it builds and the services it offers. Financially, HBA's annual production volumes and revenues have grown, on average, 12% since its inception in 1978 and despite having operating during several major economic downturns, HBA has never recorded an annual financial loss. In 2016, HBA achieved revenues in excess of \$300 million.

Core to HBA's business is its single-family homes construction business which in 2016, built a total of 607 homes from its Canadian and Texas single-family divisions. In 2000, HBA recognized the increase demand for contemporary-styled multi-family developments and has gradually increased the volume and size of projects culminating in 2016, with Avi Urban building 188 multi-family units.

Executive Team

The HBA Leadership team combined has over 150 years in the home building industry, the majority of which in the Calgary and Edmonton markets. Each member of the leadership team has extensive relationships with local land owners, area developers as well as key decision makers and influencers at various level of municipal government. Since inception, HBA has participated in many successful raw land to lot development projects and HBA has built a very experienced management team with the knowledge and relationships for success.

The HBA Leadership Team includes: Avi Amir, Chairman; Monte Kendall, Chief Executive Officer; Michele Ward, Chief Financial Officer; Alice Mateyko – President, Homes by Avi, Alberta (Single Family Housing Division); Charron Ungar – President, Avi Urban; Darren Soltes – President, Homes by Avi, Texas; Naum Shteinbah – Vice President, Business Development and Project Financing.

OUR FUTURE

Looking forward to the next ten years

HBA continues to use its reputation and business acumen to enter new areas in Calgary and Edmonton and to find unique and desired opportunities to build its homes. In Calgary, Livingston with Brookfield, Savanna and Carrington with Genstar, and Tuscany are testament to this.

In 2018, there are as many as 12 new single-family and Avi Urban opportunities in Calgary that we are looking at that will be highly sought after by our competitors. In Edmonton, the land situation is different, in that there is more supply and less demand, making it easier to choose where we want to be. In 2018, Avi Urban will be looking at expansion into Edmonton.

As a result of the above factors HBA has organized the Trust and this Offering, to assist the Operating Avi Parties in raising funds to be used to acquire, hold and develop raw land or land available for servicing for use by the Operating Parties. Funds raised under this Offering will be used for deposits and for the purchase price of land acquired by the Operating Avi Parties in Alberta as well as for all third party costs incurred by the Operating Avi Parties in the acquisition and development of such land. The Operating Avi Parties may also use the proceeds of this Offering to invest in shares, limited partnership units or joint venture units and other similar securities in private real estate structures for the purpose of providing the Operating Avi Parties with future access to lands in Alberta for residential construction by these Parties.

Payments of principal and interest paid by the Operating Avi Parties to the Trust pursuant to the Loans will be made from revenues resulting from the operation of the Avi Business.

There have been no unfavorable developments affecting the Trust's business since its inception.

The following unfavorable developments have affected the Operating Avi Parties over the past 12 months:

The Operating Avi Parties had experienced an overall ten (10%) decrease in closings from 2015 to 2016.

2.4 Short And Long Term Objectives

The Trust's primary purpose and sole business, and thus its short term and long term objective, is to raise \$6,000,000 or more under this Offering and the Previous Offerings and to loan those funds to the Operating Avi Parties, with the objective of generating returns to Unitholders. The total principal amount of the Loans will be equal to the Gross Proceeds raised under this Offering and the Previous Offerings.

All costs, expenses and fees associated with the Offering and the Previous Offerings will be borne by Avi Canada rather than the Trust pursuant to the terms of the Funding Agreement and as such the Trust will not incur any costs in achieving its short or long term objectives.

Proceeds raised under this Offering and the Previous Offerings will not be used to fund operational expenses of the Operating Avi Parties nor will the proceeds be used to pay for the costs of this Offering or the administration of the Trust.

2.5 Insufficient Funds

The Trust

The Trust intends that all or substantially all of the Gross Proceeds of the Offering and the Previous Offerings will be used to provide the Loans to the Operating Avi Parties. The Trust does not intend to hold any significant cash reserves. The proceeds of this Offering may not be sufficient to accomplish all of the Trust's proposed objectives and there is no assurance that alternative financing will be available.

2.6 Material Agreements

The Trust

The only material agreements which have been entered into by the Trust since its formation are:

- the Declaration of Trust (see "Summary of the Declaration of Trust");
- the Funding Agreement (see "Summary of the Funding Agreement"); and
- the Loan Agreement (see "Summary of the Loan Agreement").

SUMMARY OF THE LOAN AGREEMENT

The Trust and the Operating Avi Parties have entered into the Loan Agreement. The material terms of the Loan Agreement are as follows:

Loans – the aggregate of all funds advanced by the Trust to the Operating Avi Parties between each 12 month period commencing March 1 and ending the following February 28 during the term of the Trust will be considered a separate Loan and will be evidenced by a Promissory Note issued by the Operating Avi Parties to the Trust which will include the terms below. The obligations of the Operating Avi Parties will be joint and several under the Loan Agreement and each Promissory Note granted by the Operating Avi Parties to the Trust.

Interest Rate – will be agreed to between the Trust and the Operating Avi Parties prior to commencement of each Investment Period for a Series of Units. With respect to all Loans with advanced between March 1, 2015 and February 28, 2016, the interest rate was eight percent (8%) per annum, calculated quarterly, not in advance. For all Loans advanced between May 31, 2016 and February 28, 2018 the interest rate will be five percent (5%) per annum, calculated quarterly, not in advance.

Interest payments – interest paid quarterly on each February 28, May 31, August 31 and November 30 during the term of a Loan. The Trust will loan the Operating Avi Parties all amounts paid by the Operating Avi Parties on account of interest with respect to a Loan.

Principal Payments – the whole of the principal amount of a Loan or any portion thereof so demanded by the Trust shall be payable on demand.

Security – Avi Canada has provided the Trust with security over all of its present and after acquired personal property which is subordinate to security provided by Avi Canada to its institutional lenders and with respect to security provided by Avi Canada in respect of shareholders loans made by Avi Canada's sole shareholder. The other Operating Avi Parties will not provide security in respect of the Loans. See Item 8 - "Risk Factors".

In the event that the payment terms of any Loan Advance has been in default for 30 consecutive days, the Trustee shall call a Special Meeting of the Trust Unitholders for the purpose of obtaining direction from the Trust Unitholders as to whether the Trust Unitholders want to replace the Trustee with a Trustee appointed by the Trust Unitholders.

SUMMARY OF THE DECLARATION OF TRUST

In the event that the Amendment is approved by Extraordinary Resolution of the Unitholders, the Declaration of Trust will be amended in all respects necessary to give effect to the Amendment. In the event that the Amendment is not approved by Extraordinary Resolution of the Unitholders, the above terms will not form terms of the Declaration of Trust.

1.10 *Audit, Accounting and Reporting*

All accounting terms not specifically defined in this Declaration of Trust will be interpreted in accordance with GAAP. Where the character or amount of any asset or liability or item of revenue or expense or amount of equity is required to be determined, or any consolidation or other accounting computation is required to be made, for the purpose of this Declaration of Trust, such determination or calculation will, to the extent applicable and except as otherwise specified herein or as otherwise determined by the Trustee, be made in accordance with GAAP.

3.1 *Nature of Trust Units*

The beneficial interests in the Trust shall be divided into interests of one class, described and designated as “Trust Units”, which shall be entitled to the rights and subject to the limitations, restrictions and conditions set out herein. The Trustee, in its sole discretion may designate Trust Units issued by the Trust into separate Series based on the date of issue of such Trust Units, and the interest of each Trust Unitholder shall be determined by the number of Trust Units registered in the name of the Trust Unitholder in each Series;

Additionally the Trustee, in its discretion, shall be authorized to issue an individual Series or a number of Series of Trust Units (each a “**Discretionary Trust Unit Series**” and all Trust Units issued in a Discretionary Trust Unit Series shall be referred herein as “**Discretionary Trust Units**”) which shall have all of the rights provided for in this Declaration of Trust other than with respect to the rights provided for under Section 5.7(a) and (b) and the rights of redemption provided for in Article 6 herein. The method of payment of distributions (the “**Method of Payment of Distributions**”) other than with respect to Section 5.7(d) which shall be applicable in all respects to Discretionary Trust Units and rights of redemption (the “**Discretionary Trust Unit Redemption Rights**”) with respect to all Discretionary Trust Unit Series shall be determined by the Trustee by way of a unanimous resolution (each such resolution shall be referred to as a “**Discretionary Trust Unit Series Trustee Resolution**”) of the Trustee at the time a Discretionary Trust Units Series is issued by the Trust and this Declaration shall be considered to be amended as of the date of the Discretionary Trust Unit Series Trustee Resolution to the extent necessary to include the Method of Payment of Distributions and Discretionary Trust Unit Redemption Rights provided for in the Discretionary Trust Unit Series Trustee Resolution; and

Subject to Section 5.3, the Trust Units of each Series shall represent an equal undivided beneficial interest in any distribution from the Trust to which a Series of Units is entitled (whether of Income of the Trust, Net Realized Capital Gains or other amounts) and in any net assets of the Trust in the event of termination or winding-up of the Trust to which a Series of Units is entitled. All Trust Units in a Series shall rank among themselves equally and rateably without discrimination, preference or priority, whatever may be the actual date or terms of issue thereof. Each Trust Unit shall entitle the holder of record thereof to one vote at all meetings of Trust Unitholders or in respect of any written resolution of Trust Unitholders.

3.3 *Issue of Trust Units*

- a) Trust Units shall be issued pursuant to and in accordance with this Declaration of Trust;
- b) the Trustee is authorized to review and accept subscriptions for Trust Units received by the Trust and to issue Trust Units in Series pursuant thereto;
- c) in addition, Trust Units may be issued by the Trust at the times, to the persons, for the consideration and on the terms and conditions that the Trustee determines, and, without limiting the generality of the foregoing, the Trustee may authorize the Trust to pay a reasonable commission to any person in consideration of such person purchasing or agreeing to purchase Trust Units from the Trust or from any other person or procuring or agreeing to procure purchasers for Trust Units; and
- d) Trust Units shall only be issued as and when fully paid in money, property, including indebtedness, or past services, and are not to be subject to future calls or assessments, except that Trust Units to be issued under an offering may be issued for a consideration payable in instalments and the Trust may take a security interest over such Trust Units for unpaid instalments.

3.4 *Trust Units Non-Assessable*

No Units shall be issued other than as fully paid and non-assessable. No person shall be entitled, as a matter of right, to subscribe for or purchase any Unit, except in accordance with the provisions of the Declaration of Trust.

3.5 *Legal Ownership of Assets of the Trust*

The legal ownership of the assets of the Trust and the right to manage the investments of the Trust are vested exclusively in the Trustee and the Trust Unitholders shall have no interest therein other than the beneficial interest in the Trust Fund conferred by their Trust Units issued hereunder and they shall have no right to compel any partition, division, dividend or distribution of the Trust Fund or any of the assets of the Trust. The Trust Units shall be personal property and shall confer upon the holders thereof only the interest and rights specifically set forth in this Declaration of Trust. No Trust Unitholder has or is deemed to have any right of ownership in any of the assets of the Trust, including without limitation the Trust Fund.

3.6 *No Fractional Units*

Fractions of Units shall not be issued, except pursuant to distributions of additional Units to all Unitholders. Fractions of Units will not be entitled to vote at meetings of Unitholders.

3.7 *Consolidation of Trust Units*

Immediately after any pro-rata distribution of additional Trust Units to all holders of Trust Units pursuant to Section 5.7 (c), the number of the outstanding Trust Units will automatically be consolidated such that each such holder will hold after the consolidation the same number of Trust Units as such holder held before the distribution of additional Trust Units and each Trust Unit Certificate representing a number of Trust Units prior to the distribution of additional Trust Units is deemed to represent the same number of Trust Units after the distribution of additional Trust Units and the consolidation. Such consolidation shall not constitute a redemption or cancellation of Trust Units so consolidated and a Trust Unitholder whose Trust Units are consolidated shall not receive, and shall not be entitled to receive, any proceeds of disposition in respect thereof. Notwithstanding the foregoing, where tax is required to be withheld in respect of a Trust Unitholder's share of the distribution, the Trust shall withhold from the cash portion of such distribution, if any, or the Trust Unitholder shall make a cash payment to the Trust, of an amount equal to the amount of tax required to be remitted to the appropriate taxation authority by the Trust, or, if such withholding cannot be made by the Trust or such payment is not made by the Trust Unitholder:

- a) the consolidation of the Trust Units held by such Trust Unitholder will result in such Trust Unitholder holding that number of Trust Units equal to the number of Trust Units held by such Trust Unitholder prior to the distribution minus the number of Trust Units withheld by the Trust on account of withholding taxes payable by the Trust Unitholder in respect of the distribution; and
- b) the consolidation shall not apply to any Trust Units so withheld.

Any Trust Units so withheld shall either be delivered to the appropriate taxation authority or sold, in which case the net proceeds shall be remitted to the appropriate taxation authority. Such Trust Unitholder will be required to surrender the Trust Unit Certificates, if any, representing such Trust Unitholder's original Trust Units, in exchange for a Trust Unit Certificate representing such Trust Unitholder's post-consolidation Trust Units other than the withheld Trust Units.

3.8 *Re-Purchase of Initial Trust Units by Trust*

Immediately after the issuance of one or more additional Trust Units, the Trust shall purchase the Initial Trust Units from the Settlor, and the Settlor shall sell the Initial Trust Units to the Trust, for a purchase price of one hundred dollars (\$100.00) and, upon the completion of such purchase and sale, the Initial Trust Units shall be cancelled and shall no longer be outstanding for any of the purposes of this Declaration of Trust.

3.9 *No Conversion, Retraction, Redemption or Pre-Emptive Rights*

Except as otherwise set forth herein, there are no conversion, retraction, redemption or pre-emptive rights attaching to the Trust Units.

4 INVESTMENTS OF TRUST FUND

4.1 Primary Investments

All Trust Units issued by the Trust between February 18, 2015 and February 28, 2015 and thereafter between March 1, 2015 and February 28, 2016 and every such consecutive annual period thereafter during the term of the Trust will be designated as an individual Series. The net proceeds from the issuance of a Series of Trust Units will be loaned (each a “**Loan Advance**”) to the Operating Avi Parties. In return for each Loan Advance from the Trust, the Operating Avi Parties will grant a Promissory Note to the Trust pursuant to which the Operating Avi Parties shall be obligated to pay interest on the principal amount of each Loan Advance on terms as shall be agreed to between the Trust and the Operating Avi Parties. The Trust Unitholders of each Series of Trust Units shall only be entitled to distributions of Cash Flow of the Trust, Income of the Trust and Net Realized Capital Gains of the Trust (as provide for in Section 5 herein), if any, arising from the Loan Advance to which their Series of Trust Units relates.

4.2 Other Investments

Funds within the Trust Fund that are not required to be distributed to Trust Unitholders and are not otherwise used by the Trustee to pay for the cost and expenses of administering the Trust may be deposited by the Trustee on behalf of the Trust Unitholders or may be used by the Trustee on behalf of the Trust Unitholders to acquire Permitted Investments from time to time.

4.3 Investment Restrictions

- a) The Trustee shall ensure that the Trust:
 - (i) complies at all times with the requirements of subsection 108(2) and subsection 132(6) of the Tax Act; and
 - (ii) does not take any action, or acquire or retain any investment, that would result in the Trust not being considered a “mutual fund trust” as defined by the Tax Act; and
- b) the Trustee may, prior to any investment or activity, obtain an opinion confirming that the investment or activity will not affect the Trust’s status as a “mutual fund trust” for purposes of the Tax Act, shall not cause the Trust to become a SIFT Trust (as defined in the Tax Act), or fail to comply with the provisions of subsection 132(7) of the Tax Act.

5.1 Computation of Cash Flow of the Trust

The “**Cash Flow of the Trust**”, for, or in respect of, any Distribution Period, with respect to a Series of Trust Units, shall be equal to the sum of:

- a) all amounts which are received by the Trust with respect to a Series of Trust Units, for or in respect of, the Distribution Period, including, without limitation, interest, dividends, distributions, proceeds from the disposition of securities, returns of capital and repayments of indebtedness (including without limitation all such amounts as aforesaid received from the Operating Avi Parties arising from payments of principal and interest made by the Operating Avi Parties pursuant to the terms of a Promissory Note), or any other payment; and
- b) all amounts received by the Trust with respect to a Series of Trust Units in any prior Distribution Period to the extent not previously distributed;

less the sum of:

- c) all amounts used for Permitted Investments with respect to a Series of Trust Units during the Distribution Period or set aside by the Trustee for investments;
- d) all costs and expenses of the Trust which, in the opinion of the Trustee, may reasonably be considered to have accrued and become owing in respect of, or which relate to, the Distribution Period, or a prior period if not accrued or deducted in determining the Cash Flow of the Trust with respect to a Series of Trust Units in such prior period;
- e) all debt repayments and interest costs and expenses, if any, incurred by the Trust in the Distribution Period with respect to a Series of Trust Units;

- f) all costs and expenses of the Trust relating to capital expenditures which, in the opinion of the Trustee, may reasonably be considered to have accrued and become owing during the Distribution Period, or a prior period if not accrued or deducted in such prior period with respect to a Series of Trust Units;
- g) all amounts contributed or loaned, or which the Trustee reasonably expects to contribute or loan, to an associate or affiliate of the Trust with respect to a Series of Trust Units; and
- h) any other amounts (including taxes) required by law or hereunder to be deducted, withheld or paid by or in respect of the Trust in the Distribution Period with respect to a Series of Trust Units.

5.2 *Computation of Income and Net Realized Capital Gains*

- a) The “**Income of the Trust**” for any taxation year of the Trust shall be the net income for the year determined pursuant to the provisions of the Tax Act (other than subsection 104(6) and paragraph 82(1)(b)) having regard to the provisions thereof which relate to the calculation of income of a trust, and taking into account such adjustments thereto as are determined by the Trustee in respect of dividends received or deemed to be received from taxable Canadian corporations, amounts paid or payable by the Trust to Trust Unitholders and such other amounts as may be determined in the discretion of the Trustee; provided, however, that capital gains and capital losses shall be excluded from the computation of net income; and
- b) the “**Net Realized Capital Gains**” of the Trust for any taxation year of the Trust shall be determined as the amount, if any, by which the aggregate of the capital gains of the Trust for the year calculated in accordance with the provisions of the Tax Act exceeds:
 - (i) the aggregate of the capital losses of the Trust for the year calculated in accordance with the provisions of the Tax Act;
 - (ii) any capital gains which are realized by the Trust as a result of a redemption of Trust Units pursuant to Article 6 and which have been designated to the redeeming Trust Unitholders;
 - (iii) any amount in respect of which the Trust is entitled to a capital gains refund under the Tax Act; and
 - (iv) the amount determined by the Trustee in respect of any net capital losses for prior taxation years which the Trust is permitted by the Tax Act to deduct in computing the taxable income of the Trust for the year.

5.3 *Distribution of Cash Flow of the Trust*

The Trustee may on or before each Distribution Record Date, declare payable to the holders of each Series of Trust Units on such Distribution Record Date all or any part of the Cash Flow of the Trust for the Distribution Period which includes such Distribution Record Date to which each Series shall be entitled. The proportionate share for a Trust Unit of each Series of the amount of such Cash Flow of the Trust to which each Series is entitled (or portion thereof declared payable) shall be determined by dividing such amount by the number of issued and outstanding Trust Units of each Series on such Distribution Record Date. The share of such Cash Flow of the Trust (or portion thereof declared payable) to which each Series is entitled attributable to each holder of a Series of Trust Units shall be an amount equal to the proportionate share for each Trust Unit of a Series of the amount of such Cash Flow of the Trust (or portion thereof declared payable) to which each Series is entitled multiplied by the number of Trust Units of a Series owned of record by each such holder of Trust Units on such Distribution Record Date. Subject to Sections 5.7 and 5.8, Cash Flow of the Trust which has been declared to be payable to holders of a Series of Trust Units in respect of a Distribution Period shall be paid in cash on the Distribution Payment Date.

5.4 *Other Distributions*

- a) In addition to the distributions which are made payable to Trust Unitholders pursuant to Section 5.3, the Trustee may declare to be payable and make distributions to Trust Unitholders of record, from time to time, out of Income of the Trust, Net Realized Capital Gains, the capital of the Trust or otherwise, to which each Series is entitled, in any year, in such amount or amounts, and on such record dates as the Trustees may determine;

- b) Having regard to the present intention to allocate, distribute and make payable to Trust Unitholders all of the Income of the Trust, Net Realized Capital Gains and any other applicable amounts so that the Trust will not have any liability for tax under Part I of the Tax Act in any taxation year, the following amounts shall be due and payable to Trust Unitholders of each Series of record on December 31 in each such year:
 - i. an amount equal to the amount, if any, by which the Income of the Trust for such year in respect of that Series of Trust Units exceeds the aggregate of the portions, if any, of each distribution made by the Trust pursuant to Section 5.3 and Section 5.4(a) which have been determined by the Trustee, pursuant to Section 5.5, to have been payable by the Trust out of Income of the Trust in respect of that Series of Trust Units for such year; and
 - ii. an amount equal to the amount, if any, by which the Net Realized Capital Gains of the Trust for such year in respect of that Series of Trust Units exceeds the aggregate of the portions, if any, of each distribution made by the Trust pursuant to Section 5.3 and Section 5.4(a) which have been determined by the Trustee, pursuant to Section 5.5, to have been payable by the Trust out of Net Realized Capital Gains in respect of that Series of Trust Units for such year;
- c) The proportionate share of each Trust Unit of the amount of any distribution made pursuant to either or both of Sections 5.4(a) and 5.4(b) shall be determined by dividing such amount by the number of issued and outstanding Trust Units of a Series of Trust Units on the applicable record date in respect of a distribution pursuant to Section 5.4(a) and on December 31 in respect of a distribution pursuant to Section 5.4(b). Each Trust Unitholder's share of the amount of any such distribution shall be an amount equal to the proportionate share of each Trust Unit of such amount multiplied by the number of Trust Units of a Series of Trust Units owned of record by each such Trust Unitholder on such applicable record date or December 31 in the year of such distribution, as the case may be. Subject to Section 5.7 and Section 5.8, amounts which are payable to Trust Unitholders pursuant to either Section 5.4(a) or 5.4(b) shall be paid in cash on the Distribution Payment Date which immediately follows the applicable record date in respect of a distribution pursuant to Section 5.4(a) or shall be payable December 31 in the applicable year in respect of a distribution pursuant to Section 5.4(b) and shall be paid forthwith, and in no event later than January 30 of the following year, subject to Section 5.6.

5.5 *Character of Distributions and Designations*

In accordance with and to the extent permitted by the Tax Act and analogous provisions of any provincial legislation, the Trustee in each year shall make designations in respect of the amounts payable to Trust Unitholders for such amounts that the Trustee considers to be reasonable in all of the circumstances, including, without limitation, designations relating to taxable dividends received by the Trust in the year on shares of taxable Canadian corporations (or designated in respect of the Trust where the Trust is a beneficiary of another trust), net capital gains realized by the Trust in the year (or designated in respect of the Trust where the Trust is a beneficiary of another trust) and foreign source income of and the foreign income tax paid by the Trust for the year, as well as designations under subsections 104(13.1) and/or (13.2) of the Tax Act that income be taxed to the Trust, rather than to such Trust Unitholders. Distributions payable to Trust Unitholders pursuant to this Article 5 shall be deemed to be distributions of Income of the Trust, Net Realized Capital Gains, trust capital or other items in such amounts as the Trustee shall, in its absolute discretion, determine. For greater certainty, it is hereby declared that any distribution of Net Realized Capital Gains shall include the non-taxable portion of the capital gains of the Trust, which are encompassed in such distribution.

5.6 *Enforceability of Right to Receive Distributions*

For greater certainty, it is hereby declared that each Trust Unitholder shall have the legal right to enforce payment of any amount payable to such Trust Unitholder as a result of any distribution, which is payable to such Trust Unitholder pursuant to this Article 5.

5.7 Method of Payment of Distributions

- a) Other than with respect to Discretionary Trust Units, distributions of interest paid by the Operating Avi Parties to the Trust pursuant to the terms of a Promissory Note during the Investment Period applicable to each Series of Units shall be paid by the Trust to Trust Unitholders through the issuance of Trust Units in the Series to which a Promissory Note relates;
- b) Upon the expiry of an Investment Period of a Series, distributions of interest paid by the Operating Avi Parties to the Trust pursuant to the terms of a Promissory Note will, other than with respect to Discretionary Trust Units, be paid in cash by the Trust to the Trust Unitholders of the Series to which the Promissory Note relates;
- c) With respect to Discretionary Trust Units, distributions of interest paid by the Operating Avi Parties to the Trust pursuant to the terms of a Promissory Note during the Investment Period applicable to each Discretionary Series of Trust Units shall be paid by the Trust to Trust Unitholders in accordance with the terms of the Discretionary Trust Unit Series Trustee Resolution;
- d) Where the Trustee determines that the Trust does not have available cash in an amount sufficient to make payment of the full amount of any distribution which has been declared to be payable pursuant to this Article 5 on the due date for such payment other than with respect to distributions made pursuant to subparagraph (a) above, the payment may, at the option of the Trustee include the issuance of additional Trust Units, or fractions of Trust Units, if necessary, having a value equal to the difference between the amount of such distribution and the amount of cash which has been determined by the Trustee to be available for the payment of such distribution; and
- e) the value of each Trust Unit which is issued pursuant to Sections 5.7(a) and (d) shall be one dollar (\$1) per Trust Unit.

5.8 Withholding Taxes

The Trustee may deduct or withhold from distributions payable to any Trust Unitholder all amounts required by law to be withheld from such distributions, whether those distributions are in the form of cash, additional Trust Units or otherwise. In the event of a distribution in the form of additional Trust Units or property other than cash, the Trustee may sell such Trust Units or other property of those Trust Unitholders to pay those withholding taxes and to pay all of the Trustees' reasonable expenses with regard thereto and the Trustee shall have the power of attorney of the Trust Unitholder to do so. Any such sale of Trust Units or property may be made by private sale and upon that sale, the affected Trust Unitholder shall cease to be the holder of those Trust Units or that property. In the event that withholding taxes are exigible on any distribution or redemption amounts distributed under this Declaration of Trust and the Trust was unable to withhold taxes from a particular distribution to a Trust Unitholder or has not otherwise withheld taxes on particular distributions to the Trust Unitholders, the Trust shall be permitted to withhold amounts from other distributions to satisfy the withholding tax obligation. Each Trust Unitholder, by its acceptance of Trust Units, agrees that it shall indemnify and hold harmless the Trust for any amount required to be withheld as provided in this Section 5.8 and that such Trust Unitholder is entitled to subsequent distributions from the Trust only to the extent that such distributions are, in the sole opinion of the Trustee, in excess of amounts sufficient to discharge the required withholding. Each Trust Unitholder, by its acceptance of Trust Units, grants the Trustee the power to do so.

5.9 No Liability for Sales

The Trustee shall have no liability whatsoever to any Trust Unitholders and no resort shall be had to the Trust Fund or the Trustee, as the case may be, for satisfaction of any obligation or claim against the Trustee or the Trust in connection with the Trust's sale of Trust Units under any provision herein to comply with its statutory obligations to withhold and remit an amount otherwise payable to the Trust Unitholders.

6 REDEMPTION OF UNITS

6.1 Right of Redemption

Each holder of Trust Units, other than holders of Discretionary Trust Units, shall be entitled to require the Trust to redeem at any time or from time to time at the demand of such holder of Trust Units all or any part of the Trust Units registered in the name of such holder of Trust Units at the prices determined and payable in accordance with the terms and conditions hereinafter provided. The Trustee shall be entitled in its discretion to determine and designate whether any payments made in respect of any redemption are on account of income or capital.

6.2 *Redemption Right During Investment Period*

- a) To exercise a right to require redemption of Trust Units of a Series during an Investment Period, a duly completed and properly executed notice (each a “**Section 6.2 Redemption Notice**”) requesting the Trust to redeem Trust Units, in a form acceptable to the Trustee, acting reasonably, specifying the identity, capacity or authority of the person giving such notice and number and Series of Trust Units to be so redeemed, along with the Trust Unit Certificate(s) representing the Trust Units to be so redeemed, shall be sent by a Trust Unitholder to the Trust at the office of the Trust. The Trustee may request such further information or evidence, as it deems necessary, acting reasonably, to act on such Redemption Notice; and
- b) Trust Units shall be considered to be tendered for redemption on the date that the Trustee has, to its satisfaction, received the Section 6.2 Redemption Notice and other required documents or evidence as aforesaid.
- c) Upon receipt by the Trustee on behalf of the Trust of the Section 6.2 Redemption Notice, the holder of the Trust Units tendered for redemption shall be entitled to receive an aggregate redemption price for all Trust Units to be redeemed (hereinafter called the “**Section 6.2 Redemption Price**”) equal to the Unit Subscription Price of each Trust Unit to be redeemed;
- d) The Section 6.2 Redemption Price payable in respect of the Trust Units surrendered for redemption shall be satisfied as follows:
 - (i) subject to Section 6.2(e) below, by way of a cash payment within 30 days of the receipt of a Section 6.2 Redemption Notice by the Trust with respect to all Trust Units acquired by the Trust Unitholder through contributions made personally by the Trust Unitholder (the “**Unitholder Contributions**”) to his/her self-directed RRSP account during the Investment Period to which the Units to be redeemed relates including any Trust Units issued to the Trust Unitholder in accordance with distributions made by the Trust pursuant to Section 5.7(a) herein with respect to Trust Units acquired by the Trust Unitholder through Unitholder Contributions; and
 - (ii) the Section 6.2 Redemption Price with respect to Trust Units acquired by a Trust Unitholder from all amounts contributed by any of the Operating Avi Parties (each an “**Avi Party RRSP Contribution**”) to the Trust Unitholder’s self-directed RRSP account held during the Investment Period applicable to the Series of Units for which a Section 6.2 Redemption Notice has been received including any Trust Units issued to the Trust Unitholder in accordance with distributions made by the Trust pursuant to Section 5.7(a) herein with respect to Trust Units acquired by the Trust Unitholder through Avi Party RRSP Contributions with all funds (collectively the “**Avi Party Contribution Amount**”) received through any Avi Party RRSP Contributions shall, subject to all necessary regulatory approvals, be paid and satisfied by the Trust issuing promissory notes (the “**Section 6.2 Redemption Notes**”). The Section 6.2 Redemption Notes shall be promissory notes issued in series, or otherwise, by the Trust and issued to redeeming Trust Unitholders in principal amounts equal to the aggregate of the Section 6.2 Redemption Price per Trust Unitholder representing the Avi Party Contribution Amount that will not be paid in cash and having the following terms and conditions:
 - 1. unsecured and bearing interest from and including the issue date of each such note at a rate equal to lesser of (i) the Royal Bank of Canada Prime Rate in effect as of the date a Section 6.2 Redemption Notice is received; and (ii) one half of the interest rate of the Promissory Note related to the Series of Units being redeemed, payable annually in arrears (with interest after as well as before maturity, default and judgment, and interest on overdue interest at such rate);
 - 2. subordinated and postponed to all senior indebtedness and which may be subject to specific subordination and postponement agreements to be entered into by the Trustee with holders of senior indebtedness;
 - 3. due and payable on the fifth anniversary of the date of issuance;
 - 4. subject to earlier repayment without penalty; and

5. subject to the other standard terms and conditions as would be included in a promissory note of this kind, as may be approved by the Trustee.
- e) The Trust shall not be required to make cash payments for redemptions of Units pursuant to subparagraph (d)(i) above in excess of \$50,000 (the “**Section 6.2 Redemption Limit**”) per month (each a “**Section 6.2 Redemption Period**”) provided that the Trustee may, in its sole discretion, waive such limitation in respect of all Trust Units tendered for redemption pursuant to a Section 6.2 Redemption Notice. Trust Units tendered for redemption in any Section 6.2 Redemption Period in which the total amount payable by the Trust pursuant to subparagraph (d)(i) above exceeds the Section 6.2 Redemption Limit will be redeemed for cash on a pro-rata basis up to the Section 6.2 Redemption Limit;
 - f) Any remaining unpaid balance over and above the Section 6.2 Redemption Limit shall be paid by the Trust on or before the last day of the month following the month in which a payment is made by the Trust pursuant subparagraph (e) above, subject always to such payments, together the aggregate of payments to be made by the Trust pursuant to subparagraph (d)(i) above in the month in question not exceeding the Section 6.2 Redemption Limit. - y) to redeem Trust Units (or rights, warrants, convertible securities, options or other securities) for such consideration as the Trustee may deem appropriate in its sole discretion, such redemption to be subject to the terms and conditions of this Declaration of Trust;
- z) to use its reasonable commercial efforts to ensure that the Trust qualifies at all times as a "mutual fund trust" pursuant to Section 132(6) of the Tax Act and not take any action that would result in the Trust, or any entity in which the Trust has invested being considered a "SIFT trust" or a "SIFT partnership" as defined in the Tax Act;
- aa) in addition to the mandatory indemnification provided for in Section 9.8 to the extent permitted by law to indemnify, or enter into agreements with respect to the indemnification of, any person with whom the Trust has dealings including, without limitation, the Trustee, or the Transfer Agent, to such extent as the Trustee shall determine and to the extent permitted by law;

- ff) to provide indemnities for the directors and officers of any affiliate of the Trust;
- gg) to form any subsidiary of the Trust for the purpose of making any Permitted Investment and entering into or amending any agreement on such terms as may be approved by the Trustee;

The Trustee shall, except as may be prohibited by applicable law, have the right to delegate authority for the above-referenced matters to a manager or administrator if the Trustee determines in its sole discretion that such delegation is desirable to effect the administration of the duties of the Trustee under this Declaration of Trust.

9.3 *Restrictions on Trustee's Powers*

In respect of any obligations that the Trust is required to assume, the Trustee will use its commercially reasonable efforts to ensure that these are in writing and contain provisions to exempt the Trust Unitholders from any liability thereunder and to limit any such liability in respect of the Trust Fund.

In carrying out its functions under this Declaration of Trust, the Trustee shall act honestly and in good faith, exercise the degree of care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances, and act in good faith in accordance with the intent of the provisions of this Declaration of Trust respecting the relative rights of the Trust Unitholders.

9.8 *Indemnification of Trustee*

The Trustee shall be fully indemnified and saved harmless out of the Trust Fund in respect of:

any liability and all losses, damages, costs, charges and expenses sustained or incurred in respect of any action, suit or proceeding that is proposed or commenced against the Trustee for or in respect of any act, omission or error in respect of the Trust and the Trustee's execution of all duties and responsibilities and exercise of all powers and authorities pertaining thereto;

- a) all other costs, charges, taxes, penalties and interest in respect of unpaid taxes; and
- b) all other expenses and liabilities sustained or incurred by the Trustee in respect of the administration or termination of the Trust;

Unless any of the foregoing arise out of the gross negligence, wilful misconduct or fraud of the Trustee. This indemnification shall survive the termination of the Trust and the resignation or removal of the Trustee.

Notwithstanding any other provision of this Declaration of Trust, and whether such losses or damages are foreseeable or unforeseeable, the Trustee shall not be liable under any circumstances whatsoever for any (a) breach by any other party of securities law or other rule of any securities regulatory authority, (b) lost profits or (c) special, indirect, incidental, consequential, exemplary, aggravated or punitive losses or damages.

11.1 Permitted Amendments to the Declaration of Trust

The provisions of this Declaration of Trust, except where specifically provided otherwise, may only be amended by Extraordinary Resolution; provided that the provisions of this Declaration of Trust may also be amended by the Trustee(s) without the consent, approval or ratification of the Trust Unitholders or any other person at any time:

- a) for the purpose of ensuring continuing compliance with applicable laws, regulations or policies of any governmental authority having jurisdiction over the Trustee or the Trust;
- b) in a manner which provides additional protection for the Trust Unitholders or to obtain, preserve or clarify the provision of desirable tax treatment to the Trust Unitholders;
- c) ensuring that the Trust will satisfy the provisions of the Tax Act with respect to retaining its qualification as a “mutual fund trust”, pursuant to subsection 132(6) of the Tax Act, as the Tax Act may be amended from time to time;
- d) to ensure that the Trust is not considered a “SIFT trust” as defined in the Tax Act;
- e) in a manner which, in the opinion of the Trustee, is necessary or desirable as a result of changes in Canadian taxation laws;

- g) to change the status of, or the laws governing, the Trust which, is desirable in order to provide Trust Unitholders with the benefit of any legislation limiting their liability; or
- h) to include Method of Payment of Distributions and Discretionary Trust Unit Redemption Rights of any Discretionary Series of Trust Units issued by the Trust in accordance with Section 3.1(b);

but notwithstanding the foregoing, no such amendment shall modify the voting rights of any Trust Unit or reduce the fractional undivided interest in the Trust assets represented by any Trust Unit without the consent of the holder of such Trust Unit, and no amendment shall reduce the percentage of votes required to be cast at a meeting of the Trust Unitholders for the purpose of this Section 11.1 without the consent of the holders of all of the Trust Units then outstanding.

12 MEETINGS OF UNITHOLDERS

12.1 General and Special Meetings of Unitholders

General meetings of the Trust Unitholders shall be called, at a time and at a place in Canada set by the Trustee. The business transacted at such meetings shall include the presentation of the financial statements of the Trust for the preceding fiscal years, the appointment of Auditors for the ensuing years, and the transaction of such other business as Trust Unitholders may be entitled to vote upon as hereinafter provided in this Article 12 or as the Trustee may determine or as may be properly brought before the meeting;

- a) special meetings of the Trust Unitholders may be called by the Trustee at any time and for any purpose;
- b) the Trustee shall call a special meeting in the event that the payment terms of any Loan Advance has been in default for 30 consecutive days for the purpose of obtaining direction from the Trust Unitholders as to whether the Trust Unitholders want to replace the Trustee with a Trustee appointed by the Trust Unitholders;
- c) Trust Unitholders holding in the aggregate not less than 25% of all votes entitled to be voted at a meeting of Trust Unitholders may requisition the Trustee to call a special meeting of Trust Unitholders for the purposes stated in the requisition other than to remove the Trustee(s), unless such removal is to occur in accordance with the terms and conditions of sub-paragraph (d) above. The requisition shall:
 - (i) be in writing;

- (ii) set forth the name and address of, and number of Trust Units and Exchangeable Securities (and votes attached thereto which, in the aggregate, must not be less than 25% of all votes entitled to be voted at a meeting of Trust Unitholders) held by each person who is supporting the requisition; and
 - (iii) state in reasonable detail the business to be transacted at the meeting and shall be sent to the Trustee.
- d) upon receiving a requisition complying with the foregoing, the Trustee shall call a meeting of Trust Unitholders to transact the business referred to in the requisition, unless:
 - (i) a record date for a meeting of Trust Unitholders has been fixed;
 - (ii) the Trustee has called a meeting of Trust Unitholders and have given notice thereof pursuant to Section 12.2; or
 - (iii) in connection with the business as stated in the requisition:
 - (A) it clearly appears that a matter covered by the requisition is submitted by the Trust Unitholders primarily for the purpose of enforcing a personal claim or redressing a personal grievance against the Trust, the Trustee, or the Trust Unitholders, or primarily for the purpose of promoting general economic, political, religious, social or similar causes or primarily for a purpose that does not relate in a significant way to the business or affairs of the Trust;
 - (B) the Trust, at the Trust Unitholder's request, had previously included a matter substantially the same as a matter covered by the requisition in an information circular relating to a meeting of Trust Unitholders held within 36 months preceding the receipt of such requisition and the Trust Unitholders failed to present the matter, in person or by proxy, at the meeting;
 - (C) substantially the same matter covered by the requisition was submitted to Trust Unitholders in an information circular relating to a meeting of Trust Unitholders held within 36 months preceding the receipt of such requisition and the matter covered by the requisition was defeated; or
 - (D) the rights conferred by this Section 12.1 are being abused to secure publicity;
- e) if the Trustee does not, within 90 days after receiving the requisition, call a meeting (except where the grounds for not calling the meeting are one or more of those set forth in Section 12.1(c)(iv)(C) above), any Trust Unitholder who signed the requisition may call the meeting in accordance with the provisions of Article 12, *mutatis mutandis*;
- f) meetings of Trust Unitholders shall be held in Calgary, Alberta, or at such other place in Canada as the Trustee shall designate;
- g) the chair of any general or special meeting shall be a person designated by the Trustee for the purpose of such meeting;
- h) the Trustee, the Auditors and any other person approved by the Trustee or the chair of the meeting may attend meetings of the Trust Unitholders;
- i) any person entitled to attend a meeting of Trust Unitholders may participate in the meeting, subject to and in accordance with applicable securities laws, if any, by means of a telephonic, electronic or other communication facility that permits all participants to communicate adequately with each other during the meeting, if the Trust makes available such a communication facility. A person participating in a meeting by such means is deemed for the purposes of this Declaration of Trust to be present at the meeting; and
- j) if the Trustee or the Trust Unitholders call a meeting of Trust Unitholders pursuant to this Declaration of Trust, the Trustee or Trust Unitholders, as the case may be, may determine that the meeting shall be held, subject to and in accordance with applicable securities laws, if any, entirely by means of a telephonic, electronic or other communication facility that permits all participants to communicate adequately with each other during the meeting.

12.2 Notice of Meetings

Notice of all meetings of Trust Unitholders shall be given by unregistered mail, postage prepaid, addressed to each Trust Unitholder at the Trust Unitholder's last address on the books of the Trust, mailed at least 21 days and not more than 50 days before the meeting. Such notice shall specify the time when, and the place where, such meeting is to be held and shall specify the nature of the business to be transacted at such meeting in sufficient detail to permit a Trust Unitholder to form a reasoned judgment thereon, together with the text of any Extraordinary Resolution, at the time of mailing of the notice, proposed to be passed. Any adjourned meeting, other than a meeting adjourned for lack of a quorum under Section 12.3, may be held as adjourned without further notice. The accidental omission to give notice or the non-receipt of such notice by a Trust Unitholder shall not invalidate any resolution passed at any such meeting. Notwithstanding the foregoing, a meeting of Trust Unitholders may be held at any time without notice if all the Trust Unitholders are present or represented thereat or those not so present or represented have waived notice. Any Trust Unitholder (or a duly appointed proxy of a Trust Unitholder) may waive any notice required to be given under the provisions of this Section 12.2, and such waiver, whether given before or after the meeting, shall cure any default in the giving of such notice.

12.3 Quorum

At any meeting of the Trust Unitholders, subject as hereinafter provided, a quorum shall consist of two or more individuals present in person either holding personally or representing as proxies not less in aggregate than ten percent (10%) of the votes attached to all outstanding Units. In the event of such quorum not being present at the appointed place on the date for which the meeting is called within 30 minutes after the time fixed for the holding of such meeting, the meeting, if called by request of Trust Unitholders, shall be terminated and, if otherwise called, shall stand adjourned to such day being not less than seven (7) days later and to such place and time as may be appointed by the chair of the meeting. If at such adjourned meeting a quorum as above defined is not present, the Trust Unitholders then present either personally or by proxy shall form a quorum, and any business may be brought before or dealt with at such an adjourned meeting which might have been brought before or dealt with at the original meeting in accordance with the notice calling the same.

12.4 Voting Rights of Trust Unitholders

Only Trust Unitholders of record shall be entitled to vote and each Unit shall entitle the holder or holders of that Unit on a poll vote at any meeting of Trust Unitholders to the voting rights set out herein. Every question submitted to a meeting shall, unless a poll vote is demanded, be decided by a show of hands vote, on which every person present and entitled to vote shall be entitled to one vote per Unit held by such person. At any meeting of Trust Unitholders, any holder of Units entitled to vote thereat may vote by proxy and a proxyholder need not be a Trust Unitholder, provided that no proxy shall be voted at any meeting unless it shall have been received by the Transfer Agent for verification at least 24 hours prior to the commencement of such meeting, or such lesser time as the chairman of the meeting may allow. When any Unit is held jointly by several persons, any one of them may vote at any meeting in person or by proxy in respect of such Unit, but if more than one of them shall be present at such meeting in person or by proxy, and such joint owners or their proxies so present disagree as to any vote to be cast, such vote purporting to be executed by or on behalf of a Trust Unitholder shall be deemed valid unless challenged at or prior to its exercise, and the burden of proving invalidity shall rest on the challenger.

12.5 Resolutions Binding the Trust

Notwithstanding any other provision of this Declaration of Trust, a resolution in writing executed by Trust Unitholders holding more than 50% or 66 $\frac{2}{3}$ % of the votes, as the case may be, attached to outstanding Units at any time shall be as valid and binding as an Ordinary Resolution or an Extraordinary Resolution, respectively, for all purposes of this Declaration of Trust as if such Trust Unitholders had exercised at that time all of the voting rights to which they were then entitled under Section 12.5 or Section 12.6 in favour of such resolution at a meeting of Trust Unitholders duly called for the purpose.

13.5 Limitation of Non-Resident Ownership

It is in the best interest of Trust Unitholders that the Trust always qualify as a "mutual fund trust" under the Tax Act and in order to ensure the maintenance of such status:

13.6 Transfer of Units

Trust Units shall be transferable on the register or one of the branch transfer registers only by the Trust Unitholders of record thereof or their executors, administrators or other legal representatives or by their agents or attorneys duly authorized in writing, and only upon delivery to the Trust or to the Transfer Agent of the certificate therefor, properly endorsed or accompanied by a duly executed instrument of transfer or power of attorney and accompanied by all necessary transfer or other taxes imposed by law, together with such evidence of the genuineness of such endorsement, execution and authorization and other matters that may reasonably be required by the Transfer Agent, and no transfer of Units shall be effective or shall be in any way binding upon the Trust until the transfer has been recorded on the register or one of the branch transfer registers maintained by the Transfer Agent. Upon such delivery the transfer shall be recorded on the register or branch transfer registers and a new certificate for the Units shall be issued to the transferee and a new certificate for the balance of Units not transferred shall be issued to the transferor

13.12 Power of Attorney

Each Trust Unitholder hereby grants to the Trustee, and its respective successors and assigns, a power of attorney constituting the Trustee, as the case may be, with full power of substitution, as such Trust Unitholder's true and lawful attorney to act on the Trust Unitholder's behalf, with full power and authority in the Trust Unitholder's name, place and stead, and to execute, under seal or otherwise, swear to, acknowledge, deliver, make or file or record when, as and where required

14.1 Term of Trust

Subject to the other provisions of this Declaration of Trust, the Trust shall continue for a term ending (21) years after the date of death of the last surviving issue of Her Majesty, Queen Elizabeth II, alive on November 6, 2014. For the purpose of terminating the Trust by such date, the Trustee shall commence winding-up the affairs of the Trust on such date as may be determined by the Trustee, being not more than two years prior to the end of the term of the Trust.

14.2 Termination with the Approval of Unitholders

The Trust Unitholders may vote by Extraordinary Resolution to terminate the Trust at any meeting of Trust Unitholders duly called for such purpose, following which the Trustee shall commence to wind-up the affairs of the Trust (and shall thereafter be restricted to only such activities). Such Extraordinary Resolution may contain such directions to the Trustee as the Trust Unitholders determine.

14.3 Procedure Upon Termination

Upon being required to commence wind-up the affairs of the Trust, the Trustee shall as soon as reasonably practicable give notice thereof to the Trust Unitholders, which notice shall designate the time or times at which Trust Unitholders may surrender their Units for cancellation and the date at which the registers of Units of the Trust shall be closed.

14.4 Powers of the Trustee Upon Termination

After the date on which the Trustee is required to commence to wind-up the affairs of the Trust, the Trustee shall undertake no activities except for the purpose of winding-up the affairs of the Trust as hereinafter provided and, for this purpose, the Trustee shall continue to be vested with and may exercise all or any of the powers conferred upon the Trustee under this Declaration of Trust.

14.5 Sale of Investments

The Trustee shall be under no obligation to invest the proceeds of any sale of investments or other assets or cash forming part of the Trust assets after the date referred to in Section 14.3 and, after such sale, the sole obligation of the Trustee under this Declaration of Trust shall be to hold such proceeds or assets in trust for distribution under Section 14.6.

14.6 Distribution of Proceeds or Assets

After paying, retiring or discharging or making provision for the payment, retirement or discharge of all known liabilities and obligations of the Trust and providing for indemnity against any other outstanding liabilities and obligations, the Trustee shall, subject to obtaining all necessary regulatory approvals, distribute the remaining part of the proceeds of the sale of the assets together with any cash forming part of the Trust assets among the holders of each Series of Trust Units in accordance with their pro-rata interests with respect to a Series of Trust Units.

ITEM 5 - SECURITIES OFFERED

5.1 Terms of Securities

Purpose of the Trust

An unlimited number of Units may be created and issued pursuant to the Declaration of Trust. Each Unit shall entitle the holder thereof to one vote at any meeting of the Unitholders or in respect of any written resolution of Unitholders and represents an equal undivided beneficial interest in any distribution from the Trust (whether of income, net realized capital gains or other amounts) and in any net assets of the Trust in the event of termination or winding-up of the Trust. All Units shall rank among themselves equally and rateably without discrimination, preference or priority, whatever may be the actual date or terms of issue thereof.

Each Unit is transferable (subject to the terms of the Declaration of Trust and applicable securities laws) and is not subject to any conversion or pre-emptive rights and entitles the holder thereof to require the Trust to redeem any or all of the Units held by such holder. See Item 2.6 - "Material Agreements - Summary of Declaration of Trust - Section 6 - Redemption of Units".

The Units do not represent a traditional investment and should not be viewed by investors as "shares" in the Trust. The Unitholders will not have the statutory rights normally associated with ownership of shares of a corporation including, for example, the right to bring "oppression" or "derivative" actions. The price per Unit will not be a function of anticipated distributable income from the Trust and the ability of the Trust to effect long-term growth in the value of the Trust. Instead, the value of the Units will be directly related to the Loan and the Operating Avi Parties' ability to generate sufficient revenue from the Avi Business to allow the Operating Avi Parties to meet their payment obligations of principal and interest under the Loan. See Item 8 - "Risk Factors".

The Units are not "deposits" within the meaning of the Canada Deposit Insurance Corporation Act and are not insured under the provisions of that act or any other legislation. Furthermore, the Trust is not a trust company and, accordingly, is not registered under any trust and loan company legislation as it does not carry on or intend to carry on the business of a trust company.

Limited Liability

The Declaration of Trust provides that no Unitholder, in its capacity as such, shall incur or be subject to any liability, direct or indirect, absolute or contingent, in contract or in tort or of any other kind to any person, and no resort will be had to, nor will recourse or satisfaction be sought from, the private property of any Unitholder for any liability whatsoever in connection with the Trust's assets, the obligations or the activities or affairs of the Trust, any actual or alleged act or omission of the Trustee, any transaction entered into by the Trustee or any taxes, levies, imposts or charges or fines, penalties or interest in respect thereof payable by the Trust.

In the event that a court determines Unitholders are subject to any such liabilities, the liabilities will be enforceable only against, and will be satisfied only out of, the Unitholder's share of the Trust's assets represented by its Units.

The Declaration of Trust provides that the Trustee must make all reasonable efforts to include as a specific term of any obligations or liabilities being incurred by the Trust or the Trustee on behalf of the Trust, a contractual provision to the effect that none of the Unitholders or the Trustee shall have any personal liability or obligations in respect thereof. The omission of any such statement shall not render any of such parties liable to any person for such omission.

Notwithstanding the terms of the Declaration of Trust, Unitholders may not be protected from liabilities of the Trust to the same extent a shareholder is protected from the liabilities of a corporation. Personal liability may also arise in respect of claims against the Trust (to the extent that claims are not satisfied by the Trust) that do not arise under contracts, including claims in tort, claims for taxes and possibly certain other statutory liabilities. See Item 8 - "Risk Factors".

The activities of the Trust will be conducted in such a way and in such jurisdictions as to avoid as far as possible any material risk of liability to the Unitholders for claims against the Trust, including by obtaining appropriate insurance, where available and to the extent commercially feasible having contracts signed by or on behalf of the Trust include a provision that such obligations are not binding upon Unitholders personally.

Distributions

The Trustee shall, on or before each Distribution Record Date, declare payable to the Unitholders on such Distribution Record Date all or any part of the Cash Flow of the Trust for the Distribution Period.

The Declaration of Trust provides that December 31 of each year, the Trust's income that has not otherwise been distributed will be payable for such amount that the Trust will not be liable for ordinary income taxes for such year. The Trustee, on behalf of the Trust, will review the Trust's distribution policy from time to time. The actual amount of cash, if any, distributed will be dependent on various economic factors and is at the Discretion of the Trustee.

It is currently intended that the Trust will make Distributions to Unitholders in the form of additional Units or cash or a combination of Units and cash, as determined by the Trustee, in its sole Discretion, from time to time. Any Units issued to Unitholders pursuant to a distribution in specie will be subject to resale and transfer restrictions and cannot be resold or transferred except as permitted by applicable securities law. The Trustee may, in its sole and unfettered Discretion, consolidate the Units outstanding immediately after any such distribution of additional Units.

Rights of Redemption

Each holder of Units shall be entitled to require the Trust, on the demand of such holder of Units, to redeem all or any part of the Units registered in the name of such holder of Units at the Redemption Price. See Item 2.6 - "Material Agreements - Summary of the Declaration of Trust - Section 6 - Redemption of Units" for the specific terms of Unitholder's rights of redemption.

5.2 Subscription Procedure

An investor who wishes to subscribe for Units must:

1. complete and execute the subscription agreement which accompanies this Offering Memorandum, including all applicable exhibits and/or schedules thereto;
2. (i) pay the subscription price by certified cheque or bank draft dated the date of the subscription in the amount of one dollar (\$1) for each Unit subscribed for made payable to "**Avi Mutual Fund Trust**"; or (ii) if using funds from Deferred Plans, pay the subscription price of one dollar (\$1) for each Unit subscribed in the manner agreed to between the Deferred Plan administrator and the Trustee; and
3. complete and execute any other documents deemed necessary by the Trustee to comply with applicable securities laws;

and deliver the foregoing (other than with respect to any payments arising from sub-paragraph 2(ii) above) to the Trustee at 245 Forge Road SE, Calgary, Alberta, T2H 0S9, or such other location which the Trustee may specify. If the conditions of closing are not satisfied within the required time, all documents and subscription funds will be returned to the subscribers without interest or deduction.

A Subscriber will become a Unitholder of the Trust following the acceptance of a subscription by the Trustee. If a subscription is withdrawn or is not accepted by the Trustee, all documents will be returned to the subscriber within 30 days following such withdrawal or rejection without interest or deduction.

The Subscription Agreement includes terms that provide for the subscription of Units by each Subscriber on May 31, 2017, August 31, 2017 and November 30, 2017 and February 28, 2018 (each a "Subscription Date") with funds comprising a Subscriber's Personal Contribution and corresponding Matching Contribution during each such intervening 3 month period between Subscription Dates. Subscribers can advise the Trust, upon written notice within 2 business days of a Subscription Date that a Subscriber does not wish to proceed with his/her subscription on a Subscription Date and a Subscriber's funds represented by any Employee Contribution will be released to the Subscriber in accordance with the terms and conditions of the Matching Program.

The Subscription Agreement shall also be deemed to be a subscription for all Units issued to Unitholders as Cash Flow of the Trust for the above period.

5.3 Offering Jurisdictions

The Offering is being made pursuant to the exemptions from the prospectus requirements contained in the applicable securities laws in Alberta and British Columbia pursuant to the exemptions from the prospectus requirements afforded by Section 2.9 of NI 45-106 (the "**Offering Memorandum Exemption**").

The Offering Memorandum Exemption is available for distributions to Subscribers who are resident in Alberta and British Columbia, who are purchasing as principals, who receive this Offering Memorandum prior to signing the Subscription Agreement and who sign a Risk Acknowledgment Form.

The foregoing exemptions relieve the Trust from the provisions of the applicable Canadian securities laws of each of the Offering Jurisdictions which otherwise would require the Trust to file and obtain a receipt for a prospectus.

Accordingly, prospective Subscribers will not receive the benefits associated with subscription for securities issued pursuant to a filed prospectus, including the review of material by any securities regulatory authority.

Closings of the Offering will occur from time to time on such dates as may be determined by the Trustee. The Trust undertakes to hold all subscription funds in trust for at least two business days prior to investing such funds and will return subscription funds to you without interest or deduction if: (a) you give notice to the Trust of cancellation of your Subscription Agreement no later than midnight on the second business day after you sign the Subscription Agreement; or (b) if the Subscription Agreement is not accepted.

All Subscription Agreements are subject to acceptance by the Trust and satisfaction of the conditions set forth in the Subscription Agreement provided with this Offering Memorandum. The Trust may, in its sole discretion, reject any Subscription Agreement in whole or in part. No Unit shall be deemed to have been issued until the Trust accepts the Subscriber's Subscription Agreement in writing. No Subscriber shall have any recourse against the Trust if a Subscription Agreement is rejected in whole or in part.

The Trust will not accept any Subscription Agreement unless the sale of Units to the Subscriber would qualify for an exemption from the prospectus and/or registration requirements under applicable Canadian securities legislation.

Neither the Trust, the Trustee nor any other Operating Avi Party or any affiliate or associate of the foregoing is responsible for, and undertakes no obligation to determine the general investment needs and objectives of a potential investor and the suitability of the Units having regard to any such investment needs and objectives of the potential investor.

ITEM 6 - INCOME TAX CONSEQUENCES AND DEFERRED PLAN ELIGIBILITY

You should consult your own professional advisors to obtain advice on the tax consequences that apply to you.

6.1 General

The following summary fairly describes the principal Canadian federal income tax considerations under the Tax Act generally applicable to a Unitholder who acquires Units pursuant to this Offering and who, for the purposes of the Tax Act, is resident in Canada, holds the Units as capital property and deals at arm's length with, and is not affiliated with, the Trust. Units generally will be capital property to a Unitholder provided the Unitholder does not hold the Units in the course of carrying on a business of trading or dealing in securities and has not acquired the Units in one or more transactions considered to be an adventure in the nature of trade. A Unitholder who would not otherwise hold Units as capital property may be entitled to make an irrevocable election under subsection 39(4) of the Tax Act to treat the Unitholder's "Canadian securities" (as defined in the Tax Act), including the Units, as capital property.

This summary is not applicable to a Unitholder: (i) that is a "financial institution" for purposes of the market to market rules; (ii) that is a "specified financial institution"; (iii) an interest in which is a "tax shelter" or a "tax shelter investment"; or (iv) which has elected to compute its income in accordance with the "functional currency" reporting rules, all within the meaning of the Tax Act. Such Unitholders should contact their own tax advisors having regard to their own particular circumstances.

This summary is based on the facts set out in this Offering Memorandum, the provisions of the Tax Act in force as of the date hereof, Proposed Amendments, existing case law and understanding of the current published administrative policies and assessing practices of the CRA.

This summary is not exhaustive of all possible Canadian federal income tax considerations applicable to the Offering and, except for the Proposed Amendments, does not take into account or anticipate any changes in the law, whether by legislative, governmental or judicial action or changes in the administrative policies or assessing practices of the CRA. This summary does not take into account provincial, territorial or foreign tax considerations, which may differ significantly from those discussed herein.

This summary is based upon the assumption that the Trust will, at all times, qualify as a mutual fund trust within the meaning of the Tax Act. Further, this summary is based on the assumption that the tax payable under paragraph 122(1)(b) of the Tax Act ("SIFT Tax") on income of trust that is a specified investment flow-through trust ("SIFT Trust") as defined in the Tax Act will not apply to the Trust.

This summary is of a general nature only and is not exhaustive of all possible Canadian federal income tax considerations applicable to an investment in Units. The income and other tax consequences of acquiring, holding or disposing of Units will vary depending on an investor's particular circumstances including the province or territory in which the investor resides or carries on business. This summary is not intended to be, nor should it be construed to be, legal or tax advice to any particular investor. Investors should consult their own tax advisors for advice with respect to the tax consequences of an investment in Units, based on their particular circumstances.

6.2 Status of the Trust

The Trust intends to at all times qualify as a "unit trust" and a "mutual fund trust" within the meaning of the Tax Act, and the Trust has elected under section 132(6.1) of the Tax Act to qualify as a "mutual fund trust" from the beginning of its first taxation of 2014. This summary is based upon the assumption that the Trust will, at all times, qualify as a mutual fund trust within the meaning of the Tax Act.

To qualify as a mutual fund trust, the sole undertaking of the Trust must be the investing of its funds in property (other than certain real property or interests in real property), the Trust must comply on a continuous basis with certain requirements relating to maintaining a diversity of investments, the qualification of the Units for distribution to the public, the number of Unitholders and dispersal of ownership of Units and the Trust must not be reasonably considered to have been established or maintained primarily for the benefit of non-residents of Canada.

This summary assumes the "investments", within the meaning of the Tax Act, in the Trust are not, and will not be, listed or traded on a stock exchange or other public market. If investments in the Trust are listed or traded on a stock exchange or other public market the Trust may be taxable as a "SIFT trust" under the Tax Act.

If the Trust were not to qualify as a mutual fund trust at all times or the Trust were to become a SIFT trust, the income tax considerations described below would, in some respects, be materially and adversely different.

6.3 Taxation of the Trust

The Trust will be subject to tax under Part I of the Tax Act on the amount of its income for a taxation year, including the taxable portion of net realized capital gains. In computing its income for tax purposes, the Trust may deduct reasonable administrative expenses and 20% of its respective share of the total issue expenses of the Offering, prorated for any taxation year which is less than 365 days, to the extent that the expenses were not otherwise deductible in a preceding year. The taxation year of the Trust ends on December 31.

Upon the actual or deemed disposition of a security held by the Trust as capital property, the Trust will realize a capital gain (or capital loss) to the extent that the proceeds of disposition, net of any reasonable costs of disposition, exceed (or are less than) the adjusted cost base of such security. The Trust will be entitled for each taxation year throughout which it is a mutual fund trust to reduce (or receive a refund in respect of) its liability, if any, for tax on its net realized capital gains by an amount determined under the Tax Act based on the redemption of Units during the year ("capital gains refund"). In certain circumstances, the capital gains refund in a particular taxation year may not completely offset the tax liability of the Trust for such taxation year which may arise upon the sale of securities in connection with redemptions of Units.

The Trust will also be entitled to deduct from its income for a taxation year otherwise determined, after taking into account the inclusions and deductions outlined above, the portion of such income that becomes payable in the year to Unitholders. An amount will be considered to be payable to a Unitholder in a taxation year if it is paid in the year by the Trust or a Unitholder is entitled in the year to enforce payment of the amount. The Declaration of Trust requires that the Trust distribute or make payable its net income for tax purposes for each taxation year of the Trust to Unitholders to such an extent that the Trust will not be liable in any taxation year for income tax under Part I of the Tax Act on such net income (after taking into account any applicable losses of the Trust).

6.4 Taxation of Unitholders

6.4.1 Trust Distributions

A Unitholder will generally be required to include in computing income for a particular taxation year of the Unitholder the portion of the net income of the Trust for a taxation year, including taxable dividends and net realized taxable capital gains, that is paid or payable to the Unitholder in that particular taxation year, whether that amount is paid in cash, additional Units, Trust Assets or otherwise. Income of a Unitholder from the Units will generally be considered to be income from property for purposes of the Tax Act. Any loss of the Trust cannot be allocated to and treated as a loss of a Unitholder.

Provided that appropriate designations are made by the Trust, the portion of its taxable capital gains and taxable dividends received from taxable Canadian corporations that are paid or payable to a Unitholder will retain their character as taxable capital gains and taxable dividends to the Unitholder for purposes of the Tax Act. Such dividends, when designated to a Unitholder that is an individual, will be subject to the gross-up and dividend tax credit provisions normally applicable to taxable dividends received from taxable Canadian corporations, including the enhanced gross-up and dividend tax credit rules for eligible dividends. Income of the Trust that is designated as taxable dividends from taxable Canadian corporations or as net realized capital gains may increase an individual Unitholder's liability for alternative minimum tax.

The non-taxable portion of net realized capital gains of the Trust that is paid or payable to a Unitholder in a taxation year will not be included in computing the Unitholder's income for the year and will not reduce the adjusted cost base of the Unitholder's Units. Any other amount in excess of the net income of the Trust that is paid or payable by the Trust to a Unitholder in a year will generally not be included in the Unitholder's income for the year. However, where any such other amount is paid or payable to a Unitholder, other than as proceeds of disposition of Units, the adjusted cost base of the Units held by such Unitholder will be reduced by such amount. To the extent that the adjusted cost base to a Unitholder of a Unit is less than zero at any time in a taxation year, such negative amount will be deemed to be a capital gain of the Unitholder from the disposition of the Unit in that year. The amount of such capital gain will be added to the adjusted cost base of such Unit.

The adjusted cost base of a Unit to a Unitholder will include all amounts paid or payable by the Unitholder for the Unit, with certain adjustments. Units issued to a Unitholder as a non-cash distribution of income will have a cost amount equal to the amount of such income. A Unitholder will generally be required to average the cost of all newly-acquired Units with the adjusted cost base of Units held by the Unitholder as capital property in order to determine the adjusted cost base of the Unitholder's Units at any particular time.

6.4.2 Disposition of Units

On the disposition or deemed disposition of Units, a Unitholder will generally realize a capital gain (or a capital loss) equal to the amount by which the Unitholder's proceeds of disposition are greater (or less) than the aggregate of the Unitholder's adjusted cost base of the Units and any reasonable costs incurred by the Unitholder in connection with the disposition. The taxation of capital gains or capital losses is described below under "Capital Gains and Capital Losses".

6.4.3 Redemption of Units

The redemption of Units in consideration for cash, Trust Assets or Redemption Notes, as the case may be, will be a disposition of such Units for proceeds equal to the amount of such cash or the fair market value of such Trust Assets or Redemption Notes, less any portion thereof that is considered to be a distribution of the income of the Trust. Redeeming Unitholders will consequently realize a capital gain (or a capital loss) equal to the amount by which the proceeds of disposition (less any portion thereof that is considered a distribution of the Trust's income) is greater (or less) than the Unitholder's aggregate adjusted cost base of the Units so redeemed and any reasonable costs of disposition.

6.4.4 Capital Gains and Capital Losses

Generally, one-half of any capital gain realized or deemed to be realized by a Unitholder in a taxation year will be included in the Unitholder's income for the year as a taxable capital gain. Subject to specific rules in the Tax Act, one-half of any capital loss realized or deemed to be realized by a Unitholder in a taxation year is an allowable capital loss which must be deducted from any taxable capital gain realized by the holder in the year of disposition. Allowable capital losses for a taxation year in excess of taxable capital gains for that year generally may be carried back and deducted in any of the three preceding taxation years or carried forward and deducted in any subsequent taxation year against net taxable capital gains realized in such years to the extent and under the circumstances provided for in the Tax Act. A Unitholder that is, throughout the relevant taxation year, a "Canadian-controlled private corporation" as defined in the Tax Act, may be liable to pay an additional refundable tax of 6 $\frac{2}{3}$ % on certain investment income, including taxable capital gains. Capital gains realized by a Unitholder who is an individual (other than certain trusts) may give rise to a liability for alternative minimum tax.

6.4.5 Eligibility for Investment by Deferred Plans

As the Trust qualified as a mutual fund trust within the meaning of the Tax Act, prior to the 91st day after the end of the Trust's first taxation year and elected under the Tax Act to be a mutual fund trust from its inception, the Units, when issued, will be a qualified investment under the Tax Act for a Deferred Plan, subject to the specific provisions of any such plan.

Not all securities are eligible for investment in an RRSP, RRIF or TFSA (and now proposed for an RESP). You should consult your own professional advisers to obtain advice on the eligibility of these securities for these types of Deferred Plans. RRSPs, RRIFs and TFSAs (and now proposed for RESPs) are subject to rules in Part XI.01 of the Tax Act that may result in negative tax consequences if a trust governed by an RRSP, RRIF or TFSA (and now proposed for RESPs) acquires a security that is a "prohibited investment" for that particular RRSP, RRIF or TFSA (and now proposed for a RESP) as defined in Part XI.01, notwithstanding that the security may otherwise be a qualified investment for Deferred Plans. The Units will generally not be a prohibited investment for an RRSP, RRIF or TFSA (and now proposed for an RESP) if the controlling individual of the RRSP, RRIF or TFSA (and now proposed for a RESP) deals at arm's length with the Trust for the purposes of the Tax Act and the controlling individual does not have a "significant interest" (within the meaning of subsection 207.01(4) of the Tax Act) in the Trust, or a corporation, partnership or trust with which the Trust does not deal at arm's length for the purposes of the Tax Act. Generally, an individual will have a significant interest in the Trust if at any time, the individual, together with other individuals, corporations, trusts and partnerships that do not deal at arm's length with the individual, hold at any time Units that have a fair market value of 10% or more of the fair market value of all the outstanding Units of the Trust. Unitholders should consult their own tax advisors as to whether the Units will be a prohibited investment in their particular circumstances.

Finally, there can be no assurance that the Canadian federal income tax laws and administrative policies of the CRA respecting the status of the Units as qualified investments for Deferred Plans will not be changed in a manner that adversely affects the Unitholders. In that event, negative tax consequences will result and potential Subscribers should consult with their own professional advisors in this regard.

Trust Assets or Redemption Notes received as a result of a distribution or redemption of Units will likely not be a qualified investment for Deferred Plans, which may give rise to adverse consequences to a Deferred Plan or the annuitant, holder or beneficiary thereunder.

The income tax information contained in sections 6.1 – 6.4 was provided by Grant Thornton LLP, and it is based on the current provisions of the Income Tax Act, the Regulations there under and published administrative practices of the CRA. The comments do not take into account or anticipate changes in the law, whether by judicial, regulatory, governmental or legislative action after the date of this document. The comments offered do not address the possibility of any challenge to the structure by the CRA under the specific and/or general anti-avoidance rules. No assurance can be given that the Tax Act will not be amended in a manner which will fundamentally alter the income tax consequences to a Subscriber for securities.

This summary is of a general nature only and is not intended to be and should not be taken as legal, tax or business advice to any particular Subscriber to these securities. Consequently, Subscribers should seek independent professional advice regarding the income tax consequences of investing in the securities, based upon their own particular circumstances.

ITEM 7 - COMPENSATION PAID TO SELLERS AND FINDERS

The Trust has not retained an underwriter in respect of the sale and distribution of the Units. The officers and directors of the Trustee may be involved directly in the selling of Units but will not receive any fees for affecting such sales.

ITEM 8 - RISK FACTORS

An investment in the Trust is speculative and contains certain risks. Prospective Subscribers should carefully consider, among other factors, the matters described below, each of which could have an adverse effect on the value of the Units. As a result of these factors, as well as other risks inherent in any investment, there can be no assurance that the Trust will meet its business objectives. The Trust's returns may be unpredictable and, accordingly, the Trust's Units are not suitable as the sole investment vehicle for an investor or for an investor that is looking for a predictable source of cash flow. An investor should only invest in the Trust as part of an overall investment strategy.

Based on, among others, the factors described below, the possibility of partial or total loss of capital will exist and Subscribers should not subscribe unless they can readily bear the consequences of such loss.

RISKS ASSOCIATED WITH THE TRUST

Conflicts of interest

Avi Canada is sole shareholder of each of Avi Calgary GP, Avi Edmonton GP, Avi Urban and the Trustee.

Avi Canada is the sole limited partner of each of Avi Calgary LP and Avi Edmonton LP.

Monte Kendall and Michele Ward are each officers and directors of the Trustee and are the CEO (Kendall) and CFO (Ward) of each of Avi Calgary GP, Avi Edmonton GP, Avi Urban, Avi Land and Avi Canada. Vered Amir is a director of each of Avi Calgary GP, Avi Edmonton GP, Avi Urban and Avi Canada and is a shareholder of Avi Canada's sole corporate shareholder.

There may be occasions when the Operating Avi Parties encounter conflicts of interest in connection with the Trust's activities.

The Declaration of Trust permits the Trustee (and the Operating Avi Parties) to take actions to resolve a material conflict of interest without the approval of the Trust Unitholders provided that each of the Operating Avi Parties uses reasonable best efforts to resolve any such conflict of interest as equitably as possible under the prevailing facts and circumstances. There is no independent committee or other persons representing the Trust Unitholders in situations involving conflicts of interests between the Operating Avi Parties and/or the Trust Unitholders. Accordingly, the Unitholders are relying on the ability, honesty and integrity of the Trustee, its officers and directors and the Operating Avi Parties to resolve any such material conflicts of interests, which resolutions might have been different had the interests of Unitholders been represented by independent persons in such circumstances.

The terms of the Loan Agreement provide that in the event that the payment terms of any Loan Advance has been in default for 30 consecutive days, the Trustee shall call a Special Meeting of the Trust Unitholders for the purpose of obtaining direction from the Trust Unitholders as to whether the Trust Unitholders want to replace the Trustee with a Trustee appointed by the Trust Unitholders.

Loan Security

The Trust will only have security over the present and after acquired personal property of Avi Canada. The other Operating Avi Parties will not provide any security in respect of the Loans and as such the Trust will be an unsecured creditor of the Operating Avi Parties other than Avi Canada.

Avi Canada has limited assets, the primary of which are the limited partnership units it owns as sole limited partner in each of Avi Edmonton LP and Avi Calgary LP and the shares it owns in the other Operating Avi Parties.

Avi Canada has granted security (collectively the "Prior Security"), as guarantor under a number of guarantees (collectively the "Guarantees"), over its present and after acquired personal property to: (i) private and institutional lenders (each a "Lender") with respect of loans (each a "Operating Loan") provided to the Operating Avi Parties; and (ii) to a shareholder of Avi Canada with respect to shareholders loans (collectively the "Shareholder Loans") advanced to Avi Canada by that shareholder. Subscribers should note that security granted by Avi Canada in favour of the Trust will also be subordinated to security provided to Lenders with respect to financing provided by Lenders to the Operating Avi Parties after the date of this Offering Memorandum. As of the date of this Offering Memorandum the total exposure of Avi Canada under the Guarantees and with respect to the Shareholder Loans is \$150,154,000. This amount will increase and decrease over time as Operating Loans are paid out and new Operating Loans are entered into. In addition the amount of the Shareholders' Loan may also increase or decrease over the term of the Loans.

As the Trust will be an unsecured creditor of the Operating Avi Parties, other than Avi Canada, the Trust will be subordinate to secured creditors of those Operating Parties which will include Lenders (who have loaned funds to these Operating Avi Parties both previous to the date of this Offering Memorandum as well as after the date of this Offering Memorandum).

In the event of a default by an Operating Avi Party of its obligations under an Operating Loan, a Lender may seek recourse from Avi Canada for amounts due and owing as a result of such a default. If Avi Canada is unable to pay such amounts, the Lender may seize Avi Canada's present and after acquired personal property which could include Avi Canada's equity interest in the other Operating Avi Parties. Were this event to occur, there may be little if any assets left in Avi Canada to secure the Loans.

In the event of a default by the Operating Avi Parties under any of the Loans, the Trust may choose to enforce its security over Avi Canada's assets. There will be intervening encumbrances, such as the Priority Security or other interests of other third parties that will or may stand in priority to the Trust's security which may prevent the Trust from realizing on or enforcing some or all of its security against the assets of Avi Canada. There may be principals at law or at equity that may prevent the Trust from enforcing some or all of its security against the assets of Avi Canada. The assets of Avi Canada may not have a sufficient value to satisfy any outstanding debt obligations to the Trust. The same risks apply with respect to the any steps that the Trust may take as an unsecured creditor of the Operating Avi Parties other than Avi Canada.

In certain circumstances, applicable legislation provides for the granting of security over the assets of entities to secure repayment of liabilities owing by such entities to certain parties. Such legislated security sometimes is granted priority over security granted by the entity itself. An example is that certain taxation authorities (including the Canadian Revenue Agency) are provided with such legislated priority security over the assets of a taxpayer with respect to certain amounts owing by the taxpayer to the taxation authority. Such priority security would have priority over the security granted to the Trust over the assets of Avi Canada.

Blind Pool Offering

This is a "blind pool" Offering. The properties that the Operating Avi Parties will acquire with the proceeds of this Offering have not yet been determined. The Operating Avi Parties have full discretion to deploy the proceeds of the Loans for the purposes disclosed in Item 1.2 of this Offering Memorandum as they see fit. As such Subscribers will not, in advance of their subscription for Units under this Offering, have the benefit of considering the merits or risks properties acquired by the Operating Avi Parties.

No assurance of investment return

The success of the Trust and, accordingly, a return on investment for a purchaser of Units, is entirely dependent upon the Operating Avi Parties ability to meet its payment obligations of principal and interest pursuant to the Loan, which in turn will be dependent upon the success of the Operating Avi Parties. **As a result, there is no assurance or guarantee that the Trust and, correspondingly, the purchasers of Units pursuant to this Offering, will earn a return on their investment. Unitholders could lose the entire amount of their investment.**

Nature of investment

An investment in the Trust requires a long-term commitment, with no certainty of return. Investments made by the Trust may not generate current income.

Concentration of investments

The Trust's investments will be limited to that of a single asset being the Loans to the Operating Avi Parties. The Operating Avi Parties business operates in a single industry (being the Avi Business). Concentration of the Trust's investments in such a manner involves greater risk to an investor of Units than the exposure generally associated with more diversified investment funds, and may result in greater fluctuations in returns.

Reliance on the Trustee

All decisions with respect to the Trust Assets and the operations of the Trust are expected to be made exclusively by the officers and directors of the Trustee. Unitholders will have no right to make any decisions with respect to the Trust's business and affairs. No prospective investor should purchase a Unit in the Trust unless such prospective investor is willing to entrust all aspects of the management of the Trust to officers and directors of the Trustee.

Dependence on key personnel

The success of the Trust will depend in large part upon the services of key personnel employed by the Operating Avi Parties. The loss of any of these individuals, for any reason, could have a material adverse effect on the prospects of the Operating Avi Parties and, as a result, the Trust. Failure to retain or to attract additional key employees with necessary skills could have a material adverse impact upon growth and profitability of the Avi Business. The contributions of key personnel employed by Operating Avi Parties to the immediate future operations of the Avi Business is likely to be of central importance and the loss of any one of these individuals could have a material adverse effect on the Avi Business and, as a result, the Trust. There can be no assurance that such personnel will remain with the Operating Avi Parties.

Limited working capital

The Trust will have a limited amount of working capital, as all or substantially all of the Gross Proceeds of the Offering will be used to provide the Loans.

Termination of the Trust

Although the Trust is expected to continue for an indefinite term, Unitholders may, by Extraordinary Resolution, vote to terminate the Trust at any meeting of Unitholders duly called by the Trustee or the Unitholders for the purpose of considering termination of the Trust, following which the Trustee will commence winding-up of the Trust. Such Extraordinary Resolution may contain directions to the Trustee as the Unitholders determine, including a direction to distribute the Securities held by the Trust, or all of them, in specie. If the termination occurs earlier than the term of the Trust, the Trust may not have been in existence for the period of time necessary to achieve the business objectives of the Trust.

Leverage of the Trust

The Trust may borrow or incur indebtedness for any purpose, including for the purposes of acquiring investments, distributing Trust Income or Trust Capital Gains or redeeming Units. The requirement to repay principal and pay the associated debt service costs could impair the Trust's ability to make distributions to Unitholders, particularly if the value of the Trust's investments decline and/or the Trust is unable to liquidate some or all of its investments to refinance any such borrowings. If the Trust is unable to generate sufficient cash flow to meet principal and interest payments on its indebtedness, the ability of the Trust to make distributions would be impaired and the value of the Units could be significantly reduced or even eliminated.

In addition, if the borrowings are used to acquire investments, the interest expense and banking fees incurred in respect of any such loans may exceed the incremental capital gains and tax benefits generated by the investments. There can be no assurance that the borrowing strategy employed by the Trust will enhance returns.

Lack of independent counsel representing Unitholders

The Trust and the Trustee have consulted with and retained for their benefit legal counsel to advise them in connection with the formation and terms of the Trust and the Offering of Units. Unitholders have not, however, as a group been represented by independent legal counsel. Therefore, to the extent that the Unitholders could benefit by further independent review, such benefit will not be available unless individual Unitholders retain their own legal counsel. There has been no review by independent counsel on behalf of the Subscribers of the Offering Memorandum or any other documentation in relation to the Offering.

Liability for return of distributions

Generally, the Unitholders do not have personal liability for the obligations of the Trust. However, under applicable law, Unitholders could be required to return distributions previously made by the Trust if it is determined that such distributions were wrongfully made or in certain other circumstances under the terms of the Declaration of Trust. Where a Unitholder has received the return of all or part of the amount contributed to the Trust, the Unitholder is nevertheless liable to the Trust or, where the Trust is terminated, to its creditors for any amount, not in excess of the amount returned with interest, necessary to discharge the liabilities of the Trust to all creditors who extended credit or whose claims otherwise arose before the return of the contribution. Additionally, Unitholders may have to return all or a portion of distributions made to them to the extent the Trust has an obligation to withhold any amounts from such distribution for tax purposes.

Recourse to the Trust's Assets

The Trust's Assets, including any investments made by the Trust and any capital held by the Trust, are available to satisfy all liabilities and other obligations of the Trust. If the Trust itself becomes subject to a liability, parties seeking to have the liability satisfied may have recourse to the Trust's Assets generally and not be limited to any particular asset, such as the investment giving rise to the liability.

Indemnification

The Trustee and its officers and directors and each former trustee is entitled to indemnification and reimbursement out of the Trust Assets, except under certain circumstances, from the Trust. Such indemnification obligations could decrease the returns which would otherwise be available to the Unitholders of the Trust.

Effect of expenses on returns

Although Avi Canada has agreed to bear all costs and expenses related to the activities and business of the Trust, the Trust generally remains responsible to pay the same. Accordingly, if Avi Canada were to fail or refuse to pay any such costs or expenses, the Trust would remain liable to pay the same, and if it were to do so, such costs and expenses would reduce, and could eliminate, the actual returns to the Unitholders.

Lack of regulatory oversight

The Trust is not subject to any regulatory oversight in Canada.

RISKS ASSOCIATED WITH THE UNITS

No Regulatory Review

Subscribers under this Offering will not have the benefit of a review of this Offering Memorandum by any regulatory authorities.

Restrictions on redemption and transfer; Illiquidity of Units

It is intended that the Trust will continue for an indefinite term. As a result, a Unitholder's principal source of liquidity for its Units will be through its right of redemption. Unitholders should be aware that redemption rights in their favour are subject to significant limitations and restrictions. See Item 2.6 - "Material Agreements - Summary of Declaration of Trust - Redemption of Units".

There will be no public market for the Units and an application for listing of the Units on a stock exchange will not be made. Units in the Trust are highly illiquid investments and should only be acquired by Subscribers able to bear the economic risk of an investment in the Units for an indefinite period of time. The Units are being sold on a "private placement" basis in reliance upon exemptions from prospectus and registration requirements of applicable securities laws and therefore are subject to significant statutory restrictions on transfer or sale. The Units will be subject to "hold periods" under applicable securities legislation and, as the Trust is currently not a "reporting issuer" in any province or territory, the "hold periods" may never expire. Additionally, Unitholders will not be permitted to transfer or sell their Units without the consent of the Trustee, which may be withheld in the Trustee's sole discretion, and may be subject to the satisfaction of certain other conditions, including the provision of an opinion that such a transfer would not subject the Trust or the Unitholders to any regulatory or tax burdens or result in violation of any applicable law or governmental regulation.

Distribution of income

Although the Trust intends to make distributions quarterly, there is no guarantee that it will be able to do so. See "Risks associated with the Trust – No assurance of investment return" below.

The Trust will distribute Trust Income and Trust Capital Gains for each taxation year, so that Trust Income and Trust Capital Gains may be taxable to Unitholders and the Trust will not have any obligation to pay tax under the Tax Act. Payment of distributions is intended to be made in cash, but the Trust may, in certain circumstances, make distributions by distributing additional Units. See Item 2.6 - "Summary of the Declaration of Trust – Unit Distributions". In the event that the Trust does not make cash distributions, Unitholders will have to rely solely on the redemption of their Units to obtain a cash return on their investment in Units.

Nature of Units

Trust Units of each Series are entitled to an equal undivided beneficial interest in any distribution from the Trust to which a Series of Units is entitled. The Units do not represent debt instruments and there is no principal amount owing to Unitholders under the Units, and the Units are not insured against loss through the Canadian Deposit Insurance Corporation.

Units are intended to be held by taxable and tax exempt Subscribers

The Units are intended to be held by taxable and tax exempt Subscribers. Taxable Subscribers may be subject to tax as a result of holding Units. The Trust intends to make all taxable income of the Trust payable to Unitholders each year and to distribute such income by distributing cash or Units. In addition, income allocated by the Trust to Unitholders may exceed the amount payable to them on a redemption of their Units. Investors should consult their own tax advisors respecting the tax consequences of owning the Units.

Mutual Fund Trust Status

To qualify as a mutual fund trust, the sole undertaking of the Trust must be the investing of its funds in property (other than certain real property or interests in real property), the Trust must comply on a continuous basis with certain requirements relating to maintaining a diversity of investments, the qualification of the Units for distribution to the public, the number of Unitholders and the dispersal of ownership of Units and the Trust must not be reasonably considered to have been established or maintained primarily for the benefit of non-residents of Canada. If the Trust ceases to qualify as a “mutual fund trust”, there may be adverse tax consequences to the Trust and Unitholders. There can be no assurance that the Canadian federal income tax laws and administrative policies of the CRA respecting the treatment of mutual fund trusts and unit trusts will not be changed in a manner which adversely affects the holders of Units.

Eligibility of Units for Investment by Deferred Plans

If the Trust ceases to qualify as a “mutual fund trust” the Units may not be or may cease to be qualified investments for Deferred Plans which will have adverse tax consequences to Deferred Plans and their annuitants, holders or beneficiaries. If the Units are or become a prohibited investment for trusts governed by tax-free savings accounts, adverse tax consequences may result to the holder of the tax-free savings account.

If at any time an RRSP, RRIF or TFSA acquires Units that are not qualified investments or are a prohibited investment (as defined in the Tax Act) or holds Units that cease to be qualified investments or become a prohibited investment, the annuitant of the RRSP or RRIF or the holder of the TFSA will be liable for a penalty tax equal to fifty (50%) percent of the fair market value of the Units; however, the penalty tax may be refundable if the Units are disposed of by the end of the calendar year following the calendar year in which the penalty tax is imposed. In addition, an RRSP, RRIF or TFSA may be subject to tax on the income attributable to the holding of non-qualified investments, including tax on full capital gains, if any, realized on the disposition of the Units.

Where, at the end of a month, an RESP holds Units that are not qualified investments, the RESP must, in respect of that month, pay a tax equal to one (1%) percent of the fair market value of the Units at the time such Units were acquired by the RESP. If an RESP acquires Units that are not qualified investments, the CRA may revoke the RESP’s registration, in which case the RESP will become taxable under Part I of the Tax Act and any Canadian Education Savings Grant payments will have to be repaid.

Eligibility of Trust Assets or Redemption Notes for investment by deferred plans

Trust Assets or Redemption Notes received as a result of a distribution or redemption of Units may not be a qualified investment for Deferred Plans, which may give rise to adverse consequences to a Deferred Plan or the annuitant, holder or beneficiary thereunder.

RISKS ASSOCIATED WITH REDEMPTIONS

Use of Available Cash

The payment in cash by the Trust of the Redemption Price of Units will reduce the amount of cash available to the Trust for the payment of distributions to Unitholders, as the payment of the amount due in respect of redemptions will take priority over the payment of cash distributions.

Limitation on Payment of Redemption Price in Cash

The total cash amount available for the payment of the redemption price of Units by the Trust is limited to \$500,000 per year.

Payment of Redemption Price Issuance of Redemption Notes

The redemption of Units may be paid and satisfied by way of Redemption Notes, as determined by the Trustee in its Discretion, to the redeeming Unitholder. Such property may not be liquid and generally will not be a qualified investment for Deferred Plans and may be a prohibited investment for Deferred Plans. Adverse tax consequences generally may apply to a Unitholder, or Deferred Plan and/or its annuitant, beneficiary thereunder or holder thereof, as a result of the redemption of Units. Accordingly, investors that propose to invest in Units through Deferred Plans should consult their own tax advisors before doing so to understand the potential tax consequences of exercising their redemption rights attached to such Units.

Redemption Notes will be Unsecured

Redemption Notes issued by the Trust will be unsecured debt obligations of the Trust and may be subordinated to other financing obtained by the Trust.

Payment of Redemption Notes

The Trust may create a reserve fund for interest payable with respect to Redemption Notes issued by the Trust. In the event that the Trust is unable to pay out a Redemption Note on maturity it may borrow funds from related and unrelated parties or seek to extend the terms of the Redemption Note. Notwithstanding the aforesaid circumstances may arise resulting in the Trust may not have funds available to pay on maturity the principal balance and accrued unpaid interest under any Redemption Notes issued.

Tax Treatment of Units and Unitholders

Canadian federal or provincial income tax legislation may be amended, or their interpretation changed, so as to fundamentally alter the tax consequences of holding or disposing of Units or the investments held by the Trust. The alternative minimum tax could limit tax benefits available to Unitholders.

There is no assurance that income tax laws or administrative practices of tax officials in the various jurisdictions of Canada will not be changed in a manner which will adversely alter the tax treatment of Unitholders.

Tax Characterization of Trust Income and Trust Capital Gains

The designation of income or gains realized by the Trust to Unitholders, including the designation of gains realized on the disposition of investments as capital gains will depend largely on factual considerations. Management will endeavor to make appropriate characterizations of income or gains realized by the Trust for purposes of designating such income or gains to Unitholders based on information reasonably available to it. However, there is no certainty that the manner in which the Trust characterizes such income or gains will be accepted by the CRA. If it is subsequently determined that the Trust's characterization of a particular amount was incorrect, Unitholders might suffer material adverse tax consequences as a result.

SIFT status

If investments in the Trust are listed or traded on a stock exchange or other public market, the Trust may be taxable as a "SIFT trust" under the Tax Act, which will have adverse tax consequences to the Unitholders and the Trust and the Canadian federal income tax considerations of investing in the Trust will be materially different from those described herein.

RISKS ASSOCIATED THE AVI BUSINESS

Acquisition Risk

The operation of a residential home building business entails risks that investments made in such a business will fail to perform in accordance with expectations. In operating of the Avi Business, the Operating Avi Parties will incur certain risks, including the expenditure of funds on, and the devotion of management's time to development of projects that may not come to fruition. Additional risks inherent in acquisitions include risks that projects will not achieve anticipated sales levels and that estimates of the project development costs may prove inaccurate.

General Real Estate Ownership Risks

All real estate property investments are subject to a degree of risk and uncertainty. Property investments are affected by various factors including general economic conditions, local real estate markets, demand for new homes, competition from other builders and various other factors. Certain significant expenditures, including property taxes, mortgage payments, insurance costs and related charges must be made throughout the period of ownership of real estate property regardless of whether a Project is producing any income. Real estate property investments tend to be relatively illiquid, with the degree of liquidity generally fluctuating in relationship with demand for and the perceived desirability of such investments. Such illiquidity will tend to limit the Operating Avi Parties' ability to vary its land portfolio promptly in response to changing economic or investment conditions. If for whatever reason, liquidation of assets is required, there is a risk that sale proceeds realized might be less than the current book value of the Operating Avi Parties' real estate holdings or that market conditions would prevent prompt disposition of assets. The Operating Avi Parties may, in the future, be exposed to a general decline of demand by buyers for their homes.

Canadian Economy

The Canadian economy and the Alberta economy in particular are experiencing a decrease from the levels seen prior to September, 2014 due to the world wide reduction in the price of oil since September of 2014. The Operating Avi Parties have experienced an overall ten (10%) decrease in closings from 2015 to 2016. Any further reduction in the price of oil from current levels could have additional negative financial impacts upon the operation of the Avi Business and the ability of the Operating Avi Parties to repay the Loans to the Trust.

Financing Risks

There is no assurance that the Operating Avi Parties' will be able to obtain sufficient financing to finance the acquisition of land for the development of their Projects, or, if available, that Operating Avi Parties' will be able to obtain financing on commercially acceptable terms. Further, there is no assurance or guarantee that any financing, if obtained, will be renewed when they mature or, if renewed, renewed on the same terms and conditions (including the rate of interest). In the absence of mortgage financing, the amount of land which the Operating Avi Parties' will be able to purchase, which may affect the return on an investment in Units. Even if the Operating Avi Parties are successful in obtaining adequate financing, the Operating Avi Parties may not be able to generate sufficient funds through the development of their projects to service their financing. If a default occurs under any of the financing, one or more of the lenders could exercise its rights including, without limitation, foreclosure or sale of the lands owned by the Operating Avi Parties.

Interest Rate Fluctuations

The financing may include indebtedness with interest rates based on variable lending rates that will result in fluctuations in the Operating Avi Parties cost of borrowing.

Environmental Matters

Under various environmental and ecological laws, the Operating Avi Parties and/or their subsidiaries could become liable for the costs of removal or remediation of certain hazardous or toxic substances released on or in lands owned or acquired by them. The failure to deal effectively with such substances may adversely affect the Operating Avi Parties' ability to develop homes upon such lands or to borrow using the lands as collateral, and could potentially also result in claims against the Operating Avi Parties by third parties.

The foregoing list of risk factors does not purport to be a complete enumeration or explanation of the risks involved in an investment in the Trust. Prospective Subscribers should read this entire Offering Memorandum and consult their own counsel and financial advisors before deciding to invest in the Trust.

Neither the Trust, the Trustee, nor any Operating Avi Party or any affiliate or associate of the foregoing is responsible for, and undertakes no obligation to determine the general or specific investment needs and objectives of a potential investor and the suitability of the Units having regard to any such investment needs and objectives of the potential investor.

ITEM 9 - REPORTING OBLIGATIONS

The Trust will send (or make available if sending is not required under applicable securities laws) to Unitholders within six (6) months of the fiscal year end, the annual audited financial statements of the Trust, together with comparative financial statements for the preceding fiscal year, if any, and the report of the Auditors thereon.

Such financial statements shall be prepared in accordance with GAAP provided that such statements and the obligations to deliver such statements may vary from such principles to the extent required to comply with applicable securities laws or securities regulatory requirements or to the extent permitted by applicable securities regulatory authorities.

The Trustee will, within the time frame required under the Tax Act, forward to each Unitholder who received distributions from the Trust in the prior calendar year, such information and forms as may be needed by the Unitholder in order to complete its income tax return in respect of the prior calendar year under the Tax Act and equivalent provincial legislation in Canada.

The Trust is not a “reporting issuer” or equivalent under the securities legislation of any jurisdiction. Accordingly, the Trust is not subject to the “continuous disclosure” requirements of any securities legislation other than as provided for under NI 45-106 and there is therefore no requirement that the Trust make ongoing disclosure of its affairs including, without limitation, the disclosure of financial information on a quarterly basis or the disclosure of material changes in the business or affairs of the Trust, other than as provided for under NI 45-106. The Trust will make a Notice of Use of Proceeds filing as required by NI 45-106. The Trust will deliver to prospective investors certain documents, including this Offering Memorandum, a subscription agreement and any updates or amendments to the Offering Memorandum required by law, from time to time by way of facsimile or e-mail. In accordance with the terms of the subscription agreement provided to prospective investors, delivery of such documents by email or facsimile shall constitute valid and effective delivery of such documents unless the Trust receives actual notice that such electronic delivery failed. Unless the Trust receives actual notice that the electronic delivery failed, the Trust is entitled to assume that the facsimile or e-mail and the attached documents were actually received by the prospective investor and the Trust will have no obligation to verify actual receipt of such electronic delivery by the prospective investor.

ITEM 10 - RESALE RESTRICTIONS AND REDEMPTION RIGHTS

10.1 General Statement

The Units will be subject to a number of resale restrictions, including restrictions on trading. Until the restriction on trading expires, you will not be able to trade the Units unless you comply with an exemption from the prospectus and registration requirements under securities legislation. Additionally, Unitholders will not be permitted to transfer their Units without the consent of the Trustee. See Item 2.6 - “Summary of the Declaration of Trust - Transfer of Units” and Limitation of Non-Resident Ownership”.

10.2 Restricted Period

Unless permitted under securities legislation, a Unitholder cannot trade the securities before the date that is four months and a day after the date the Trust becomes a reporting issuer in any province or territory in Canada. Since the Trust is not a reporting issuer in any province or territory, the applicable hold period for Subscribers may never expire, and if no further exemption may be relied upon and if no discretionary order is obtained, this could result in a subscriber having to hold the Units acquired under the Offering for an indefinite period of time.

The Trustee must approve of any proposed disposition. It is the responsibility of each individual Subscriber to ensure that all forms required by the applicable securities legislation are filed as required upon disposition of the Units acquired pursuant to this Offering.

The foregoing is a summary only of resale restrictions relevant to a purchaser of the securities offered hereunder. It is not intended to be exhaustive. All Subscribers under this Offering should consult with their legal advisors to determine the applicable restrictions governing resale of the securities purchased hereunder including the extent of the applicable hold period and the possibilities of utilizing any further statutory exemptions or obtaining a discretionary order.

ITEM 11 - PURCHASERS' RIGHTS

If you purchase these Units you will have certain rights, some of which are described below. For information about your rights you should consult a lawyer.

11.1 Two Day Cancellation Right

You can cancel your agreement to purchase these Units. To do so, you must send a notice to us by midnight on the second (2nd) business day after you sign the agreement to buy the Units.

11.2 Statutory and Contractual Rights of Action in the Event of a Misrepresentation

Securities legislation in certain of the provinces of Canada provides purchasers with a statutory right of action for damages or rescission in cases where an offering memorandum or any amendment thereto contains an untrue statement of a material fact or omits to state a material fact that is required to be stated or is necessary to make any statement contained therein not misleading in light of the circumstances in which it was made (a “**misrepresentation**”). These rights, or notice with respect thereto, must be exercised or delivered, as the case may be, by purchasers within the time limits prescribed and are subject to the defences and limitations contained under the applicable securities legislation.

The following summaries are subject to the express provisions of the securities legislation applicable in the provinces of Alberta and British Columbia and the regulations, rules and policy statements thereunder. Purchasers should refer to the securities legislation applicable in their province along with the regulations, rules and policy statements thereunder for the complete text of these provisions or should consult with their legal advisor. The contractual and statutory rights of action described in this Offering Memorandum are in addition to and without derogation from any other right or remedy that purchasers may have at law.

Rights of Purchasers in Alberta

- (a) the Trust to cancel your agreement to buy these securities, or
- (b) for damages against the Trust, every Person who was a Trustee at the date of this Offering Memorandum and every other Person who signed this Offering Memorandum.

This statutory right to sue is available to you whether or not you relied on the misrepresentation. However, there are various defences available to the Persons or companies that you have a right to sue. In particular, they have a defence if you knew of the misrepresentation when you purchased the securities. Additionally, if you elect to exercise a right of rescission against the Trust, you will have no right of action against the Persons described in (b) above.

If you are a resident of British Columbia, and if there is a misrepresentation in this Offering Memorandum, you have a statutory right to sue:

- (a) the Trust to cancel your agreement to buy these securities, or
- (b) for damages against the Trust, every Person who was a Trustee at the date of this Offering Memorandum and every other Person who signed this Offering Memorandum.

However, there are various defences available to the Persons or companies that you have a right to sue. In particular, they have a defence if you knew of the misrepresentation when you purchased the securities. Additionally, if you elect to exercise a right of rescission against the Trust, you will have no right of action against the Persons described in (b) above.

If you intend to rely on the rights described in (a) or (b) above, you must do so within strict time limitations. You must commence your action to cancel the agreement within 180 days after the date that you purchased the securities.

You must commence your action for damages within the earlier of 180 days after you first had knowledge of the facts giving rise to the cause of action and three years after the day you purchased the securities.

Subscribers should consult their own legal advisers with respect to their rights and the remedies available to them.

THE FOREGOING IS A SUMMARY ONLY AND SUBJECT TO INTERPRETATION. Independent Auditor's Report

To the Trustees of
Avi Mutual Fund Trust

We have audited the accompanying financial statements of Avi Mutual Fund Trust, which comprise the statements of financial position as at December 31, 2016 and 2015, the statements of income and comprehensive income, statements of cash flows and statements of changes in unitholders' equity for the years then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on our audits. We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audits is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Avi Mutual Fund Trust as at December 31, 2016 and 2015 and its financial performance and its cash flows for the years then ended in accordance with International Financial Reporting Standards.

Avi Mutual Fund Trust

Notes to the financial statements

December 31, 2016 and 2015

1. Nature of operations

Avi Mutual Fund Trust (the "Trust") is an unincorporated open-ended trust established by the Trust's Declaration of Trust dated November 6, 2014 (the "Declaration of Trust").

The Trust was formed to raise funds for the purposes of entering into a loan agreement with the Operating Avi Parties (a group of companies, including affiliates and subsidiaries of Homes by Avi (Canada) Inc., Homes by Avi Urban (2006) Inc., Homes by Avi (Calgary) GP Inc., Homes by Avi (Calgary) LP, Homes by Avi (Edmonton) GP Inc., Homes by Avi (Edmonton) LP, and Avi Land Corporation). The Operating Avi Parties are considered to be related parties due to common officers and directors with the Trustee. The Operating Avi Parties operate in the home building industry and intend to use these funds for the investment in land and other acquisition and development related costs.

The Trustee of the Trust is the Avi MFT Corporate Trustee (the "Trustee"). The Trustee, through its officers and directors, is responsible for the management and control of business and affairs of the Trust on a day-to-day basis in accordance with terms of the Declaration of Trust.

The address of the Trust is 245 Forge Road SE, Calgary, Alberta, T2H 0S9.

2. Basis of presentation

These financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS").

These financial statements were authorized for issue by the Trustee of the Trust on March 20, 2017.

3. Significant accounting policies

These financial statements have been prepared in accordance with IFRS using the historical cost basis and are stated in Canadian dollars, which is the Trust's functional currency.

Financial instruments

Financial assets

Financial assets are classified into the following specified categories: financial assets at fair value through profit or loss ("FVTPL"), held-to-maturity investments, available-for-sale financial assets and loans and receivables. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition.

The Trust classifies its financial assets as follows:

Loans to related parties

Loans and receivables

Impairment of financial assets

At each reporting date, the Trust assesses whether there is any objective evidence that a financial asset or group of financial assets are impaired. The Trust reviews the carrying amounts of its financial assets recorded at amortized cost, including loans to related parties, to determine whether there is objective evidence that those financial assets have suffered an impairment loss. A financial asset, or group of financial assets, is impaired when objective evidence demonstrates that the estimated future cash flows of the financial asset or group of financial assets have been negatively impacted. Objective evidence that a financial asset is impaired can include significant financial difficulty of the borrower or issuer, default or delinquency by a borrower on interest and principal repayments, restructuring of a loan or advance by the Trust on terms that the Trust would not otherwise consider, or other observable data which indicates that there is a measureable decrease in the estimated cash flows.

If an impairment loss has occurred, the loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows (excluding future expected credit losses that have not yet been incurred). The present value of the estimated future cash flows is discounted at the financial asset's original effective interest rate.

3. Significant accounting policies (continued)

Financial instruments (continued)

Impairment of financial assets (continued)

The carrying amount of the asset is reduced through the use of an allowance account, and the loss is recognized in profit or loss and classified as a financing expense.

Financial liabilities - classification as debt or equity

Financial liabilities are classified as either financial liabilities or equity in accordance with the substance of the contractual arrangement.

Other financial liabilities are initially measured at fair value, net of transaction costs. Other financial liabilities are subsequently measured at amortized cost using the effective interest method, with interest expense recognized on an effective yield basis. The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for those with maturities greater than 12 months after the statement of financial position date, which are classified as non-current assets. Assets in this category include the loans to related parties, which is classified as a current asset in the statement of financial position.

Loans and receivables are initially recognized at fair value plus transaction costs and subsequently carried at amortized cost using the effective interest method, less any impairment losses. Interest income is recognized by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial.

Fair values

Certain of the Trust's accounting policies and disclosures require the determination of fair value for financial assets and liabilities. Fair values have been determined for measurement and/or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

The fair value of the loans to related parties approximates their carrying value due to the asset's short-term nature.

The significance of inputs used in making fair value measurements for assets and liabilities measured at fair value is examined and classified according to a fair value hierarchy. Fair values of assets and liabilities included in Level 1 are determined by reference to quoted prices in active markets for identical assets and liabilities. Assets and liabilities in Level 2 include valuations using inputs other than quoted prices for which all significant outputs are observable, either directly or indirectly and are based on valuation models and techniques where the inputs are derived from quoted indices. Level 3 valuations are based on inputs that are unobservable and significant to the overall fair value measurement. There are no Level 3 valuations used in determination of fair values.

Trust units

The Trust's units are redeemable at the option of the holder and, therefore, are considered puttable instruments. Puttable instruments are required to be accounted for as financial liabilities, except where certain conditions are met in accordance with International Accounting Standard ("IAS") 32, Financial Instruments: Presentations, in which case, the puttable instrument may be presented as equity. The Trust's units were determined to meet the conditions of IAS 32, and are therefore classified and accounted for as equity.

4. New accounting standards and interpretations

In addition to the foregoing accounting policies outlined, the International Accounting Standards Board ("IASB") has issued certain new standards, interpretations and amendments to existing standards which are not effective until accounting periods subsequent to December 31, 2016 and which have not yet been adopted by the Trust:

- i. In May 2014, the IASB issued IFRS 15 Revenue from Contracts with Customers, which replaces International Accounting Standard ("IAS") 18 Revenue, IAS 11 Construction Contracts, and related interpretations. The standard is required to be adopted either retrospectively or using a modified transition approach for fiscal years beginning on or after January 1, 2018, with earlier adoption permitted. As of December 31, 2016, the Trust is still determining the impact that the adoption of this standard will have on its financial statements, however, it is anticipated that the adoption of this new standard, interpretation and amendment is unlikely to have a significant impact on the Trust's financial statements.
- ii. In July 2014, the IASB completed the final elements of IFRS 9 "Financial Instruments." The Standard supersedes earlier versions of IFRS 9 and completes the IASB's project to replace IAS 39 "Financial Instruments: Recognition and Measurement." IFRS 9, as amended, includes a principle-based approach for classification and measurement of financial assets, a single 'expected loss' impairment model and a substantially-reformed approach to hedge accounting. The Standard will come into effect for annual periods beginning on or after January 1, 2018, with earlier adoption permitted. As of December 31, 2016, the Trust is still determining the impact that the adoption of this standard will have on its financial statements, however, it is anticipated that the adoption of this new standard, interpretation and amendment is unlikely to have a significant impact on the Trust's financial statements.

5. Loan to related parties

During the year and pursuant to the offering memorandums, the Trust has loaned monies on demand to the Operating Avi Parties at the following interest rates: Series "A" 8%, Series "B" 8%, Series "C" 5% calculated quarterly and interest paid quarterly. As part of this agreement (Note 1), all administrative costs of the Trust are paid by Homes by Avi (Canada) Inc. These loans are secured by a general security agreement securing all present and after acquired personal property of Homes by Avi (Canada) Inc. in favour of the Trust.

6. Notes payable

The Trust settled in May 2015 and June 2015 the redemption of certain units with notes payable in accordance with the Declaration of Trust. These notes payable bear interest at 2.85% and 2.7% annually and mature September 1, 2020. As at December 31, 2016, \$255 (2015 - \$90) was accrued as interest payable and included in interest payable.

7. Trust units

The Trust completed an offering on February 28, 2016 and issued 1,672,392 units in the year ended December 31, 2016 (2015 - 2,201,273). The Declaration of Trust provides that an unlimited number of trust units (the "Units") may be issued. At the discretion of the Trustees, the Trust may designate Units issued into separate series based on the date of issue of such Units, and the interest of each unitholder will be determined by the number of Units registered in the name of the unitholder in each series. Units of each series represent an equal undivided beneficial interest in any distribution of the Trust to which a series of Units is entitled, and in the net assets of the Trust in the event of termination or winding-up of the Trust to which a series of Units is entitled. Each Unit entitles the holder to one vote at all meetings of unitholders for each whole Unit held.

Each unitholder is entitled to require the Trust to redeem all or any part of their Units. The redemption price will be in accordance with the Declaration of Trust.

8. Financial risk management

Overview

The Trust's planned operations will expose it to a variety of financial risks that arise as a result of its operating and financing activities:

- credit risk;
- liquidity risk; and
- market risk.

This note presents information about the Trust's exposure to each of the above risks, the Trust's objectives, policies and processes for measuring and managing risks, and the Trust's management of capital.

The Trust employs risk management strategies and policies to ensure that any exposure to risk is in compliance with the Trust's business objectives and risk tolerance levels. While the Trustees have the overall responsibility for the establishment and oversight of the Trust's risk management framework, management has the responsibility to administer and monitor these risks.

Credit risk

Credit risk is the risk of financial loss to the Trust if a customer or counterparty to a financial instrument fails to meet its contractual obligations.

The maximum exposure to credit risk at December 31, 2016 and 2015 was as follows:

	2016	2015
	\$	\$
Advances from related parties	306	392
Interest payable	255	90
Loans to related parties	3,879,540	2,207,148

The Trust manages the credit exposure by monitoring the related parties' ability to pay.

Liquidity risk

Liquidity risk is the risk that the Trust will not be able to meet its financial obligations as they are due. The Trust's approach to managing liquidity is to ensure it will have sufficient liquidity to meet its liabilities when due. The Trust's ongoing liquidity will be impacted by various external events and conditions.

At December 31, 2016, the Trust had interest payable, advances from related parties and notes payable totalling \$6,436 (2015 - \$6,357) as financial liabilities.

Avi Mutual Fund Trust

Notes to the financial statements

December 31, 2016 and 2015

8. Financial risk management (continued)

Market risk

Market risk is the risk that changes in market prices, such as interest rates, will affect the Trust's net income or the value of financial instruments. The objective of the Trust is to manage and mitigate market risk exposures within acceptable limits, while maximizing returns.

The Trust does not have any financial instruments subject to market risk at December 31, 2016 (2015 - \$Nil) as interest on loans to related parties and notes payable are at a fixed rate.

Interest rate risk

Interest rate cash flow risk is the risk that future cash flows will fluctuate as a result of changes in market interest rates. Interest rate price risk is the risk that a financial instrument's fair value will fluctuate as a result of changes in market interest rates. As the Trust does not have any interest-bearing debt, the Trust is not exposed to interest rate cash flow or price risk.

The Trust had no interest rate swaps or financial contracts in place as at December 31, 2016 or 2015 or during the years then ended.

Capital management

The Trust's capital management policy is to maintain a strong capital base that optimizes the Trust's ability to grow, maintain investor and creditor confidence and to provide a platform to create value for its unitholders. The Trust intends to maintain a flexible capital structure to maximize its ability to pursue additional investment opportunities, which considers the Trust's early stage of development and the requirement to sustain future development of the business.

The Trust will manage its capital structure and make changes to it in light of changes to economic conditions and the risk characteristics of the nature of the business. The Trust considers its capital structure to include unitholders' equity and working capital. In order to maintain or adjust the capital structure, the Trust may from time to time issue shares, seek debt financing and adjust its capital spending to manage its current and projected capital structure.

The Trust currently has no debt outstanding and monitors capital based on its current working capital, projected cash flow from operations and anticipated capital expenditures.

The Trust is not subject to externally imposed capital requirements.

Avi Mutual Fund Trust

We have audited the accompanying financial statements of Avi Mutual Fund Trust, which comprise the statement of financial position as at December 31, 2015, the statement of income and comprehensive income, statement of cash flows and statement of changes in unitholders' equity for the period then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Avi Mutual Fund Trust as at December 31, 2015, and its financial performance and cash flows for the period then ended in accordance with International Financial Reporting Standards.

1. Nature of operations

Avi Mutual Fund Trust (the "Trust") is an unincorporated open-ended trust established by the Trust's Declaration of Trust dated November 6, 2014 (the "Declaration of Trust").

The Trust was formed to raise funds pursuant to an offering memorandum (Note 10) for the purposes of entering into a loan agreement with the Operating Avi Parties (a group of companies, including affiliates and subsidiaries of Homes by Avi (Canada) Inc., Homes by Avi Urban (2006) Inc., Homes by Avi (Calgary) GP Inc., Homes by Avi (Calgary) LP, Homes by Avi (Edmonton) GP Inc., Homes by Avi (Edmonton) LP, and Avi Land Corporation). The Operating Avi Parties are considered to be related parties due to common officers and directors with the Trustee. The Operating Avi Parties operate in the home building industry and intend to use these funds for the investment in land and other acquisition and development related costs.

The Trustee of the Trust is the Avi MFT Corporate Trustee (the "Trustee"). The Trustee, through its officers and directors, is responsible for the management and control of business and affairs of the Trust on a day-to-day basis in accordance with terms of the Declaration of Trust.

The address of the Trust is 245 Forge Road SE, Calgary, Alberta, T2H 0S9.

2. Basis of presentation

These financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS").

These financial statements were authorized for issue by the Trustee of the Trust on April 28, 2016.

3. Significant accounting policies

These financial statements have been prepared in accordance with IFRS using the historical cost basis and are stated in Canadian dollars, which is the Trust's functional currency.

Financial instruments

Financial assets

Financial assets are classified into the following specified categories: financial assets at fair value through profit or loss ("FVTPL"), held-to-maturity investments, available-for-sale financial assets and loans and receivables. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition.

The Trust classifies its financial assets as follows:

Loans to related parties

Loans and receivables

Impairment of financial assets

At each reporting date, the Trust assesses whether there is any objective evidence that a financial asset or group of financial assets are impaired. The Trust reviews the carrying amounts of its financial assets recorded at amortized cost, including loans to related parties, to determine whether there is objective evidence that those financial assets have suffered an impairment loss. A financial asset, or group of financial assets, is impaired when objective evidence demonstrates that the estimated future cash flows of the financial asset or group of financial assets have been negatively impacted. Objective evidence that a financial asset is impaired can include significant financial difficulty of the borrower or issuer, default or delinquency by a borrower on interest and principal repayments, restructuring of a loan or advance by the Trust on terms that the Trust would not otherwise consider, or other observable data which indicates that there is a measureable decrease in the estimated cash flows.

3. Significant accounting policies (continued)

Financial instruments (continued)

Impairment of financial assets (continued)

If an impairment loss has occurred, the loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows (excluding future expected credit losses that have not yet been incurred). The present value of the estimated future cash flows is discounted at the financial asset's original effective interest rate.

The carrying amount of the asset is reduced through the use of an allowance account, and the loss is recognized in profit or loss and classified as a financing expense.

Financial liabilities - classification as debt or equity

Financial liabilities are classified as either financial liabilities or equity in accordance with the substance of the contractual arrangement.

Other financial liabilities are initially measured at fair value, net of transaction costs. Other financial liabilities are subsequently measured at amortized cost using the effective interest method, with interest expense recognized on an effective yield basis. The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for those with maturities greater than 12 months after the statement of financial position date, which are classified as non-current assets. Assets in this category include the loans to related parties, which is classified as a current asset in the statement of financial position.

Loans and receivables are initially recognized at fair value plus transaction costs and subsequently carried at amortized cost using the effective interest method, less any impairment losses. Interest income is recognized by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial.

Trust units

The Trust's units are redeemable at the option of the holder and, therefore, are considered puttable instruments. Puttable instruments are required to be accounted for as financial liabilities, except where certain conditions are met in accordance with International Accounting Standard ("IAS") 32, Financial Instruments: Presentations, in which case, the puttable instrument may be presented as equity. The Trust's units were determined to meet the conditions of IAS 32, and are therefore classified and accounted for as equity.

4. New accounting standards and interpretations

In addition to the foregoing accounting policies outlined, the International Accounting Standards Board ("IASB") has issued certain new standards, interpretations and amendments to existing standards which are not effective until accounting periods subsequent to December 31, 2015 and which have not yet been adopted by the Trust:

- i. In May 2014, the IASB issued IFRS 15 Revenue from Contracts with Customers, which replaces International Accounting Standard ("IAS") 18 Revenue, IAS 11 Construction Contracts, and related interpretations. The standard is required to be adopted either retrospectively or using a modified transition approach for fiscal years beginning on or after January 1, 2018, with earlier adoption permitted. The Trust is still in the process of determining the impact, if any, on the financial statements in future years.

4. New accounting standards and interpretations (continued)

- ii. In July 2014, the IASB completed the final elements of IFRS 9 "Financial Instruments." The Standard supersedes earlier versions of IFRS 9 and completes the IASB's project to replace IAS 39 "Financial Instruments: Recognition and Measurement." IFRS 9, as amended, includes a principle-based approach for classification and measurement of financial assets, a single 'expected loss' impairment model and a substantially-reformed approach to hedge accounting. The Standard will come into effect for annual periods beginning on or after January 1, 2018, with earlier adoption permitted. As of December 31, 2015, the Trust is still determining the impact that the adoption of this standard will have on its financial statements, however, it is anticipated that the adoption of this new standard, interpretation and amendment is unlikely to have a significant impact on the Trust's financial statements.
- iii. In January 2016, the IASB issued IFRS 16 Leases, which replaces IAS 17 Leases. For lessees applying IFRS 16, a single recognition and measurement model for leases would apply, with required recognition of assets and liabilities for most leases. The standard will come into effect for annual periods beginning on or after January 1, 2019, with earlier adoption permitted if the entity is also applying IFRS 15 Revenue from Contracts with Customers. The Trust is still in the process of determining the impact, if any, on the financial statements in future years.

5. Determination of fair values

Certain of the Trust's accounting policies and disclosures require the determination of fair value for financial assets and liabilities. Fair values have been determined for measurement and/or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

The fair value of the loans to related parties approximates their carrying value due to the asset's short-term nature.

The significance of inputs used in making fair value measurements for assets and liabilities measured at fair value is examined and classified according to a fair value hierarchy. Fair values of assets and liabilities included in Level 1 are determined by reference to quoted prices in active markets for identical assets and liabilities. Assets and liabilities in Level 2 include valuations using inputs other than quoted prices for which all significant outputs are observable, either directly or indirectly and are based on valuation models and techniques where the inputs are derived from quoted indices. Level 3 valuations are based on inputs that are unobservable and significant to the overall fair value measurement. There are no Level 3 valuations used in determination of fair values.

6. Loan to related parties

During the year and pursuant to the offering memorandum, the Trust has loaned monies on demand to the Operating Avi Parties at an interest rate of 8%, calculated quarterly and interest paid quarterly. As part of this agreement (Note 1), all administrative costs of the Trust are paid by Homes by Avi (Canada) Inc.

7. Notes payable

The Trust settled in May 2015 and June 2015 the redemption of certain units with a notes payable in accordance with the Declaration of Trust. These notes payable bear interest at 2.85% to 2.7% annually and mature May 2020 and July 2020 respectively. As at December 31, 2015, \$90 (2014 - \$Nil) was accrued as interest payable and included in Interest payable.

	2015	2014
	\$	\$
Advances from (to) related parties	392	(100)
Interest payable	90	-
Loan to related parties	2,207,148	-

9. Financial risk management (continued)

The Trust manages the credit exposure by monitoring the related party's ability to pay.

Liquidity risk

Liquidity risk is the risk that the Trust will not be able to meet its financial obligations as they are due. The Trust's approach to managing liquidity is to ensure it will have sufficient liquidity to meet its liabilities when due. The Trust's ongoing liquidity will be impacted by various external events and conditions.

The Trust has interest payable, advances from related parties and note payable totalling \$6,357 as financial liabilities at December 31, 2015 (2014 - \$Nil).

Market risk

Market risk is the risk that changes in market prices, such as interest rates, will affect the Trust's net income or the value of financial instruments. The objective of the Trust is to manage and mitigate market risk exposures within acceptable limits, while maximizing returns.

The Trust does not have any financial instruments subject to market risk at December 31, 2015 as interest on loans to related parties and notes payable are at a fixed rate (2014 - \$Nil).

Interest rate risk

Interest rate cash flow risk is the risk that future cash flows will fluctuate as a result of changes in market interest rates. Interest rate price risk is the risk that a financial instrument's fair value will fluctuate as a result of changes in market interest rates. As the Trust does not have any interest-bearing debt, the Trust is not exposed to interest rate cash flow or price risk.

The Trust had no interest rate swaps or financial contracts in place as at December 31, 2015 or during the period then ended (2014 - \$Nil).

Capital management

The Trust's capital management policy is to maintain a strong capital base that optimizes the Trust's ability to grow, maintain investor and creditor confidence and to provide a platform to create value for its unitholders. The Trust intends to maintain a flexible capital structure to maximize its ability to pursue additional investment opportunities, which considers the Trust's early stage of development and the requirement to sustain future development of the business.

The Trust will manage its capital structure and make changes to it in light of changes to economic conditions and the risk characteristics of the nature of the business. The Trust considers its capital structure to include unitholders' equity and working capital. In order to maintain or adjust the capital structure, the Trust may from time to time issue shares, seek debt financing and adjust its capital spending to manage its current and projected capital structure.

The Trust currently has no debt outstanding and monitors capital based on its current working capital, projected cash flow from operations and anticipated capital expenditures.

The Trust is not subject to externally imposed capital requirements.
